admission to or continued licensure in such profession or occupation; nor shall payment of money in lieu of such uncompensated service be required.

PART 2

BREAST TISSUE DENSITY NOTIFICATION

12-1.5-201. Mammography report - dense breast tissue - required notice. (1) Each person who is required by 42 U.S.C. sec. 263b to provide a patient, the patient's physician, or medical institution with a mammography report and who has determined that the patient has dense breast tissue, as determined by the interpreting physician based on breast imaging reporting and data system standards promulgated by the American college of radiology, shall include the following notice with the mammography report:

Your mammogram shows that your breast tissue is dense. Dense breast tissue is common and is not abnormal. However, dense breast tissue can make it harder to evaluate the results of your mammogram and may also be associated with an increased risk of breast cancer. This information about the results of your mammogram is given to you to raise your awareness and to inform your conversations with your doctor. Together, you can decide which screening options are right for you. A report of your results was sent to your physician.

(2) Notwithstanding any other law, this section does not create a cause of action or create a standard of care, obligation, or duty that provides a basis for a cause of action.

Because of the customary reliance by the public upon audited financial statements and upon financial information presented with the opinion or certificate of persons purporting to possess expert knowledge in accounting or auditing, it is

further declared to be in the interest of such citizens to limit and restrict, under the circumstances set forth in this article, the issuance of opinions or certificates relating to accounting or financial statements which utilize or contain wording indicating that the author has expert knowledge in accounting or auditing or which purport to express an independent auditor's opinion as to financial position, financial results of operations, changes in financial position, reliability of financial information, or compliance with conditions established by law or contract to persons so licensed or registered.

(2) It is declared that the state board of accountancy may invoke discipline proactively with regard to certified public accountants employed, serving clients, or doing business in Colorado when required for the protection of the public health, safety, and welfare of the citizens of this state.

(a) The partnership, corporation, or limited liability company shall be organized solely for the purpose of practicing accountancy and such other activities as may from time to time be specifically found by the board to be activities suitable and proper to be performed by certified public accountants only through or under the supervision of at least one person who holds a certificate to practice public accounting as a certified public accountant.

(b) Each partner who is personally engaged within this state in the practice of public accounting shall be a certified public accountant of this state in good standing, and each partner not personally engaged within this state in the practice of public accounting may, but need not, be a certified public accountant of some state in good standing. (c) All partners, shareholders of the corporation, or members of the limited liability company shall be jointly and severally liable for all acts, errors, and omissions of the employees of the partnership, corporation, or limited liability company except during periods of time when the partnership, corporation, or limited liability company maintains in good standing professional liability insurance, or designated or segregated moneys in lieu of such professional liability insurance, which meets the standards set forth in subparagraphs (I) to (V) of this paragraph (c):

(I) The insurance shall insure the partnership, corporation, or limited liability company against liability imposed upon the partnership, corporation, or limited liability company by law for damages resulting from any claim made against the partnership, corporation, or limited liability company arising out of acts, errors, and omissions committed in the performance of professional services for others by those employees of the partnership, corporation, or limited liability company who hold certificates to practice public accounting as certified public accountants.

(II) Such policies shall insure the partnership, corporation, or limited liability company against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all other employees.

(III) The insurance shall be in an amount for each claim of at least fifty thousand dollars multiplied by the number of certified public accountants employed by or members of the partnership, corporation, or limited liability company within this state, and the policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of certified public accountants employed by or members of the partnership, corporation, or limited liability company within this state; except that no firm shall be required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of one million dollars and except that the board, in the public interest, may adopt regulations increasing the minimum amounts of insurance coverage required by this subsection (3). A policy of insurance obtained in accordance with this subparagraph (III) may be issued on a claims-made or occurrence basis.

(IV) (A) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured partnership, corporation, or limited liability

company or any partner, stockholder, member, or employee thereof; the conduct of any business enterprise in which the insured partnership, corporation, or limited liability company under this article is not permitted to engage but which nevertheless may be owned by the insured partnership, corporation, or limited liability company or in which the insured partnership, corporation, or limited liability company may be a partner or which may be controlled, operated, or managed by the insured partnership, corporation, or limited liability company in its own or in a fiduciary capacity including the ownership, maintenance, or use of any property in connection therewith; and bodily injury to, or sickness, disease, or death of, any person, or to injury to or destruction of any tangible property, including the loss of use thereof.

(B) The policy may be of a type reasonably available in the commercial insurance market and may contain reasonable provisions with respect to policy periods, territory, claims, conditions, exclusions, and other usual matters.

(C) The policy may provide for a deductible, or self-insured retained amount, and may provide for the payment of defense or other costs out of the stated limits of the policy, in either or both cases, all partners, shareholders of the corporation, or members of the limited liability company shall be jointly and severally liable for all acts, errors, and omissions of the employees of the partnership, corporation, or limited liability company to the extent of the amount of such deductible or retained self-insurance, and the amount, if any, by which the payment of defense costs reduces the insurance remaining available for the payment of claims below the minimum limit of insurance required by this paragraph (c).

(V) A partnership, corporation, or limited liability company may maintain, in lieu of the insurance specified in subparagraph (III) of this paragraph (c), moneys specifically designated and segregated as security for the payment of liabilities imposed by law against the partnership, corporation, or limited liability company, or its partners, shareholders, or members, arising out of claims of the type specified in subparagraphs (I) and (II) of this paragraph (c), in the amount of at least fifty thousand dollars multiplied by the number of certified public accountants employed by or members of the partnership, corporation, or limited liability company within this state; except that such amount is not required to exceed one million dollars and except that the board, in the public interest, may adopt rules increasing the minimum amount of designated and segregated moneys required by this subparagraph (V). The partnership, corporation, or limited liability company remains in compliance with this section notwithstanding amounts paid from the designated or segregated moneys in any one calendar year in settling or discharging such claims, so long as the amount of the designated and segregated moneys is increased to at least the minimum required amount as of the first business day of the next calendar year. A partnership, corporation, or limited liability company is in compliance with this subparagraph (V) if it maintains moneys in the required amount in trust or in bank escrow in the form of cash, bank certificates of deposit, or United States treasury obligations, or maintains in effect bank unconditional, irrevocable letters of credit in the required amount or insurance or surety company bonds in the required amount. Such moneys or equivalency shall be maintained in or issued by a qualified United States financial institution as defined by section 10-1-102 (17), C.R.S.

(d) A partnership name shall be ended by words or abbreviations permitted pursuant to the law under which the partnership is organized. The corporate name shall be ended by the word "Corporation" or "Incorporated" or by the words "Professional Corporation" or by the abbreviations "Corp.", "Inc.", or "P.C.". The name of any limited liability company shall be

ended by the words "Limited Liability Company" or the abbreviation "LLC" or the word limited may be abbreviated as "Ltd.", and the word company may be abbreviated as "Co.". An assumed or trade name may be used if it is not misleading and clearly indicates that the firm is engaged in providing accounting services.

(3.5) No limited liability company, limited liability partnership, limited partnership, or limited liability limited partnership, or foreign limited partnership, limited liability partnership, or limited liability limited partnership engaged in the practice of public accounting in this state and in one or more other jurisdictions shall be required to include a provision in its articles of organization or organizing documents as otherwise required by subsection (3) of this section, but shall be subject, with respect to the practice of public accounting within this state, to the requirements of paragraphs (a), (b), (c), and (d) of subsection (3) of this section.

(3.7) Effective on the first renewal period established by the board after May 31, 2011, the board shall not renew the registration of a firm that issues attest or compilation reports unless the registered partnership, professional corporation, or limited liability company has undergone a peer review conducted according to rules promulgated by the board that meet the standards for performing and reporting on a peer review of the American institute of certified public accountants or an equivalent standard.

(4) The partnership, corporation, or limited liability company may exercise the powers and privileges conferred upon partnerships, corporations, and limited liability companies by the laws of Colorado in furtherance of and subject to its partnership, corporate, or limited liability company purposes and may invest its funds in a manner not incompatible with the practice of public accounting as certified public accountants. Any stock purchased by the corporation, or membership interest purchased by the limited liability company or partnership interest purchased by the partnership may be made out of capital as well as surplus without regard to the impairment of the partnership capital, corporation capital, or limited liability company capital.

(5) The partnership, corporation, or limited liability company shall do nothing in this state which, if done by a person who holds a certificate as a certified public accountant within this state and employed by it, would violate the provisions of this article. Any violation by the partnership, corporation, or limited liability company of this article shall be grounds for the board to deny, revoke, suspend, or refuse to renew its registration, or the board may fine, issue a confidential letter of concern to, issue a letter of admonition to, or place on probation the registrant.

(6) Nothing in this section shall diminish or change the obligation of each person who holds a certificate of certified public accountant employed by the partnership, corporation, or limited liability company within this state to conduct such person's practice in accordance with the provisions of this article. Any person who holds a certificate to practice public accounting as a certified public accountant who, by act or omission, causes the partnership, corporation, or limited liability company to act or fail to act in a way which violates this article is personally responsible for such act or omission and subject to discipline therefor.

(7) Foreign partnerships, corporations, limited partnerships, limited liability limited partnerships, or limited liability companies may engage in the practice of public accounting in this state as certified public accountants so long as their organizing documents, articles of incorporation, or articles of organization provide that such partnership, corporation, limited partnership, limited liability limited partnership, or limited liability company is organized solely for the purpose of practicing accountancy and such other activities as may from time to time be

specifically found by the board to be activities suitable and proper to be performed by certified public accountants and comply with and meet the requirements of subsection (3) of this section.

(8) Except as provided in this section, partnerships, professional corporations, and limited liability companies shall not practice public accounting as certified public accountants.

(9) Nothing in this section shall modify the accountant-client privilege specified in section 13-90-107 (1)(f), C.R.S.

(10) When any law of this state or any rule or regulation of any agency or other authority established under the constitution or laws of this state requires or authorizes any audit, financial report, or statement to be made, approved, or certified by a certified public accountant, such audit, report, or statement may be made, approved, or certified by a partnership, professional corporation, or limited liability company registered in this state.

Failure to obey the order of the court may be punished by the court as a contempt of court.

(b) (I) Complaints of record that are dismissed by the board and the results of investigation of such complaints shall be closed to public inspection.

(II) Upon completing an investigation, the board shall make one of the following findings:

(A) The complaint is without merit and no further action need be taken.

(B) There is no reasonable cause to warrant further action.

(C) The investigation discloses an instance of conduct that does not warrant formal action and should be dismissed, but the investigation discloses indications of possible errant conduct that could lead to serious consequences if not corrected. If this finding is made, the board shall send a confidential letter of concern to the licensee or registrant.

(D) The investigation discloses an instance of conduct that does not warrant formal action but should not be dismissed as being without merit. If this finding is made, the board may send a letter of admonition to the licensee or registrant by certified mail.

(E) The investigation discloses facts that warrant further proceedings by formal complaint. If this finding is made, the board shall refer the complaint to the attorney general for preparation and filing of a formal complaint.

(III) (A) When a letter of admonition is sent to a licensee or registrant, the board shall include in the letter a notice that the licensee or registrant has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(B) If the request for adjudication is timely made, the letter of admonition is vacated and the board shall proceed by means of formal disciplinary proceedings.

(IV) The board shall conduct all proceedings pursuant to this subsection (1) expeditiously and informally so that no licensee or registrant is subjected to unfair and unjust charges and that no complainant is deprived of the right to a timely, fair, and proper investigation of a complaint.

(c) Complaints of record that are not dismissed by the board and are the results of investigations of such complaints shall be closed to public inspection and any meeting concerning such complaints shall be closed to the public during the investigatory period and until a stipulated agreement is reached between the applicant or certificate holder and the board or until notice of hearing and charges are filed and served on an applicant or certificate holder. Except for confidential books of account, financial records, advice, reports, or working papers provided by the client, the certified public accountant, or the certified public accounting firm, the board's records and papers shall be subject to the provisions of sections 24-72-203 and 24-72-204, C.R.S., regarding public records and confidentiality.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a certificate holder or registered firm is acting in a manner that is an imminent threat to the health, safety, and welfare of the public or a person is acting or has acted without the required certificate or registration, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or uncertified or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (2), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(3) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or uncertified practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (3) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (3) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (3). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (3) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (3) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required certificate or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or uncertified practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (3), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(4) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any uncertified act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(5) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(6) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-2-127.

(7) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

All proceedings related to such orders are governed by the Colorado rules of civil procedure.

(3) (a) The director or an administrative law judge has the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director pursuant to this article. - (3) A person whose license to practice as a hearing aid provider or apprentice under this article is revoked, or who surrenders his or her license to avoid discipline, is ineligible to apply for any new license under this article for two years after the date of revocation or surrender of his or her license.
- (4) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but that should not be dismissed as being without merit, the director may issue and send a letter of admonition to the licensee.
- (b) (I) When the director sends a letter of admonition to a licensee pursuant to paragraph (a) of this subsection (4), the director shall also advise the licensee that he or she has the right to request in writing, within twenty days after service of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based.

- (5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, should be dismissed, but the director has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, the director may send the licensee a confidential letter of concern.
- (6) The director shall not enforce any provisions of this article or rules promulgated pursuant to this article that are held unconstitutional, invalid, or inconsistent with federal laws or regulations, including rules promulgated by the United States food and drug administration.

(1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is a threat to the health and safety of the public, or a person is acting or has acted without the required license, the director may issue an order to cease and desist the activity. The order must set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, the specific harm that threatens the health and safety of the public, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The hearing must be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or practice.

(b) The director shall promptly notify the person of the issuance of the order and shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom the order is issued. Personal service or proof of receipt of mailing of an order or document pursuant to this paragraph (b) constitutes notice to the person of the existence and contents of the order or document.

(c) (I) The director must commence the hearing on an order to show cause no sooner than ten, and no later than forty-five, calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (2). The director may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event may the director commence the hearing later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and any other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The conduct of the hearing is governed by sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article or rules adopted under this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and constitutes a final order for purposes of judicial review.

(3) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

(a) An unlicensed act or practice;

(b) An act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or

(c) An act or practice constituting grounds for administrative sanction pursuant to this article.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

ARTICLE 6

Automobiles

PART 1

AUTOMOBILE DEALERS

Editor's note: This part 1 was numbered as article 11 of chapter 13, C.R.S. 1963. The provisions of this part 1 were repealed and reenacted in 1971, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 1 prior to 1971, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

12-6-101. Legislative declaration. (1) The general assembly hereby declares that:

(a) The sale and distribution of motor vehicles affects the public interest and a significant factor of inducement in making a sale of a motor vehicle is the trust and confidence of the purchaser in the retail dealer from whom the purchase is made and the expectancy that such dealer will remain in business to provide service for the motor vehicle purchased;

(b) Proper motor vehicle service is important to highway safety and the manufacturers and distributors of motor vehicles have an obligation to the public not to terminate or refuse to continue their franchise agreements with retail dealers unless the manufacturer or distributor has first established good cause for termination or noncontinuance of any such agreement, to the end that there shall be no diminution of locally available service;

(c) The licensing and supervision of motor vehicle dealers by the motor vehicle dealer board are necessary for the protection of consumers and therefore the sale of motor vehicles by unlicensed dealers or salespersons, or by licensed dealers or salespersons who have demonstrated unfitness, should be prevented;

(d) Consumer education concerning the rules and regulations of the motor vehicle industry, the considerations when purchasing a motor vehicle, and the role, functions, and actions of the motor vehicle dealer board are necessary for the protection of the public and for maintaining the trust and confidence of the public in the motor vehicle dealer board; and

(e) Subject to the United States constitution and the Colorado constitution, this article applies to each sales, service, and parts agreement in effect, regardless of when the agreement was adopted.

The sale or lease of three or more new or new and used motor vehicles or the offering for sale or lease of more than three new or new and used motor vehicles at the same address or telephone number in any one calendar year is prima facie evidence that a person is engaged in the business

of selling or leasing new or new and used motor vehicles. "Motor vehicle dealer" includes an owner of real property who allows more than three new or new and used motor vehicles to be offered for sale or lease on the property during one calendar year unless said property is leased to a licensed motor vehicle dealer. The members representing the public at large shall not have a present or past financial interest in a motor vehicle dealership. The board shall assume its duties July 1, 1992, and all terms of the board members shall commence on that date. The terms of office of the board members shall be three years. Any vacancies shall be filled by appointment for the unexpired term.

(2) All board members shall be appointed by the governor.

(3) Each board member shall be reimbursed for actual and necessary expenses incurred while engaged in the discharge of official duties.

12-6-104. Board - oath - meetings - powers and duties - rules. (1) Each member of the board, before entering on the discharge of such member's duties and within thirty days after the effective date of such member's appointment, shall subscribe an oath for the faithful performance of such member's duties before any officer authorized to administer oaths in this state and shall file the same with the secretary of state.

(2) The board shall annually in the month of July elect from the membership thereof a president, a first vice-president, and a second vice-president. The board shall meet at such times

as it deems necessary. A majority of the board shall constitute a quorum at any meeting or hearing.

(3) The board is authorized and empowered:

(a) To promulgate, amend, and repeal rules reasonably necessary to implement this part 1, including the administration, enforcement, issuance, and denial of licenses to motor vehicle dealers, motor vehicle salespersons, used motor vehicle dealers, wholesale motor vehicle auction dealers, and wholesalers, and the laws of the state of Colorado;

(a.5) To delegate to the board's executive secretary, employed pursuant to section 12-6-105 (2)(b), the authority to execute all actions within the power of the board, carry out the directives of the board, and make recommendations to the board on all matters within the authority of the board;

(a.7) To issue through the department of revenue a temporary license to any person applying for any license issued by the board. The temporary license shall permit the applicant to operate for a period not to exceed one hundred twenty days while the board is completing its investigation and determination of all facts relative to the qualifications of the applicant for such license. A temporary license is terminated when the applicant's license is issued or denied.

(b) and (c) (Deleted by amendment, L. 92, p. 1842, § 4, effective July 1, 1992.)

(d) (I) To issue through the department of revenue and, for reasonable cause shown or upon satisfactory proof of the unfitness of the applicant under standards established and set forth in this part 1, to refuse to issue to any applicant any license the board is authorized to issue by this part 1;

(II) To permit the executive director or the director to issue licenses pursuant to rules adopted by the board pursuant to subsection (3)(a) of this section;

(e) (I) After due notice and a hearing, to review the findings of an administrative law judge or a hearing officer from a hearing conducted pursuant to this part 1 to revoke and suspend or to order the director to issue or to reinstate, on such terms and conditions and for such period of time as to the board appear fair and just, any license issued under this part 1. The board may direct a letter of admonition for minor violations or may issue a letter of reprimand to any licensee for a violation of this part 1. A letter of admonition does not become a part of the licensee's record with the board. A letter of reprimand is a part of the licensee's record with the board for a period of two years after issuance and may be considered in aggravation of any subsequent violation by the licensee. When a letter of reprimand is sent to a licensee of the board, the licensee shall be notified in writing regarding the right to request in writing, within twenty days after receipt of such letter, that formal disciplinary proceedings be initiated against the licensee to adjudicate the propriety of the conduct upon which the letter of reprimand is based. If a request is made within the twenty-day period, the letter of reprimand is deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(II) The findings of the board pursuant to subparagraph (I) of this paragraph (e) shall be final.

(f) (I) To investigate through the director, on its own motion or upon the written and signed complaint of any person, any suspected or alleged violation by a motor vehicle dealer, motor vehicle salesperson, used motor vehicle dealer, wholesale motor vehicle auction dealer, or wholesaler of any of the terms and provisions of this part 1 or of any rule promulgated by the board under the authority conferred upon it in this section. The board shall order an investigation of all written and signed complaints, may issue subpoenas, and may delegate the authority to

issue subpoenas to the director, and the director shall make an investigation of all complaints transmitted by the board pursuant to section 12-6-105 (3). The board may seek to resolve disputes before beginning an investigation or hearing through its own action or by direction to the director.

(II) After an investigation by the director or the director's designee, if the board determines that there is probable cause to believe a violation of this article 6 has occurred, it may order that an administrative hearing be held pursuant to section 24-4-105.

(f.5) To summarily issue cease-and-desist orders on such terms and conditions and for such period of time as to the board appears fair and just to any person who is licensed by the board pursuant to this part 1 if such orders are followed by notice and a hearing pursuant to section 12-6-119;

(g) To prescribe the forms to be used for applications for motor vehicle dealers', motor vehicle salespersons', used motor vehicle dealers', wholesale motor vehicle auction dealers', and wholesalers' licenses to be issued and to require of such applicants, as a condition precedent to the issuance of such licenses, such information concerning their fitness to be licensed under this part 1 as it may consider necessary. Every application for a motor vehicle dealer's license or used motor vehicle dealer's license shall contain, in addition to such information as the board may require, a statement of the following facts:

(I) The name and residence address of the applicant and the trade name, if any, under which such applicant intends to conduct such applicant's business and, if the applicant is a copartnership, the name and residence address of each member thereof, whether a limited or general partner, and the name under which the partnership business is to be conducted and, if the applicant is a corporation, the name of the corporation and the name and address of each of its principal officers and directors;

motor vehicle auction conducted by that licensee. A wholesale motor vehicle auction dealer shall abide by all laws and rules of the state of Colorado.

(II) A wholesale motor vehicle auction dealer shall maintain a check and title insurance policy for the benefit of such dealer's customers or, alternatively, a wholesale motor vehicle auction dealer shall provide written guarantees of title to such dealer's purchasing customers and written guarantees of payment to such dealer's selling dealers with coverage and exclusions that are customary in check and title insurance policies available to wholesale motor vehicle auction dealers.

12-6-108.5. Temporary motor vehicle dealer license. (1) (a) If a licensed motor vehicle dealer has entered into a written agreement to sell a dealership to a purchaser and the purchaser has been awarded a new dealership franchise, the board may issue a temporary motor vehicle dealer's license to the purchaser or prospective purchaser. The director shall issue the temporary license only after the board has received the applications for both a temporary motor vehicle dealer's license and a motor vehicle dealer's license, the appropriate application fee for the motor vehicle dealer's application, evidence of a passing test score, and evidence that the franchise has been awarded to the applicant by the manufacturer.

(b) A temporary motor vehicle dealer's license authorizes the licensee to act as a motor vehicle dealer. Temporary licensees are subject to this article 6 and to all applicable rules adopted by the executive director or the board. A temporary motor vehicle dealer's license is effective for up to sixty days or until the board acts on the licensee's application for a motor vehicle dealer's license, whichever is sooner.

(2) For the purpose of enabling an out-of-state dealer to sell vehicles on a temporary basis during specifically identified events, the director may issue, upon direction by the board, a

12-6-109. Display, form, custody, and use of licenses. (1) The board and the executive director shall prescribe the form of the license to be issued by the executive director and shall imprint on each license the seal of their offices. - (b) Manufacturer's license;
- (c) Distributor's license;

- (i) Buyer agent's license;
- (j) Wholesale motor vehicle auction dealer's license.

(2) All fees shall be paid to the state treasurer, who shall credit the fees to the auto dealers license fund created in section 12-6-123.

(2.5) If an application for a buyer agent's, motor vehicle dealer's, used motor vehicle dealer's, wholesaler's, or motor vehicle salesperson's license is withdrawn by the applicant prior to issuance of the license, the director shall refund one-half of the license fee.

(3) (a) Such licenses, if the same have not been suspended or revoked as provided in this part 1, shall be valid until one year following the month of issuance thereof and shall then expire; except that any license issued under this part 1 shall expire upon the voluntary surrender thereof or upon the abandonment of the licensee's place of business for a period of more than thirty days.

(b) Thirty days before the expiration of a license, the director shall mail to the licensee's business address of record a notice stating when the person's license is due to expire and the fee necessary to renew the license. For a salesperson or manufacturer representative, the notice shall be mailed to the address of the dealer or manufacturer where the person is licensed.

(c) Upon the expiration of such license, unless suspended or revoked, the same may be renewed upon the payment of the fees specified in this section, which shall accompany applications, and such renewal shall be made from year to year as a matter of right; except that, if a motor vehicle dealer, used motor vehicle dealer, or wholesaler voluntarily surrenders its license or abandons its place of business for a period of more than thirty days, the licensee is required to file a new application to renew its license.

(d) Repealed.

(e) Notwithstanding paragraph (a) of this subsection (3), a person has a thirty-day grace period after his or her license expires, and the person may renew the license within such thirty days pursuant to paragraph (c) of this subsection (3), so long as the person has a bond in full force and effect that complies with the applicable bonding requirements of section 12-6-111, 12-6-112, or 12-6-112.2 during such thirty-day period. (5) (a) The board shall propose, as part of its annual budget request, an adjustment in the amount of each fee which the board is authorized by law to collect. The budget request and the adjusted fees for the board shall reflect direct and indirect costs.

(b) Based upon the appropriation made and subject to the approval of the executive director, the board shall adjust the fees collected by the executive director so that the revenue generated from said fees covers the direct and indirect costs of administering this article. Such fees shall remain in effect for the fiscal year for which the appropriation is made.

(c) Whenever moneys appropriated to the board for its activities for the prior fiscal year are unexpended, said moneys shall be made a part of the appropriation to the board for the next fiscal year, and such amount shall not be raised from fees collected by the board or the executive director. If a supplemental appropriation is made to the board for its activities, the fees of the board and the executive director, when adjusted for the fiscal year next following that in which the supplemental appropriation was made, shall be adjusted by an additional amount which is sufficient to compensate for such supplemental appropriation. Nothing in this part 1 shall be construed to prevent a motor vehicle dealer or used motor vehicle dealer from conducting the business for which such dealer is licensed at one or more sites or locations not contiguous to such dealer's principal place of business but operated and maintained in conjunction therewith.

(2) (a) If a motor vehicle dealer changes to a new line-make of motor vehicles, adds another franchise for the sale of new motor vehicles, or cancels or, for any cause whatever, otherwise loses a franchise for the sale of new motor vehicles, the dealer shall immediately so notify the board. (b) If the motor vehicle dealer no longer possesses a franchise to sell new motor vehicles, the board shall take up, and the motor vehicle dealer shall deliver to the board, the dealer's license, and the board shall direct the director to issue the dealer a used motor vehicle dealer's license.

(c) Upon the cancellation or loss of a franchise to sell new motor vehicles and the relicensing of a dealer as a used motor vehicle dealer, the dealer may continue in the business of a motor vehicle dealer for a time, not exceeding six months after the date of the relicensing of the dealer, to enable the dealer to dispose of the stock of new motor vehicles on hand at the time of relicensing, but not otherwise.

(3) If a motor vehicle salesperson is discharged, leaves an employer, or changes a place of employment, the motor vehicle dealer or used motor vehicle dealer who last employed the salesperson shall confiscate and return such salesperson's license to the board. Upon being reemployed as a motor vehicle salesperson, the motor vehicle salesperson shall notify the board. (II) A licensed corporation, limited liability company, limited liability partnership, or other business entity shall notify the board within ten days after a transfer, other than a sale, of any ownership that results in a new person holding an interest in the business entity. To continue to hold ownership in the business, the transferee shall apply to the board for approval to continue holding an ownership interest in the business entity.

(b) To be approved by the board to hold an ownership interest in a licensed business entity, the new owner must demonstrate the qualifications necessary for licensing, including a fingerprint-based criminal history record check, in accordance with this part 1.

(c) (I) If the board does not approve a person to hold an ownership interest in a licensed business entity, the person shall transfer the interest within six months after acquiring the ownership interest.

(II) A duly authenticated invoice, buyer's order, or other customary, written sales or purchase document or instrument proven to be signed by the defendant and indicating the defendant's role in the purchase or sale of a motor vehicle at any motor vehicle auction, wholesale motor vehicle sales location, or retail motor vehicle sales location, as applicable, shall constitute prima facie evidence of the defendant's exercise of a privilege of licensure;

(III) It shall be an affirmative defense that the defendant bought or sold a motor vehicle that was, at all relevant times, intended for the defendant's own use and not bought or sold for the purpose of profit or gain; and

(IV) The fact that the defendant has a motor vehicle dealer's, used motor vehicle dealer's, motor vehicle wholesaler's, or motor vehicle salesperson's license, or any other license to buy and sell motor vehicles, that is issued by a state or jurisdiction other than Colorado shall not constitute a defense.

(a) To willfully fail to perform or cause to be performed any written warranties made with respect to any motor vehicle or parts thereof;

(b) To coerce or attempt to coerce any motor vehicle dealer to perform or allow to be performed any act that could be financially detrimental to the dealer or that would impair the dealer's goodwill or to enter into any agreement with a manufacturer or distributor that would be financially detrimental to the dealer or impair the dealer's goodwill, by threatening to cancel or not renew any franchise between a manufacturer or distributor and said dealer;

(c) To coerce or attempt to coerce any motor vehicle dealer to accept delivery of any motor vehicle, parts or accessories therefor, or any commodities or services which have not been ordered by said dealer;

(d) (I) To cancel or cause to be canceled, directly or indirectly, without just cause, the franchise of any motor vehicle dealer, and the nonrenewal of a franchise or selling agreement without just cause is a violation of this paragraph (d) and shall constitute an unfair cancellation.

(II) As used in this paragraph (d), "just cause" shall be determined in the context of all circumstances surrounding the cancellation or nonrenewal, including but not limited to:

(A) The amount of business transacted by the motor vehicle dealer;

(B) The investments necessarily made and obligations incurred by the motor vehicle dealer, including but not limited to goodwill, in the performance of its duties under the franchise agreement, together with the duration and permanency of such investments and obligations;

(C) The potential for harm to consumers as a result of disruption of the business of the motor vehicle dealer;

(D) The motor vehicle dealer's failure to provide adequate service of facilities, equipment, parts, and qualified service personnel;

(E) The motor vehicle dealer's failure to perform warranty work on behalf of the manufacturer, subject to reimbursement by the manufacturer; and

(F) The motor vehicle dealer's failure to substantially comply, in good faith, with requirements of the franchise that are determined to be reasonable and material.

(III) The following conduct by a motor vehicle dealer shall constitute just cause for termination without consideration of other factors:

(A) Conviction of, or a plea of guilty or nolo contendere to, a felony;

(B) A continuing pattern of fraudulent conduct against the manufacturer or consumers;

or

(C) Continuing failure to operate for ten days or longer.

(e) To withhold, reduce, or delay unreasonably or without just cause delivery of motor vehicles, motor vehicle parts and accessories, commodities, or moneys due motor vehicle dealers for warranty work done by any motor vehicle dealer;

(II) To fail to confirm within twenty days after receipt of all documents and information listed in subparagraph (I) of this paragraph (i) that such documentation and information has been received;

(III) To refuse to approve, unreasonably, the sale or transfer of the ownership of a dealership by sale of the business or by stock transfer within sixty days after the manufacturer has received all documents and information necessary to approve the sale or transfer of ownership, or to refuse to approve, unreasonably, the change in executive management of the dealership within sixty days after the manufacturer has received all information necessary to approve the change in management; except that nothing in this part 1 shall authorize the sale, transfer, or assignment of a franchise or a change of the principal operator without the approval of the manufacturer or distributor unless the manufacturer or distributor fails to send notice of the disapproval within sixty days after receiving all documents and information necessary to approve the sale or transfer of ownership; or

(IV) To condition the sale, transfer, relocation, or renewal of a franchise agreement, or to condition sales, services, parts, or finance incentives, upon site control or an agreement to renovate or make improvements to a facility; except that voluntary acceptance of such conditions by the dealer shall not constitute a violation;

(II) To require a dealer to pay an unreasonable fee, purchase unreasonable advertising displays or other materials, or comply with unreasonable training or facilities requirements as a prerequisite to receiving any particular model of that same line-make. For purposes of this subparagraph (II), reasonableness shall be judged based on the circumstances of the individual dealer and the conditions of the market served by the dealer.

(III) This paragraph (j) shall not apply to manufacturers of recreational vehicles nor to manufacturers of vehicles with a passenger capacity of thirty-two or more.

(k) To require, coerce, or attempt to coerce any motor vehicle dealer to refrain from participation in the management of, investment in, or acquisition of any other line-make of new motor vehicles or related products; except that this paragraph (k) shall not apply unless the motor vehicle dealer:

(I) Maintains a reasonable line of credit for each make or line of new motor vehicle;

(II) Remains in compliance with reasonable capital standards and reasonable facilities requirements specified by the manufacturer; except that "reasonable facilities requirements" shall not include a requirement that a motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space; and

(C) The fair market value of each undamaged sign owned by the motor vehicle dealer and bearing a common name, trade name, or trademark of the manufacturer if acquisition of such sign was required by the manufacturer;

(D) The fair market value of all special tools and equipment that were acquired from the manufacturer or from sources approved and required by the manufacturer and that are in good and usable condition, excluding normal wear and tear; and

(E) The cost of transporting, handling, packing, and loading the motor vehicles, supplies, parts, accessories, signs, special tools, equipment, and furnishings described in this paragraph (l).

(II) This paragraph (l) shall only apply to manufacturers of recreational vehicles in cases where the manufacturer terminates, cancels, or fails to renew the recreational vehicle dealer franchise; and this paragraph (l) shall not apply to manufacturers of vehicles with a passenger capacity of thirty-two or more.

(m) To require, coerce, or attempt to coerce any motor vehicle dealer to close or change the location of the motor vehicle dealer, or to make any substantial alterations to the dealer premises or facilities when doing so would be unreasonable or without written assurance of a

sufficient supply of motor vehicles so as to justify such changes, in light of the current market and economic conditions;

(n) (I) To authorize or permit a person to perform warranty service repairs on motor vehicles unless the person is:

(A) A motor vehicle dealer with whom the manufacturer has entered into a franchise agreement for the sale and service of the manufacturer's motor vehicles; or

(B) A person or government entity that has purchased new motor vehicles pursuant to a manufacturer's fleet discount program and is performing the warranty service repairs only on vehicles owned by such person or entity.

(II) This paragraph (n) shall not apply to manufacturers of recreational vehicles nor to manufacturers of vehicles with a passenger capacity of thirty-two or more.

(o) To require, coerce, or attempt to coerce any motor vehicle dealer to prospectively agree to a release, assignment, novation, waiver, or estoppel that would relieve any person of a duty or liability imposed under this article except in settlement of a bona fide dispute;

(p) To discriminate between or refuse to offer to its same line-make franchised dealers all models manufactured for that line-make based upon unreasonable sales and service standards;

(q) To fail to make practically available any incentive, rebate, bonus, or other similar benefit to a motor vehicle dealer that is offered to another motor vehicle dealer of the same line-make within this state;

(r) To fail to pay to a motor vehicle dealer:

(I) Within ninety days after the termination, cancellation, or nonrenewal of a franchise for the failure of a dealer to meet performance sales and service obligations or after the termination, elimination, or cessation of a line-make, the cost of the lease for the facilities used for the franchise or line-make for the unexpired term of the lease, not to exceed one year; except that:

(A) If the motor vehicle dealer owns the facilities, the value of renting such facilities for one year, prorated for each line-make based upon total sales volume for the previous twelve months before the involuntary termination;

(B) If the dealer sells recreational vehicles and a subsequent manufacturer or distributor that manufactures or distributes recreational vehicles replaces any portion of the vacated facilities, the lease or rental value shall be prorated on a monthly basis unless the dealer sells motor vehicles that are not recreational vehicles;

(C) Nothing in this subparagraph (I) shall be construed to limit the application of paragraph (d) of this subsection (1);

(II) Within ninety days after the termination, elimination, or cessation of a line-make or the termination of a franchise due to the insolvency of the manufacturer or distributor, the fair market value of the motor vehicle dealer's goodwill for the line-make as of the date the manufacturer or distributor announces the action that results in the termination, elimination, or cessation, not including any amounts paid under sub-subparagraphs (A) to (E) of subparagraph (I) of paragraph (I) of this subsection (1);

(s) To condition a franchise agreement on improvements to a facility unless reasonably required by the technology of a motor vehicle being sold at the facility;

(u) To charge back, deny motor vehicle allocation, withhold payments, or take other actions against a motor vehicle dealer if a motor vehicle sold by the motor vehicle dealer is exported from Colorado unless the manufacturer, distributor, or manufacturer representative proves that the motor vehicle dealer knew or reasonably should have known a motor vehicle was intended to be exported, which shall operate as a rebuttable presumption that the motor vehicle dealer did not have such knowledge;

(v) Within ninety days after the termination, elimination, or cessation of a line-make or the termination, cancellation, or nonrenewal of a franchise by the manufacturer, distributor, or manufacturer representative, for any reason other than that the motor vehicle dealer commits fraud, makes a misrepresentation, or commits any other crime within the scope of the franchise agreement or in the operation of the dealership, to fail to reimburse a motor vehicle dealer for the cost depreciated by five percent per year of any upgrades or alterations to the motor vehicle dealer's facilities required by the manufacturer, distributor, or manufacturer representative within the previous five years;

(w) To fail to notify a motor vehicle dealer at least ninety days before the following and to provide the specific reasons for the following:

(I) Directly or indirectly terminating, cancelling, or not renewing a franchise agreement;

or

(II) Modifying, replacing, or attempting to modify or replace the franchise or selling agreement of a motor vehicle dealer, including a change in the dealer's geographic area upon which sales or service performance is measured, if the modification would substantially and adversely alter the rights or obligations of the dealer under the current franchise or selling agreement or would substantially impair the sales or service obligations or the dealer's investment; and

(x) To require, coerce, or attempt to coerce a motor vehicle dealer to substantially alter a facility or premises if:

(I) The facility or premises has been altered within the last ten years at a cost of more than two hundred fifty thousand dollars and the alteration was required and approved by the manufacturer, distributor, or manufacturer representative unless subsection (1)(x)(II) of this section applies to the dealer; except that this subsection (1)(x) does not apply to improvements made to comply with health or safety laws, to improvements made to accommodate the technology requirements necessary to sell or service a line-make, to technological improvements related to electric, automated, compressed natural gas, and fuel-cell motor vehicles, or to improvements made to install or upgrade electric vehicle charging equipment; or

(II) The motor vehicle dealer sells only motorcycles or powersports vehicles, the facility or premises has been altered within the last ten years at a cost of more than twenty-five thousand dollars, and the alteration was required and approved by the manufacturer, distributor, or manufacturer representative; except that this subsection (1)(x) does not apply to improvements made to comply with health or safety laws, to improvements made to accommodate the technology requirements necessary to sell or service a line-make, to technological improvements related to electric, automated, compressed natural gas, and fuel-cell motor motorcycles and powersports vehicles, or to improvements made to install or upgrade electric vehicle charging equipment.

(y) (I) To sell or offer to sell new motor vehicles to a franchised motor vehicle dealer with whom the manufacturer has a franchise agreement at a lower actual price than the actual

price offered to any other motor vehicle dealer with whom the manufacturer has a franchise agreement for the same motor vehicle similarly equipped; except that this subsection (1)(y) does not apply to:

(A) Resale to any government;

(B) Donation or use by the dealer in a driver education program; or

(C) A price change made in the ordinary course of business if made available to all motor vehicle dealers when the price changes.

(1) No manufacturer shall establish an additional motor vehicle dealer, reopen a previously existing motor vehicle dealer, or authorize an existing motor vehicle dealer to relocate without first providing at least sixty days' notice to all of its franchised dealers within whose relevant market area the new, reopened, or relocated dealer would be located. The notice must state:

(b) The date on or after which the manufacturer intends to be engaged in business with the additional, reopened, or relocated motor vehicle dealer at the proposed location; and

(II) The existing dealer or dealers of the same line-make show that, during any twelve-month period of the thirty-six months preceding the receipt of the notice required in subsection (1) of this section, the dealer or dealers, or a dealer's predecessor, made at least twenty-five percent of the dealer's retail sales of new motor vehicles to persons whose addresses are located within ten miles of the location of the proposed relocated, reopened, or additional dealership.

(b) The executive director shall refer a complaint filed under this section to an administrative law judge with the office of administrative courts for final agency action.

12-6-129. Site control extinguishes. If a manufacturer, distributor, or manufacturer representative has terminated, eliminated, or not renewed a franchise agreement containing a site control provision, the motor vehicle dealer may void a site control provision of a franchise agreement by returning any money the dealer has accepted in exchange for site control prorated by the time remaining before the agreement expires over the time period between the agreement being signed and the agreement expiring. This section does not apply if the termination, elimination, or nonrenewal is for just cause in accordance with section 12-6-120 (1)(d).

12-6-131. Termination appeal. (1) A motor vehicle dealer who has reason to believe that a manufacturer, distributor, or manufacturer representative has violated section 12-6-120 (1)(d) or (1)(w) may appeal to the board by filing a complaint with:

(a) The executive director; or
(b) A district court if neither the executive director nor the administrative law judge, appointed in accordance with this section, holds a hearing concerning the complaint within sixty days after the complaint was filed.

(2) Upon filing of a verified complaint alleging with specific facts that a violation has occurred under this section, the termination, elimination, modification, or nonrenewal of the franchise agreement is automatically stayed, without the motor vehicle dealer posting a bond, until a final determination is made on each issue raised in the complaint; except that the executive director, administrative law judge, or court may cancel the stay upon finding that the cancellation, termination, or nonrenewal of the franchise agreement was for any of the reasons specified in section 12-6-120 (1)(d)(III). The automatic stay maintains all rights under the franchise agreement until the final determination of the issues raised in the verified complaint. The manufacturer, distributor, or manufacturer representative shall not name a replacement motor vehicle dealer for the market or location until a final order is entered.

(3) If a verified complaint is filed with the executive director, the executive director shall refer the complaint to an administrative law judge with the office of administrative courts for final agency action.

(4) In resolving a termination complaint, the manufacturer, distributor, or manufacturer representative has the burden of proving any claim made that the factors listed in section 12-6-120 (1)(d)(II) apply to the termination, cancellation, or nonrenewal.

(5) The prevailing party in a claim that a termination, cancellation, or nonrenewal violates section 12-6-120 (1)(d) or (1)(w) is entitled to recover attorney fees and costs, including expert witness fees, incurred in the termination protest.

(3) If the conditions in subsection (2) of this section are met, the manufacturer or distributor shall, upon application by the motor vehicle dealer, pay or credit the dealer one and one-half percent per month of the average trade-in value of the used motor vehicle's model prorated from thirty days after the stop-sale directive was issued to the earlier of:

(a) The date when the manufacturer or distributor provides the motor vehicle dealer with a remedy procedure and any necessary parts for ordering to repair the used motor vehicle; or

(b) The date the motor vehicle dealer transfers the motor vehicle.

(4) A manufacturer or distributor may determine a reasonable manner and method required for a motor vehicle dealer to demonstrate the inventory status of a used motor vehicle to determine eligibility for reimbursement.

(5) (a) This section applies only to used motor vehicles.

(b) This section is not intended to prevent a manufacturer or distributor from requiring that a motor vehicle not be subject to an open recall or stop-sale directive for the motor vehicle to be qualified or sold as a certified preowned vehicle or substantially similar designation.

(c) This section does not require a manufacturer or distributor to provide total compensation to a motor vehicle dealer that would exceed the total average trade-in valuation of the affected used motor vehicle.

(d) This section does not preclude a motor vehicle dealer and a manufacturer or distributor from agreeing to reimbursement terms that differ from those specified in this section.

(e) Compensation provided to a motor vehicle dealer under this section is exclusive and may not be combined with any other remedy under state or federal law.

12-6-501. Legislative declaration. (1) The general assembly hereby declares that:

(a) The sale and distribution of powersports vehicles affects the public interest, and a significant factor of inducement in making a sale of a powersports vehicle is the trust and confidence of the purchaser in the dealer from whom the purchase is made and the expectancy that the dealer will remain in business to provide service for the vehicle;

(b) The proper sale and service of a powersports vehicle are important to consumer safety, and the manufacturers and distributors of powersports vehicles have an obligation to the public not to terminate or refuse to continue their franchise agreements with retail powersports vehicle dealers unless the powersports vehicle manufacturer or distributor has first established good cause for termination of any such agreement, to the end that there shall be no diminution of locally available service;

(c) The licensing and supervision of powersports vehicle dealers by the motor vehicle dealer board are necessary for the protection of consumers, and, therefore, the sale of powersports vehicles by unlicensed dealers or salespersons, or by licensed dealers or salespersons who have demonstrated unfitness, should be prevented; and

(d) Consumer education concerning the rules and regulations of the powersports vehicle industry, the considerations when purchasing a powersports vehicle, and the role, functions, and actions of the motor vehicle dealer board are necessary for the protection of the public and for maintaining the trust and confidence of the public in the motor vehicle dealer board.

A person applying during the thirty-day grace period shall pay a late fee established pursuant to subsection (5) of this section.

(5) (a) The board shall propose, as part of its annual budget request, an adjustment in the amount of each fee that the board is authorized by law to collect. The budget request and the adjusted fees for the board shall reflect direct and indirect costs.

(b) Based upon any appropriation made and subject to the approval of the executive director, the board shall adjust the fees collected by the executive director so that the revenue generated from fees covers the direct and indirect costs of administering this part 5. Such fees shall remain in effect for the fiscal year for which the appropriation is made.

(c) In any year, if moneys appropriated by the general assembly to the board for its activities for the prior fiscal year are unexpended, the moneys shall be made a part of the appropriation to the board for the next fiscal year, and the amount shall not be raised from fees collected by the board or the executive director. fails to send notice of the disapproval within sixty days after receiving all documents and information necessary to approve the sale or transfer of ownership; or

(IV) To condition the sale, transfer, relocation, or renewal of a franchise agreement or to condition sales, services, parts, or finance incentives upon site control or an agreement to renovate or make improvements to a facility; except that voluntary acceptance of such conditions by the dealer shall not constitute a violation;

(k) To require, coerce, or attempt to coerce any powersports vehicle dealer to refrain from participation in the management of, investment in, or acquisition of another line-make of new powersports vehicles or related products; except that this paragraph (k) shall not apply unless the powersports vehicle dealer:

(I) A powersports vehicle dealer with whom the powersports vehicle manufacturer has entered into a franchise agreement for the sale and service of the manufacturer's powersports vehicles; or

(I) Within ninety days after the termination, cancellation, or nonrenewal of a franchise for the failure of a dealer to meet performance sales and service obligations or after the termination, elimination, or cessation of a line-make, the cost of the lease for the facilities used for the franchise or line-make for the unexpired term of the lease, not to exceed one year; except that:

(A) If the powersports vehicle dealer owns the facilities, the value of renting such facilities for one year, prorated for each line-make based upon total sales volume for the previous twelve months before the involuntary termination;

(B) Nothing in this subparagraph (I) shall be construed to limit the application of paragraph (d) of this subsection (1);

(II) Within ninety days after the termination, elimination, or cessation of a line-make or the termination of a franchise due to the insolvency of the manufacturer or distributor, the fair market value of the powersports vehicle dealer's goodwill for the line-make as of the date the manufacturer or distributor announces the action that results in the termination, elimination, or cessation, not including any amounts paid under subparagraphs (I) to (V) of paragraph (I) of this subsection (1);

(s) To condition a franchise agreement on improvements to a facility unless reasonably required by the technology of a powersports vehicle being sold at the facility;

(t) To charge back, deny powersports vehicle allocation, withhold payments, or take other actions against a powersports vehicle dealer if a powersports vehicle sold by the powersports vehicle dealer is exported from Colorado unless the manufacturer, distributor, or manufacturer representative proves that the powersports vehicle dealer knew or reasonably should have known a powersports vehicle was intended to be exported, which shall operate as a rebuttable presumption that the powersports vehicle dealer did not have such knowledge;

(u) Within ninety days after the termination, elimination, or cessation of a line-make or the termination, cancellation, or nonrenewal of a franchise by the manufacturer, distributor, or manufacturer representative, for any reason other than that the powersports vehicle dealer commits fraud, makes a misrepresentation, or commits any other crime within the scope of the franchise agreement or in the operation of the dealership, to fail to reimburse a powersports vehicle dealer for the cost depreciated by five percent per year of any upgrades or alterations to the powersports vehicle dealer's facilities required by the manufacturer, distributor, or manufacturer representative within the previous five years;

(w) To require, coerce, or attempt to coerce a powersports dealer to substantially alter a facility or premises if the facility or premises has been altered within the last ten years at a cost of more than twenty-five thousand dollars, and the alteration was required and approved by the manufacturer, distributor, or manufacturer representative; except that this subsection (1)(w) does not apply to improvements made to comply with health or safety laws or to accommodate the technology requirements necessary to sell or service a line-make;

(x) (I) To sell or offer to sell new powersports vehicles to a franchised motor vehicle dealer with whom the manufacturer has a franchise agreement at a lower actual price than the actual price offered to any other powersports vehicle dealer with whom the manufacturer has a franchise agreement for the same motor vehicle similarly equipped; except that this subsection (1)(x) does not apply to:

(A) Resale to any government;

(B) Donation or use by the dealer in a driver education course; or

(C) A price change made in the ordinary course of business if made available to all powersports vehicle dealers when the price changes.

(y) To require a powersports vehicle dealer to grant a manufacturer, distributor, or manufacturer representative the following or to enforce the following if the exercise of the contractual right would stop the transfer of the powersports vehicle dealer ownership from an owner to an immediate family member of the owner:

(I) A right of first refusal to purchase the powersports vehicle dealer; or

(II) An option to purchase the powersports vehicle dealer; and

(z) (I) To use an unreasonable, arbitrary, or unfair performance standard in determining a powersports vehicle dealer's compliance with a franchise agreement; or

(c) The designated successor meets the criteria generally applied by the powersports vehicle manufacturer in qualifying powersports vehicle dealers.

(2) A powersports vehicle manufacturer may refuse to honor the existing franchise agreement with the designated successor only for good cause. The powersports vehicle manufacturer may request in writing from a designated successor the personal and financial data that is reasonably necessary to determine whether the existing franchise agreement should be honored, and the designated successor shall supply the data promptly upon request.

(3) (a) If a powersports vehicle manufacturer believes that good cause exists for refusing to honor the requested succession, the powersports vehicle manufacturer shall send the designated successor, by certified or overnight mail, notice of its refusal to approve the succession within sixty days after the later of:

(I) Receipt of the notice of the designated successor's intent to succeed the powersports vehicle dealer in the ownership and operation of the dealer; or

(II) The receipt of the requested personal and financial data.

(b) Failure to serve the notice pursuant to paragraph (a) of this subsection (3) shall be considered approval of the designated successor, and the franchise agreement is considered amended to reflect the approval of the succession the day following the last day of the notice period specified in said paragraph (a).

(c) If the powersports vehicle manufacturer gives notice of refusal to approve the succession, the notice shall state the specific grounds for the refusal and shall state that the franchise agreement shall be discontinued not less than ninety days after the date the notice of refusal is served unless the proposed successor files an action in the district court to enjoin the action.

(4) This section shall not be construed to prohibit a powersports vehicle dealer from designating a person as the successor in advance, by written instrument filed with the powersports vehicle manufacturer. If the powersports vehicle dealer files the instrument, that instrument governs the succession rights to the management and operation of the dealer subject to the designated successor satisfying the powersports vehicle manufacturer's qualification requirements as described in this section.

(2) The powersports vehicle dealer shall have nine months after making a sale or providing service to submit warranty, sales, or incentive claims to the manufacturer, distributor, or manufacturer representative.

(3) Subsection (1) of this section shall not limit any action for fraud instituted in a court of competent jurisdiction.

(b) A district court if neither the executive director nor the administrative law judge, appointed in accordance with this section, holds a hearing concerning the complaint within sixty days after the complaint was filed.

(2) Upon filing a verified complaint alleging with specific facts that a violation has occurred under this section, the termination, elimination, modification, or nonrenewal of the franchise agreement is automatically stayed, without the motor vehicle dealer posting a bond, until a final determination is made on each issue raised in the complaint; except that the executive director, administrative law judge, or court may cancel the stay upon finding that the cancellation, termination, or nonrenewal of the franchise agreement was for any of the reasons specified in section 12-6-120 (1)(d)(III). The automatic stay maintains all rights under the franchise agreement until the final determination of the issues raised in the verified complaint. The manufacturer, distributor, or manufacturer representative shall not name a replacement motor vehicle dealer for the market or location until a final order is entered.

(3) If a verified complaint is filed with the executive director, the executive director shall refer the complaint to an administrative law judge with the office of administrative courts for final agency action.

(d) To supervise and regulate the industries of barbering, hairstyling, and cosmetology and the practices of estheticians and nail technicians of this state in accordance with this article, but nothing contained in this article shall be construed to abrogate the status, force, or operation of any provisions of any public health law of this state or any local health ordinance or regulation;

(e) To establish criteria for applicant eligibility for examination and to establish procedures for the registration of places of business;

(f) (I) To investigate upon his or her own initiative or upon receiving a complaint all suspected or alleged violations of this article, unless the director or his or her designee determines that a complaint or alleged violation is without merit, and to enter premises in which violations are alleged to have occurred during business hours.

The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed or unregistered practice.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unlicensed or unregistered act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

12-10-107.1. Grounds for discipline. (1) The director may deny, suspend, revoke, place on probation, or issue a letter of admonition against a license or an application for a license if the applicant or licensee:

(a) Violates any order of the commission or the director or any provision of this article or the rules established under this article;

(b) Fails to meet the requirements of this article or the rules of the commission;

(c) Is convicted of or has entered a plea of nolo contendere or guilty to a felony; except that the director shall be governed by the provisions of section 24-5-101, C.R.S., in considering such conviction or plea;

(e) Has incurred disciplinary action related to professional boxing in another jurisdiction. Evidence of disciplinary action is prima facie evidence for denial of a license or other disciplinary action if the violation would be grounds for disciplinary action in this state.

(f) Provides false information in any application or attempts to obtain a license by fraud, deception, misrepresentation, or concealment;

(g) Is guilty of conduct, or is incompetent or negligent in a manner, that:

(I) Is detrimental to a contest or exhibition of boxing, including unsportsmanlike conduct engaged in before, during, or after a contest or exhibition of boxing; or

(I) The complaint is without merit and no further action need be taken.

(II) There is no reasonable cause to warrant further action.

(III) The investigation discloses an instance of conduct that does not warrant formal action and should be dismissed, but the director notices indications of possible errant conduct that could lead to serious consequences if not corrected. If this finding is made, the director shall send a confidential letter of concern to the licensee.

(IV) The investigation discloses an instance of conduct that does not warrant formal action but should not be dismissed as being without merit. If this finding is made, the director may send a letter of admonition to the licensee by certified mail.

(V) The investigation discloses facts that warrant further proceedings by formal complaint. If this finding is made, the director shall refer the complaint to the attorney general for preparation and filing of a formal complaint.

(c) (I) The director shall send a letter of admonition by first-class mail to a licensee and shall include in the letter a notice that the licensee has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(II) If the request for adjudication is timely made, the letter of admonition is vacated and the director shall proceed by means of formal disciplinary proceedings.

(d) (Deleted by amendment, L. 2010, (HB 10-1245), ch. 131, p. 435, § 10, effective July 1, 2010.)

(e) The director shall conduct all proceedings pursuant to this subsection (2) expeditiously and informally so that no licensee is subjected to unfair and unjust charges and that no complainant is deprived of the right to a timely, fair, and proper investigation of a complaint.

(3) (a) The director or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director pursuant to this

article. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the commission or the director.

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(4) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(5) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the director may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (5), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(6) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) shall be promptly notified by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (6) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (6). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph

(b) of this subsection (6) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (6), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(7) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(8) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

12-23-104. Board powers and duties - rules. (1) (a) The board, annually in the month of July, shall elect from its membership a chair and vice-chair. The board shall meet at least annually and at such other times as it deems necessary.

(b) A majority of the board shall constitute a quorum for the transaction of all business.

(2) In addition to all other powers and duties conferred or imposed upon the board by this article, the board is authorized to:

(a) Adopt, and from time to time revise, such rules and regulations not inconsistent with the law as may be necessary to enable it to carry into effect the provisions of this article. In adopting such rules and regulations, the board shall be governed when appropriate by the standards in the most current edition of the national electrical code or by any modifications to such standards made by the board after a hearing is held pursuant to the provisions of article 4 of title 24, C.R.S. These standards are adopted as the minimum standards governing the planning, laying out, and installing or the making of additions, alterations, and repairs in the installation of wiring apparatus and equipment for electric light, heat, and power in this state. A copy of such code shall be kept in the office of the board and open to public inspection. Nothing contained in this section prohibits any city, town, county, city and county, or qualified state institution of higher education from making and enforcing any such standards that are more stringent than the minimum standards adopted by the board, and any city, town, county, city and county, or qualified state institution of higher education that adopts such more stringent standards shall furnish a copy thereof to the board. The standards adopted by the board shall be prima facie evidence of minimum approved methods of construction for safety to life and property. The affirmative vote of two-thirds of all appointed members of the board is required to set any standards that are different from those set forth in the national electrical code. If requested in writing, the board shall send a copy of newly adopted standards and rules and regulations to any interested party at least thirty days before the implementation and enforcement of such standards

(d) (I) Administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board.

(II) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the commission or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(e) Cause the prosecution and enjoinder, in any court of competent jurisdiction, of all persons violating this article and incur necessary expenses therefor. When seeking an injunction, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damages would result if an injunction is not granted.

(I) An inverter-based hydroelectric energy facility generating one hundred kilowatts or less, regardless of whether the facility is connected to utility or other distribution lines, an inspector shall inspect a hydroelectric energy installation in accordance with the minimum standards set forth in the edition of the National Electrical Code in effect on May 29, 2015; however, if a microhydro assembly manufactured for the purpose of generating electricity in a microhydro system uses an inverter that is listed and identified for interconnection service, the inspector shall deem the system's equipment compliant with section 705.4 of the edition of the National Electrical Code in effect on May 29, 2015. For purposes of this paragraph (f), a "microhydro system" means a hydroelectric generation system that generates one hundred kilowatts or less.

(II) An induction-based hydroelectric energy facility generating one hundred kilowatts or less, regardless of whether the facility is connected to utility or other distribution lines, the installation of a hydroelectric energy turbine, induction generator, and control panel shall be certified:

(A) To a listing standard by a field evaluation body or nationally recognized testing laboratory; or

(B) By a professional engineer, by means of signing and stamping documentation of the project, as required in a form and manner determined by the board, indicating that the

installation meets design criteria set forth in the Institute of Electrical and Electronics Engineers' (IEEE) standard for interconnecting distributed resources with electric power systems.

(f.3) Apply any hydroelectric energy provisions of an updated National Electrical Code, notwithstanding any provision in paragraph (f) to the contrary, if the National Electrical Code is updated to address hydroelectric energy specifically.

(f.5) Regulate a licensed master electrician, journeyman electrician, or residential wireman who, acting within his or her scope of competence, supervises a solar photovoltaic installation pursuant to section 40-2-128, C.R.S.;

(g) Review and approve or disapprove requests for exceptions to the national electrical code in unique construction situations where a strict interpretation of the code would result in unreasonable operational conditions or unreasonable economic burdens, as long as public safety is not compromised;

(h) Conduct hearings in accordance with the provisions of section 24-4-105, C.R.S.; except that the board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct such hearings;

(i) Repealed.

(j) Enter into reciprocal licensing agreements with the electrical board, or its equivalent, of another state or states where the qualifications for electrical licensing are substantially equivalent to licensure requirements in Colorado;

(k) Find, upon holding a hearing, that an incorporated town or city, county, city and county, or qualified state institution of higher education fails to meet the minimum requirements of this article if the local inspection authority, including a qualified state institution of higher education, has failed to adopt or adhere to the minimum standards required by this article within twelve months after the board has adopted the standards by rule pursuant to this subsection (2);

(l) Issue an order to cease and desist from issuing permits or performing inspections under this article to an incorporated town or city, county, city and county, or qualified state institution of higher education upon finding that the public entity or qualified state institution of higher education fails to meet the minimum requirements of this article pursuant to paragraph (k) of this subsection (2);

(m) Apply to a court to enjoin an incorporated town or city, county, city and county, or qualified state institution of higher education from violating an order issued pursuant to paragraph (l) of this subsection (2).

12-23-111. Exemptions. (1) Employees of public service corporations, rural electrification associations, or municipal utilities generating, distributing, or selling electrical energy for light, heat, or power or for operating street railway systems, or telephone or telegraph systems, or their corporate affiliates and their employees or employees of railroad corporations, or lawfully permitted or franchised cable television companies and their employees shall not be required to hold licenses while doing electrical work for such purposes.

(2) Nothing in this article shall be construed to require any individual to hold a license before doing electrical work on his or her own property or residence if all such electrical work, except for maintenance or repair of existing facilities, is inspected as provided in this article; if, however, the property or residence is intended for sale or resale by a person engaged in the business of constructing or remodeling such facilities or structures or is rental property that is occupied or is to be occupied by tenants for lodging, either transient or permanent, or is generally open to the public, the owner shall be responsible for, and the property shall be subject to, all of the provisions of this article pertaining to inspection and licensing, unless specifically exempted therein.

(3) Nothing in this article shall be construed to require any regular employee of any firm or corporation to hold a license before doing any electrical work on the property of such firm or corporation, whether or not such property is owned, leased, or rented: If the firm or corporation employing any employee performing such work has all such electrical work installed in conformity with the minimum standards as set forth in this article and all such work is subject to inspection by the board or its inspectors by request in writing in accordance with subsection (14) of this section; and if the property of any such firm or corporation is not generally open to the public. No license for such firm or corporation, nor inspection by the board or its inspectors, nor the payment of any fees thereon shall be required, with the exception of inspection by the board or its inspectors when performed by written request. Nothing contained in this article shall be construed to require any license, any inspection by the board or its inspectors, or the payment of any fees for any electrical work performed for maintenance, repair, or alteration of existing facilities which shall be exempt as provided in this section.

(4) If the property of any person, firm, or corporation is rental property or is developed for sale, lease, or rental, or is occupied or is to be occupied by tenants for lodging, either transient or permanent, or is generally open to the public, then such property of any such person, firm, or corporation shall be subject to all the provisions of this article pertaining to inspection and licensing, except for the maintenance, repair, or alteration of existing facilities which shall be exempt as provided in this section.

(5) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of vertical transportation or passenger conveyors, elevators, escalators, moving walks, dumbwaiters, stage lifts, man lifts, or appurtenances thereto beyond the terminals of the controllers. Furthermore, elevator contractors or constructors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(6) (a) Nothing in this article shall be construed to require an individual to hold a license before doing any maintenance or repair of existing facilities on his or her own property or

residence, nor to require inspection by the board or its inspectors, nor to pay any fees connected therewith.

(b) Nothing in this article shall be construed to require any firm or corporation or its regular employees to be required to hold a license before doing maintenance or repair of existing facilities on the property of said firm or corporation, whether or not the property is generally open to the public; nor shall inspection by the board or its inspectors or the payment of any fees connected therewith be required.

(c) For the purposes of this subsection (6), "maintenance or repair of existing facilities" means to preserve or keep in good repair lawfully installed facilities by repairing or replacing components with new components that serve the same purpose.

(7) to (9) Repealed.

(10) An individual, firm, copartnership, or corporation may engage in business as an electrical contractor without an electrician's license if all electrical work performed by such individual, firm, copartnership, or corporation is under the direction and control of a licensed master electrician.

(11) Any person who plugs in any electrical appliance where approved electrical outlet is already installed shall not be considered an installer.

(12) No provision of this article shall in any manner interfere with, hamper, preclude, or prohibit any vendor of any electrical appliance from selling, delivering, and connecting any electrical appliance, if the connection of said appliance does not necessitate the installation of electrical wiring of the structure where said appliance is connected.

(13) The provisions of this article shall not be applicable to the installation or laying of metal or plastic electrical conduits in bridge or highway projects where such conduits must be laid according to specifications complying with applicable electrical codes.

(13.5) Repealed.

(14) Nothing in this article shall be construed to exempt any electrical work from inspection under the provisions of this article except that which is specifically exempted in this article, and nothing in this article shall be construed to exempt any electrical work from inspection by the board or its inspectors upon order of the board or from any required corrections connected therewith. However, no fees or charges may be charged for any such inspection except as set forth in this article, unless request for inspection has been made to the board or its inspectors in writing, in which case, unless otherwise covered in this article, the actual expenses of the board and its inspectors of the inspection involved shall be charged by and be paid to the board. The board is directed to make available and mail minimum standards pertaining to specific electrical installations on request and to charge a fee for the same, such fee not to exceed the actual cost involved, and in no case more than one dollar. Requests for copies of the national electrical code shall be filled when available, costs thereof not to exceed the actual cost to the board.

(15) Inasmuch as electrical licensing and the examination of persons performing electrical work is a matter of statewide concern, examination, certification, licensing, or registration of electrical contractors, master electricians, journeymen electricians, residential wiremen, or apprentices who are licensed, registered, or certified under this article shall not be required by any city, town, county, city and county, or qualified state institution of higher education; however, any such local governmental authority or qualified state institution of higher education may impose reasonable registration requirements on any electrical contractor as a

condition of performing services within the jurisdiction of such authority or within buildings owned or leased or on land owned by such qualified state institution of higher education. No fee shall be charged for such registration.

(16) The provisions of this article shall not be applicable to any surface or subsurface operation or property used in, around, or in conjunction with any mine which is inspected pursuant to the "Federal Mine Safety and Health Amendments Act of 1977", Pub.L. 95-164, except permanent state highway tunnel facilities, which shall conform to standards based on the national electrical code. Nothing contained in this subsection (16) shall prohibit the department of transportation from adopting more stringent standards or requirements than those provided by the minimum standards specified in the national electrical code, and the department of transportation shall furnish a copy of such more stringent standards to the board.

(17) (a) The permit and inspection provisions of this article shall not apply to:

(I) Installations under the exclusive control of electric utilities for the purpose of communication or metering or for the generation, control, transformation, transmission, or distribution of electric energy, whether such installations are located in buildings used exclusively for utilities for such purposes or located outdoors on property owned or leased by the utility or on public highways, streets, or roads or outdoors by virtue of established rights on private property; or

(II) Load control devices for electrical hot water heaters that are owned, leased, or otherwise under the control of, and are operated by, an electric utility, and are on the load side of the single-family residential meter, if such equipment was installed by a registered electrical contractor. The contractor will notify appropriate local authorities that the work has been completed in order that an inspection may be made at the expense of the utility company. The applicable permit fee imposed by the local authorities shall not exceed ten dollars.

(b) This subsection (17) does not exempt any premises wiring on buildings, structures, or other premises not owned by or under the exclusive control of the utility nor wiring in buildings used by the utility for purposes other than those listed in this subsection (17), such as office buildings, garages, warehouses, machine shops, and recreation buildings. This subsection (17) exempts all of the facilities, buildings, and the like inside the security fence of a generating station, substation, control center, or communication facility.

(18) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of security systems of fifty volts or less, lawn sprinkler systems, environmental controls, or remote radio-controlled systems beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(19) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of electronic computer data processing equipment and systems beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(20) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of communications systems, including telephone and telegraph systems not exempted as utilities in subsection (1) of this section, radio and television receiving and transmitting equipment and stations, and antenna systems other than community antenna

television systems beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(21) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of electric signs, cranes, hoists, electroplating, industrial machinery, and irrigation machinery beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(22) Nothing in this article shall be construed to cover the installation, maintenance, repair, or alteration of equipment and wiring for sound recording and reproduction systems, centralized distribution of sound systems, public address and speech-input systems, or electronic organs beyond the terminals of the controllers. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article.

(23) Nothing in this article shall be construed to require either that employees of the federal government who perform electrical work on federal property shall be required to be licensed before doing electrical work on such property or that the electrical work performed on such property shall be regulated pursuant to this article.

(24) Nothing in this article shall be construed to require licensing that covers the installation, maintenance, repair, or alteration of fire alarm systems operating at fifty volts or less. Furthermore, the contractors performing any installation, maintenance, repair, or alteration under this exemption, or their employees, shall not be covered by the licensing requirements of this article but shall be subject to all provisions of this article pertaining to inspections and permitting.

12-23-116. Inspection - application - standard - rules. (1) (a) An individual required to have electrical inspection under this article shall apply to the board for an electrical permit, except where an incorporated town or city, county, city and county, or qualified state institution

of higher education has a building department that meets the minimum standards of this article and that processes applications for building permits and inspections, in which case the individual shall apply to such building department. A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article shall process applications for permits and inspections only from the institution and from contractors working for the benefit of the institution and shall conduct inspections only of work performed for the benefit of the institution. Each inspection must include a contemporaneous review to ensure that the requirements of this article, and specifically section 12-23-110.5, have been met.

(b) Upon final inspection and approval by the state electrical inspector, notice shall be issued by the board to the utility, and the office of the board shall retain one copy of the record of approval.

(c) A utility shall not provide service to any person required to have electrical inspection under this article without proof of final approval as provided in paragraph (b) of this subsection (1); except that service shall be provided in those situations determined by the local electrical inspection authority, or by the board, whichever has jurisdiction, to be emergency situations for a maximum period of seven days or until the inspection has been made.

(2) (a) The owner of an electrical installation in any new construction, other than manufactured units certified by the division of housing pursuant to section 24-32-3311, C.R.S., or remodeling or repair of an existing construction, except in any incorporated town or city, county, city and county, or qualified state institution of higher education having its own electrical code and inspection program equal to the minimum standards as are provided in this article, shall have the electrical portion of the installation, remodeling, or repair inspected by a state electrical inspector. A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article shall process applications for permits and inspections only from the institution and from contractors working for the benefit of the institution and shall conduct inspections only of work performed for the benefit of the institution.

(b) A state electrical inspector shall inspect any new construction, remodeling, or repair subject to this subsection (2) within three working days after the receipt of the application for inspection. Prior to the commencement of any electrical installation, the person making the installation shall apply for an electrical permit and pay the required permit fee.

(c) A manufactured home, mobile home, or movable structure owner shall have the electrical installation for the manufactured home, mobile home, or movable structure inspected prior to obtaining electric service.

(3) A state electrical inspector shall inspect the work performed, and, if such work meets the minimum standards set forth in the national electrical code referred to in section 12-23-104 (2)(a), a certificate of approval shall be issued by the inspector. If such installation is disapproved, written notice thereof together with the reasons for such disapproval shall be given by the inspector to the applicant. If such installation is hazardous to life or property, the inspector disapproving it may order the electrical service thereto discontinued until such installation is rendered safe and shall send a copy of the notice of disapproval and order for discontinuance of service to the supplier of electricity. The applicant may appeal such disapproval to the board and shall be granted a hearing by the board within seven days after notice of appeal is filed with the board. After removal of the cause of such disapproval, the

applicant shall make application for reinspection in the same manner as for the original inspection and pay the required reinspection fee.

(4) The person or inspector making an application, certificate of approval, or notice of disapproval shall include the name of the property owner, if known, the location and a brief description of the installation, the name of the electrical contractor and state registration number, the state electrical inspector, and the fee charged for the permit. The notice of disapproval and corrective actions to be taken shall be submitted to the board, and a copy of the notice shall be submitted to the electrical contractor within two working days after the date of inspection. The inspector shall post a copy of the notice at the installation site. The board shall furnish the forms. A copy of each application, certificate, and notice made or issued shall be filed with the board.

(5) Nothing in this section shall be construed to require any utility as defined in this article to collect or enforce collection or in any way handle the payment of any fee connected with such application.

(6) (a) All inspection permits issued by the board shall be valid for a period of twelve months, and the board shall cancel the permit and remove it from its files at the end of the twelve-month period, except in the following circumstances:

(I) If an applicant makes a showing at the time of application for a permit that the electrical work is substantial and is likely to take longer than twelve months, the board may issue a permit to be valid for a period longer than twelve months, but not exceeding three years.

(II) If the applicant notifies the board prior to the expiration of the twelve-month period of extenuating circumstances, as determined by the board, during the twelve-month period, the board may extend the validity of the permit for a period not to exceed six months.

(b) If an inspection is requested by an applicant after a permit has expired or has been cancelled, a new permit must be applied for and granted before an inspection is performed.

(7) Notwithstanding the fact that any incorporated town or city, any county, or any city and county in which a public school is located or is to be located has its own electrical code and inspection authority, any electrical installation in any new construction or remodeling or repair of a public school shall be inspected by a state electrical inspector.

(8) (a) In the event that any incorporated town or city, county, city and county, or qualified state institution of higher education intends to commence or cease performing electrical inspections in its respective jurisdiction or, in the case of a qualified state institution of higher education, for buildings owned, leased, or on its land, such public entity or institution shall commence or cease the same only as of July 1 of any year, and written notice of such intent must be given to the board on or before October 1 of the preceding calendar year. If such notice is not given and the use of state electrical inspectors is required within such notice requirement, the respective local government or qualified state institution of higher education of the respective jurisdiction or building requiring such inspections shall reimburse the state electrical board for any expenses incurred in performing such inspections, in addition to transmitting the required permit fees.

(b) Repealed.

(9) (a) A person claiming to be aggrieved by the failure of a state electrical inspector to inspect property after proper application or by notice of disapproval without setting forth the reasons for rejecting the inspection may request the program director to review the actions of the state electrical inspector or the manner of the inspection. The request may be made by an authorized representative and shall be in writing.

(b) Upon the filing of such a request, the program director shall cause a copy to be served upon the state electrical inspector complained of, together with an order requiring the inspector to answer the allegations of said request within a time fixed by the program director.

(c) If the request is not granted within ten days after it is filed, it may be treated as rejected. Any person aggrieved by the action of the program director in refusing the review requested or in failing or refusing to grant all or part of the relief requested may file a written complaint and request for a hearing with the board, specifying the grounds relied upon.

(d) Any hearing before the board shall be held pursuant to the provisions of section 24-4-105, C.R.S.

(10) An inspector performing an inspection for the state, an incorporated town or city, a county, a city and county, or a qualified state institution of higher education may verify compliance with this article; however, for each project, inspections performed by the state, an incorporated town or city, a county, a city and county, or a qualified state institution of higher education must include a contemporaneous review to ensure that the specific requirements of sections 12-23-105 and 12-23-110.5 have been met. A contemporaneous review may include a full or partial review of the electricians and apprentices working on a job site being inspected. To ensure that enforcement is consistent, timely, and efficient, each entity, including the state, as described in this subsection (10), shall develop standard procedures to advise its inspectors how to conduct a contemporaneous review. Each entity's standard procedures need not require a contemporaneous review for each and every inspection of a project, but the procedures must preserve an inspector's ability to verify compliance with sections 12-23-105 and 12-23-110.5 at any time. Each entity, including the state, shall post its current procedures regarding contemporaneous reviews in a prominent location on its public website. An inspector may file a complaint with the board for any violation of this article.

12-23-117. Permit fees. (1) As established pursuant to section 24-34-105, C.R.S., inspection fees shall be charged by the board and shall be set and categorized based upon the actual expense of inspecting each type of electrical installation.

(2) Because electrical inspections are matters of statewide concern, the maximum fees, established annually, chargeable for electrical inspections by any city, town, county, city and county, or qualified state institution of higher education shall not be more than fifteen percent above those provided for in this section, and no such local government or qualified state institution of higher education shall impose or collect any other fee or charge related to electrical inspections or permits. A qualified state institution of higher education may choose not to require fees as part of the permitting process. A documented permitting and inspection system must be instituted by each qualified state institution of higher education as a tracking system that is available to the board for the purpose of investigating any alleged violation of this article. The permitting and inspection system must include information specifying the project, the name of the inspector, the date of the inspection, the job site address, the scope of the project, the type of the inspection, the result of the inspection, the reason and applicable code sections for partially passed or failed inspections, and the names of the contractors on the project who are subject to inspection.

(3) If an application is not filed in advance of the commencement of an installation, the inspection fee shall be twice the amount of the inspection fee set by the board pursuant to subsection (1) of this section.

12-23-118. Violations - citations - settlement agreements - hearings - fines. (1) The board may deny, suspend, revoke, refuse to renew, or issue a letter of admonition in regard to any license or registration issued or applied for under the provisions of this article, may place a licensee or registrant on probation, or may issue a citation to a licensee, registrant, or applicant for licensure for any of the following reasons:

(a) Violation of or aiding or abetting in the violation of any of the provisions of this article;

(b) Violation of the rules and regulations or orders promulgated by the board in conformity with the provisions of this article or aiding or abetting in such violation;

(c) Failure or refusal to remove within a reasonable time the cause of the disapproval of any electrical installation as reported on the notice of disapproval, but such reasonable time shall include time for appeal to and a hearing before the board;

(d) Failure or refusal to maintain or adhere to the minimum standards set forth in rules and regulations adopted by the board pursuant to section 12-23-104 (2)(a);

(e) Any cause for which the issuance of the license could have been refused had it then existed and been known to the board;

(f) Commitment of one or more acts or omissions that do not meet generally accepted standards of electrical practice;

(g) Conviction of or acceptance of a plea of guilty or nolo contendere by a court to a felony. In considering the disciplinary action, the board shall be governed by the provisions of section 24-5-101, C.R.S.

(h) Advertising by any licensee or registrant which is false or misleading;

(i) Deception, misrepresentation, or fraud in obtaining or attempting to obtain a license;

(j) Failure of a master electrician who is charged with supervising all electrical work performed by a contractor pursuant to section 12-23-106 (5)(c) to adequately supervise such work or failure of any licensee to adequately supervise an apprentice who is working at the trade pursuant to section 12-23-110.5;

(k) Employment of any person required by this article to be licensed or registered or to obtain a permit who has not obtained such license, registration, or permit;

(l) Disciplinary action against an electrician's license or registration in another jurisdiction. Evidence of such disciplinary action shall be prima facie evidence for denial of licensure or registration or other disciplinary action if the violation would be grounds for such disciplinary action in this state.

(m) Providing false information to the board during an investigation with the intent to deceive or mislead the board;

(n) Practicing as a residential wireman, journeyman, master, contractor, or apprentice during a period when the licensee's license or the registrant's registration has been suspended or revoked;

(o) Selling or fraudulently obtaining or furnishing a license to practice as a residential wireman, journeyman, or master or aiding or abetting therein;

(p) In conjunction with any construction or building project requiring the services of any person regulated by this article, willfully disregarding or violating:

(I) Any building or construction law of this state or any of its political subdivisions;

(II) Any safety or labor law;

(III) Any health law;

(IV) Any workers' compensation insurance law;

(V) Any state or federal law governing withholdings from employee income, including but not limited to income taxes, unemployment taxes, or social security taxes; or

(VI) Any reporting, notification, or filing law of this state or the federal government.

(2) and (3) (Deleted by amendment, L. 94, p. 36, § 3, effective July 1, 1994.)

(4) (a) If, pursuant to an inspection or investigation by a state electrical inspector, the board concludes that any licensee, registrant, or applicant for licensure has violated any provision of subsection (1) of this section and that disciplinary action is appropriate, the program

director or the program director's designee may issue a citation in accordance with subsection (6) of this section to such licensee, registrant, or applicant.

(b) (I) The licensee, registrant, or applicant to whom a citation has been issued may make a request to negotiate a stipulated settlement agreement with the program director or the program director's designee, if such request is made in writing within ten working days after issuance of the citation that is the subject of the settlement agreement.

(II) All stipulated settlement agreements shall be conducted pursuant to rules adopted by the board pursuant to section 12-23-104 (2)(a). The board shall adopt a rule to allow any licensee, registrant, or applicant unable, in good faith, to settle with the program director to request an administrative hearing pursuant to paragraph (c) of this subsection (4).

(III) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(c) (I) The licensee, registrant, or applicant to whom a citation has been issued may request an administrative hearing to determine the propriety of such citation if such request is made in writing within ten working days after issuance of the citation that is the subject of the hearing or within a reasonable period after negotiations for a stipulated settlement agreement pursuant to paragraph (b) of this subsection (4) have been deemed futile by the program director.

(II) For good cause the board may extend the period of time in which a person who has been cited may request a hearing.

(III) All hearings conducted pursuant to subparagraph (I) of this paragraph (c) shall be conducted in compliance with section 24-4-105, C.R.S.

(d) Any action taken by the board pursuant to this section shall be deemed final after the period of time extended to the licensee, registrant, or applicant to contest such action pursuant to this subsection (4) has expired.

(5) (a) The board shall adopt a schedule of fines pursuant to paragraph (b) of this subsection (5) as penalties for violating subsection (1) of this section. Such fines shall be assessed in conjunction with the issuance of a citation, pursuant to a stipulated settlement agreement, or following an administrative hearing. Such schedule shall be adopted by rule in accordance with section 12-23-104 (2)(a).

(b) In developing the schedule of fines, the board shall:

(I) Provide that a first offense may carry a fine of up to one thousand dollars;

(II) Provide that a second offense may carry a fine of up to two thousand dollars;

(III) Provide that any subsequent offense may carry a fine of up to two thousand dollars for each day that subsection (1) of this section is violated;

(IV) Consider how the violation impacts the public, including any health and safety considerations;

(V) Consider whether to provide for a range of fines for any particular violation or type of violation; and

(VI) Provide uniformity in the fine schedule.

(c) Repealed.

(6) (a) (I) Any citation issued pursuant to this section shall be in writing, shall adequately describe the nature of the violation, and shall reference the statutory or regulatory provision or order alleged to have been violated.

(II) Any citation issued pursuant to this section shall clearly state whether a fine is imposed, the amount of such fine, and that payment for such fine must be remitted within the time specified in such citation if such citation is not contested pursuant to subsection (4) of this section.

(III) Any citation issued pursuant to this section shall clearly set forth how such citation may be contested pursuant to subsection (4) of this section, including any time limitations.

(b) A citation or copy of a citation issued pursuant to this section may be served by certified mail or in person by a state electrical inspector or the program director's designee upon a person or the person's agent in accordance with rule 4 of the Colorado rules of civil procedure.

(c) If the recipient fails to give written notice to the board that the recipient intends to contest such citation or to negotiate a stipulated settlement agreement within ten working days after service of a citation by the board, such citation shall be deemed a final order of the board.

(d) (I) The board may suspend or revoke a license or registration or may refuse to renew any license or registration issued or may place on probation any licensee or registrant if the licensee or registrant fails to comply with the requirements set forth in a citation deemed final pursuant to paragraph (c) of this subsection (6).

(II) Upon completing an investigation, the board shall make one of the following findings:

(A) The complaint is without merit and no further action need be taken.

(B) There is no reasonable cause to warrant further action.

(C) The investigation discloses an instance of conduct that does not warrant formal action and should be dismissed, but the investigation also discloses indications of possible errant conduct that could lead to serious consequences if not corrected. If this finding is made, the board shall send a confidential letter of concern to the licensee or registrant.

(D) The investigation discloses an instance of conduct that does not warrant formal action but should not be dismissed as being without merit. If this finding is made, the board may send a letter of admonition to the licensee or registrant by certified mail.

(E) The investigation discloses facts that warrant further proceedings by formal complaint. If this finding is made, the board shall refer the complaint to the attorney general for preparation and filing of a formal complaint.

(III) (A) When a letter of admonition is sent by certified mail to a licensee or registrant, the board shall include in the letter a notice that the licensee or registrant has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(B) If the request for adjudication is timely made, the letter of admonition is vacated and the board shall proceed by means of formal disciplinary proceedings.

(IV) (Deleted by amendment, L. 2010, (HB 10-1225), ch. 198, p. 866, § 18, effective July 1, 2010.)

(V) The board shall conduct all proceedings pursuant to this subsection (6) expeditiously and informally so that no licensee or registrant is subjected to unfair and unjust charges and that no complainant is deprived of the right to a timely, fair, and proper investigation of a complaint.

(e) The failure of an applicant for licensure to comply with a citation deemed final pursuant to paragraph (c) of this subsection (6) is grounds for denial of a license.

(f) No citation may be issued under this section unless the citation is issued within the six-month period following the occurrence of the violation.

(7) (a) Any fine collected pursuant to this section shall be transmitted to the state treasurer, who shall credit one-half of the amount of any such fine to the general fund, and one-half of the amount of any such fine shall be shared with the appropriate city, town, county, or city and county, which amounts shall be transmitted to any such entity on an annual basis.

(b) Any fine assessed in a citation or an administrative hearing or any amount due pursuant to a stipulated settlement agreement that is not paid may be collected by the program director through a collection agency or in an action in the district court of the county in which the person against whom the fine is imposed resides or in the county in which the office of the program director is located.

(c) The attorney general shall provide legal assistance and advice to the program director in any action to collect an unpaid fine.

(d) In any action brought to enforce this subsection (7), reasonable attorney fees and costs shall be awarded.

(8) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (8), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(9) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (9) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (9) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (9). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (9) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph

(b) of this subsection (9) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (9), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(10) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(11) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(12) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order in a court of competent jurisdiction.

12-25-101. General provisions. In order to safeguard life, health, and property and to promote the public welfare, the practice of engineering is declared to be subject to regulation in the public interest. It shall be deemed that the right to engage in the practice of engineering is a privilege granted by the state through the state board of licensure for architects, professional engineers, and professional land surveyors, created in section 12-25-106; that the profession involves personal skill and presupposes a period of intensive preparation, internship, due examination, and admission; and that a professional engineer's license is solely such professional engineer's own and is nontransferable.

12-25-109. Disciplinary proceedings - injunctive relief procedure. (1) The board upon its own motion may, and upon the receipt of a signed complaint in writing from any person

shall, investigate the activities of any professional engineer, engineer-intern, or other person who presents grounds for disciplinary action as specified in this part 1.

(2) Repealed.

(3) All charges, unless dismissed by the board, shall be referred to an administrative hearing by the board within five years after the date on which they were filed.

(4) Disciplinary hearings shall be conducted by the board or by an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S., and shall be held in the manner prescribed in article 4 of title 24, C.R.S.

(5) and (6) Repealed.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board pursuant to this part 1.

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) (a) The board is authorized to apply for injunctive relief, in the manner provided by the Colorado rules of civil procedure, to enforce the provisions of this part 1 or to restrain any violation thereof. In such proceedings, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation thereof. The members of the board, its staff, and the attorney general shall not be held personally liable in any such proceeding.

(b) (I) If the board has reason to believe that any individual has engaged in, or is engaging in, any act or practice which constitutes a violation of any provision of this article, the board may initiate proceedings to determine if such a violation has occurred. Hearings shall be conducted in accordance with the provisions of article 4 of title 24, C.R.S.

(II) (Deleted by amendment, L. 2006, p. 782, § 17, effective July 1, 2006.)

(c) In any action brought pursuant to this subsection (8), evidence of the commission of a single act prohibited by this article shall be sufficient to justify the issuance of an injunction or a cease-and-desist order.

(8.2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (8.2), the respondent may request a hearing on the question of whether acts

or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(8.4) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (8.4) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (8.4). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (8.4) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practice.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (8.4), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of paragraph (c) of this subsection (8.4) shall be effective when issued and shall be a final order for purposes of judicial review.

(8.5) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(8.7) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which

the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(8.9) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in subsection (10) of this section.

(9) Repealed.

(10) The court of appeals shall have initial jurisdiction to review all final actions and orders that are subject to judicial review of the board. Such proceedings shall be conducted in accordance with section 24-4-106 (11), C.R.S.

(11) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(12) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(4) Disciplinary hearings shall be conducted by the board or by an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S., and shall be held in the manner prescribed in article 4 of title 24, C.R.S.

(5) and (6) Repealed.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board pursuant to this part 2.

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) (a) The board is authorized to apply for injunctive relief, in the manner provided by the Colorado rules of civil procedure, to enforce the provisions of this part 2, or to restrain any violation thereof. In such proceedings, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation thereof. The members of the board, its staff, and the attorney general shall not be held personally liable in any such proceeding.

(b) (I) If the board has reason to believe that any individual has engaged in, or is engaging in, any act or practice which constitutes a violation of any provision of this article, the board may initiate proceedings to determine if such a violation has occurred. Hearings shall be conducted in accordance with the provisions of article 4 of title 24, C.R.S.

(II) (Deleted by amendment, L. 2006, p. 785, § 19, effective July 1, 2006.)

(c) In any action brought pursuant to this subsection (8), evidence of the commission of a single act prohibited by this article shall be sufficient to justify the issuance of an injunction or a cease-and-desist order.

(8.2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (8.2), the respondent may request a hearing on the question of whether acts or practices in violation of this part 2 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(8.4) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 2, then, in addition to any specific powers granted pursuant to this part 2, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set

by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (8.4) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (8.4). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (8.4) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 2, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (8.4), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(8.5) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 2, any rule promulgated pursuant to this part 2, any order issued pursuant to this part 2, or any act or practice constituting grounds for administrative sanction pursuant to this part 2, the board may enter into a stipulation with such person.

(8.7) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(8.9) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in subsection (10) of this section.

(9) Repealed.

(10) The court of appeals shall have initial jurisdiction to review all final actions and orders that are subject to judicial review of the board. Such proceedings shall be conducted in accordance with section 24-4-106 (11), C.R.S.

(11) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(12) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(4) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (4), the licensee or person alleged to have acted without a license may request a hearing on the question of whether acts or practices in violation of this part 3 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(5) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other provision of this part 3, then, in addition to any specific powers granted pursuant to this part 3, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (5) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify such person, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 3, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (5), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(6) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in an unlicensed act or practice, any act or practice constituting a violation of this part 3, any rule promulgated pursuant to this part 3, any order issued pursuant to this part 3, or any act or practice constituting grounds for administrative sanction pursuant to this part 3, the board may enter into a stipulation with such person.

(7) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(8) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order in a court of competent jurisdiction.

(10) An individual practicing architecture who is not licensed or exempt from licensure shall not collect compensation of any kind for such practice, and, if compensation has been paid, the individual shall refund the compensation in full.

(II) When the director sends a letter of admonition to a licensee, the director shall advise the licensee that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(III) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(2.5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, the complaint should be dismissed, but the director has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(3) Complaints of record on file with the director and the results of investigations shall be closed to public inspection during the investigatory period and until dismissed or until notice of hearing and charges are served on a licensee. The director's records and papers shall be subject to the provisions of sections 24-72-203 and 24-72-204, C.R.S.

(4) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(5) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the director may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (5), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(6) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) shall be promptly notified by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (6) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (6). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (6) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (6), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(7) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(8) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(9) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

12-29.7-110. Grounds for discipline - disciplinary proceedings. (1) The director may take disciplinary action against a registrant if the director finds that the registrant has represented himself or herself as a registered athletic trainer after the expiration, suspension, or revocation of his or her registration.

(2) The director may revoke, deny, suspend, or refuse to renew a registration or issue a cease-and-desist order in accordance with this section upon reasonable grounds that the registrant:

(a) Has engaged in a sexual act with a person receiving services while a therapeutic relationship existed or within six months immediately following termination of the therapeutic relationship. For the purposes of this paragraph (a):

(I) "Sexual act" means sexual contact, sexual intrusion, or sexual penetration as defined in section 18-3-401, C.R.S.

(II) "Therapeutic relationship" means the period beginning with the initial evaluation and ending upon the written termination of treatment. When an individual receiving services is an athlete participating on a sports team operated under the auspices of a bona fide amateur sports organization or an accredited educational institution that employs the registrant, the therapeutic relationship exists from the time the athlete becomes affiliated with the team until the affiliation ends or the athletic trainer terminates the provision of athletic training services to the team, whichever occurs first.

(b) Has falsified information in an application or has attempted to obtain or has obtained a registration by fraud, deception, or misrepresentation;

(c) Has an alcohol use disorder, as defined in section 27-81-102, or a substance use disorder, as defined in section 27-82-102, or is an excessive or habitual user or abuser of alcohol or habit-forming drugs or is a habitual user of a controlled substance, as defined in section 18-18-102 (5), or other drugs having similar effects; except that the director has the discretion not to discipline the registrant if he or she is participating in good faith in an alcohol or substance use disorder treatment program approved by the director;

(d) (I) Has failed to notify the director, as required by section 12-29.7-113, of a physical illness; a physical condition; or a behavioral, mental health, or substance use disorder that affects the registrant's ability to provide athletic training services with reasonable skill and safety or that may endanger the health or safety of individuals receiving athletic training services;

(II) Has failed to act within the limitations created by a physical illness; a physical condition; or a behavioral, mental health, or substance use disorder that renders the registrant unable to perform athletic training with reasonable skill and safety or that may endanger the health or safety of persons under his or her care; or

(III) Has failed to comply with the limitations agreed to under a confidential agreement entered pursuant to section 12-29.7-113;

(e) Has had a registration or license suspended or revoked for actions that are a violation of this article;

(f) Has been convicted of or pled guilty or nolo contendere to a felony or any crime defined in title 18, C.R.S. A certified copy of the judgment of a court of competent jurisdiction of the conviction or plea is prima facie evidence of the conviction or plea. In considering the disciplinary action, the director is governed by section 24-5-101, C.R.S.

(g) Has practiced athletic training without a registration;

(h) Has failed to notify the director of any disciplinary action in regard to the person's past or currently held license, certificate, or registration required to practice athletic training in this state or any other jurisdiction;

(i) Has refused to submit to a physical or mental examination when so ordered by the director pursuant to section 12-29.7-112;

(j) Has failed to practice pursuant to the direction of a Colorado-licensed or otherwise lawfully practicing physician, dentist, or health care professional;

(k) Has practiced athletic training in a manner that fails to meet generally accepted standards of athletic training practice; or

(l) Has otherwise violated any provision of this article.

(3) Except as otherwise provided in subsection (2) of this section, the director need not find that the actions that are grounds for discipline were willful but may consider whether the actions were willful when determining the nature of disciplinary sanctions to be imposed.

(4) (a) The director may commence a proceeding to discipline a registrant when the director has reasonable grounds to believe that the registrant has committed an act enumerated in this section.

(b) In any proceeding held under this section, the director may accept as evidence of grounds for disciplinary action any disciplinary action taken against a registrant in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article.

(5) Disciplinary proceedings shall be conducted in accordance with article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to that article by the director or by an administrative law judge, at the director's discretion. The director has the authority to exercise all powers and duties conferred by this article during the disciplinary proceedings.

(6) (a) The director may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin a person from committing an act prohibited by this article. When seeking an injunction under this paragraph (a), the attorney general is not required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(b) (I) The director may investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the director.

(II) In order to aid the director in any hearing or investigation instituted pursuant to this section, the director or an administrative law judge appointed pursuant to paragraph (c) of this subsection (6) may administer oaths, take affirmations of witnesses, and issue subpoenas compelling the attendance of witnesses and the production of all relevant records, papers, books, documentary evidence, and materials in any hearing, investigation, accusation, or other matter before the director or an administrative law judge.

(III) Upon failure of any witness or registrant to comply with a subpoena or process, the district court of the county in which the subpoenaed person or registrant resides or conducts business, upon application by the director with notice to the subpoenaed person or registrant, may issue to the person or registrant an order requiring the person or registrant to appear before the director; produce the relevant papers, books, records, documentary evidence, or materials; or give evidence touching the matter under investigation or in question. If the person or registrant fails to obey the order of the court, the person or registrant may be held in contempt of court.

(c) The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, make findings, and report the findings to the director.

(7) (a) The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article, and any person

who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if the individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person participating in good faith in making a complaint or report or in an investigative or administrative proceeding pursuant to this section is immune from any civil or criminal liability that otherwise might result by reason of the participation.

(8) A final action of the director is subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S. The director may institute a judicial proceeding in accordance with section 24-4-106, C.R.S., to enforce the director's order.

(9) An employer of an athletic trainer shall report to the director any disciplinary action taken against the athletic trainer or the resignation of the athletic trainer in lieu of disciplinary action for conduct that violates this article.

(10) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution.

12-29.7-111. Cease-and-desist orders. (1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public or that a person is acting or has acted without the required registration, the director may issue an order to cease and desist the activity. The director shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article or rules adopted under this article have occurred. The hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article or rules adopted under this article, in addition to any specific powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or unregistered practice.

(b) The director shall promptly notify a person against whom the director has issued an order to show cause pursuant to paragraph (a) of this subsection (2) of the issuance of the order,

along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice on the person by personal service, by first-class, postage-prepaid United States mail, or in another manner as may be practicable. Personal service or mailing of an order or document pursuant to this paragraph (b) constitutes notice of the order to the person.

(c) (I) The director shall hold the hearing on an order to show cause no sooner than ten and no later than forty-five calendar days after the date the director transmitted or served the notice as provided in paragraph (b) of this subsection (2). The director may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the director hold the hearing later than sixty calendar days after the date the notice was transmitted or served.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served on the person pursuant to paragraph (b) of this subsection (2) and other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required registration, or has or is about to engage in acts or practices constituting violations of this article or rules adopted under this article, the director may issue a final cease-and-desist order, directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and is a final order for purposes of judicial review.

(3) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged or is about to engage in an unregistered act or practice; an act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or an act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with the person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order as provided in section 12-29.7-110 (8).

12-29.7-112. Mental or physical examination of registrants. (1) If the director has reasonable cause to believe that a registrant is unable to practice with reasonable skill and safety, the director may order the registrant to take a mental or physical examination administered by a physician or other licensed health care professional designated by the director. Unless due to circumstances beyond the registrant's control, if the registrant refuses to undergo a mental or physical examination, the director may suspend the person's registration until the results of the examination are known and the director has made a determination of the registrant's fitness to practice. The director shall proceed with an order for examination and shall make his or her determination in a timely manner.

(2) The director shall include in an order requiring a registrant to undergo a mental or physical examination the basis of the director's reasonable cause to believe that the registrant is unable to practice with reasonable skill and safety. For purposes of a disciplinary proceeding authorized under this article, the registrant is deemed to have waived all objections to the admissibility of the examining physician's or licensed health care professional's testimony or examination reports on the ground that they are privileged communications.

(3) The registrant may submit to the director testimony or examination reports from a physician chosen by the registrant and pertaining to any condition that the director has alleged may preclude the registrant from practicing with reasonable skill and safety. The testimony and reports submitted by the registrant may be considered by the director in conjunction with, but not in lieu of, testimony and examination reports of the physician designated by the director.

(4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed a public record or made available to the public.

12-29.7-113. Confidential agreement to limit practice - violation grounds for discipline. (1) If a registered athletic trainer suffers from a physical illness; a physical condition; or a behavioral or mental health disorder that renders him or her unable to practice athletic training with reasonable skill and safety to patients, he or she shall notify the director of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period of time determined by the director. The director may require the registrant to submit to an examination to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the registrant's ability to practice with reasonable skill and safety to patients.

(2) (a) Upon determining that a registrant with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited athletic training services with reasonable skill and safety to patients, the director may enter into a confidential agreement with the registrant in which the registrant agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the director.

(b) The agreement must specify that the registrant is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(d) By entering into an agreement with the director pursuant to this section to limit his or her practice, the registrant is not engaging in activities that constitute grounds for discipline under section 12-29.7-110. The agreement is an administrative action and does not constitute a restriction or discipline by the director. However, if the registrant fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes grounds for disciplinary action under section 12-29.7-110 (2)(d), and the registrant is subject to discipline in accordance with section 12-29.7-110.

(3) This section does not apply to a registrant subject to discipline under section 12-29.7-110 (2)(c).

(3) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, should be dismissed, but the director has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, the director may send the licensee a confidential letter of concern.

(4) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(5) A person whose license to practice under this article is revoked, or who surrenders his or her license to avoid discipline, is ineligible to apply for a new license under this article for two years after the date of revocation or surrender.

(6) Any disciplinary action taken by another state, local jurisdiction, or the federal government against an applicant or licensee constitutes prima facie evidence of grounds for disciplinary action, including denial of a license under this article; except that this subsection (6) applies only to discipline for acts or omissions that are substantially similar to those set out as grounds for disciplinary action under this article.

(7) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but should not be dismissed as being without merit, the director may issue and send to the licensee a letter of admonition.

12-29.9-109. Director - powers - duties - rules. (1) The director may conduct investigations and inspections as necessary to determine whether an applicant or licensee has violated this article or any rule adopted by the director under this article.

(2) The director may apply to a court of competent jurisdiction for an order enjoining any act or practice that constitutes a violation of this article. Upon a showing that a person is engaging in or intends to engage in the act or practice, the court shall grant an injunction,

restraining order, or other appropriate order, regardless of the existence of another remedy. The Colorado rules of civil procedure govern all proceedings related to such court orders.

(3) (a) The director or an administrative law judge may administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director pursuant to this article. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the director.

(b) Upon the failure of any witness to comply with a subpoena or process, the director may apply to the district court of the county in which the subpoenaed person or licensee resides or conducts business, and after notice of the application by the director to the subpoenaed person or licensee, the district court may issue to the person or licensee an order requiring that the person or licensee appear before the director; produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or give evidence relevant to the matter under investigation or in question. If the person or licensee fails to obey the order of the court, the court may hold the person or licensee in contempt of court.

(4) The director shall determine the amount of malpractice coverage that must be obtained by an audiologist who provides services to patients.

(5) No later than December 31, 2013, and as necessary thereafter, the director shall adopt rules necessary for the enforcement or administration of this article, including rules requiring licensees to maintain records identifying customers by name, the goods or services provided to each customer other than batteries and minor accessories, and the date and price of each transaction. Licensees shall maintain the records for at least seven years after the last transaction.

12-29.9-110. Cease-and-desist orders - unauthorized practice - penalties. (1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the director may issue an order to cease and desist the activity. The director must set forth in the order the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The director shall conduct the hearing pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any provision of this article, then, in addition to any other powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or practice.

(b) The director shall promptly notify a person against whom he or she has issued an order to show cause pursuant to paragraph (a) of this subsection (2) of the issuance of the order,

along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom the order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) constitutes notice to the person of the existence and contents of the order or document.

(c) (I) The director must commence the hearing on an order to show cause no sooner than ten, and no later than forty-five, calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (2). The director may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event may the director commence the hearing later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person to whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and any other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The conduct of the hearing is governed by sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the director has issued the final order. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and constitutes a final order for purposes of judicial review.

(3) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

- (a) An unlicensed act or practice;
- (b) An act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or
- (c) An act or practice constituting grounds for administrative sanction pursuant to this article.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by a final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

(6) A person who practices or offers or attempts to practice audiology services without an active audiologist license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

12-29.9-111. Immunity. The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if the individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article is immune from any civil or criminal liability that may result from that participation.

12-29.9-112. Professional liability insurance required - rules. (1) (a) Except as provided in paragraph (b) of this subsection (1), an audiologist shall not practice audiology unless the audiologist purchases and maintains or is covered by professional liability insurance in the form and amount determined by the director by rule.

(b) The director, by rule, may exempt or establish lesser liability insurance requirements for a class of audiologists whose practice does not require the level of public protection the director establishes pursuant to this paragraph (b) for all other audiologists.

(2) The professional liability insurance required by this section must cover all acts with the scope of practice of an audiologist as defined in this article.

Source: L. 2013: Entire article added, (SB 13-039), ch. 288, p. 1533, § 1, effective May 24.

12-29.9-113. Confidential agreements to limit practice - violation grounds for discipline. (1) If an audiologist suffers from a physical illness; a physical condition; or a behavioral or mental health disorder that renders the licensee unable to practice audiology with reasonable skill and safety to patients, the audiologist shall notify the director of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period of time determined by the director. The director may require the licensee to submit to an examination to evaluate the extent of the physical illness; the physical condition; or

the behavioral or mental health disorder and its impact on the licensee's ability to practice audiology with reasonable skill and safety to patients.

(2) (a) Upon determining that an audiologist with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited audiology services with reasonable skill and safety to patients, the director may enter into a confidential agreement with the audiologist in which the audiologist agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the director.

(b) As part of the agreement, the audiologist is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or monitoring.

(d) By entering into an agreement with the director under this subsection (2) to limit his or her practice, an audiologist is not engaging in conduct that is grounds for discipline under section 12-29.9-108 (2). The agreement does not constitute a restriction or discipline by the director. However, if the audiologist fails to comply with the terms of an agreement entered into pursuant to this subsection (2), the failure constitutes grounds for disciplinary action under section 12-29.9-108 (2)(r), and the licensee is subject to discipline in accordance with section 12-29.9-108.

(3) This section does not apply to an audiologist subject to discipline under section 12-29.9-108 (2)(q).

12-29.9-114. Mental and physical examination of licensees. (1) If the director has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety, the director may require the licensee to take a mental or physical examination by a health care provider designated by the director. If the licensee refuses to undergo a mental or physical examination, unless due to circumstances beyond the licensee's control, the director may suspend the licensee's license until the results of the examination are known and the director has made a determination of the licensee's fitness to practice. The director shall proceed with an order for examination and determination in a timely manner.

(2) The director shall include in an order issued to a licensee under subsection (1) of this section the basis of the director's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For the purposes of a disciplinary proceeding authorized by this article, the licensee is deemed to have waived all objections to the admissibility of the examining health care provider's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the director testimony or examination reports from a health care provider chosen by the licensee pertaining to the condition that the director alleges may preclude the licensee from practicing with reasonable skill and safety. The director may

consider testimony and reports submitted by the licensee in conjunction with, but not in lieu of, testimony and examination reports of the health care provider designated by the director.

(4) A person shall not use the results of any mental or physical examination ordered by the director as evidence in any proceeding other than one before the director. The examination results are not public records and are not available to the public.

12-29.9-115. Protection of medical records - licensee's obligations - verification of compliance - noncompliance grounds for discipline - rules. (1) Each licensee shall develop a written plan to ensure the security of patient medical records. The plan must address at least the following:

- (a) The storage and proper disposal of patient medical records;
- (b) The disposition of patient medical records in the event the licensee dies, retires, or otherwise ceases to practice or provide audiology services to patients; and
- (c) The method by which patients may access or obtain their medical records promptly if any of the events described in paragraph (b) of this subsection (1) occurs.

(2) Upon initial licensure under this article, the licensee shall attest to the director that he or she has developed a plan in compliance with this section.

(3) A licensee shall inform each patient, in writing, of the method by which the patient may access or obtain his or her medical records if an event described in paragraph (b) of subsection (1) of this section occurs.

(4) A licensee who fails to comply with this section is subject to discipline in accordance with section 12-29.9-108.

(5) The director may adopt rules as necessary to implement this section.

(I) The complaint is without merit and no further action need be taken with reference thereto;

(II) There is no reasonable cause to warrant further action with reference thereto;

(III) (A) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(B) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(C) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(IV) (A) The investigation discloses facts that warrant further proceedings by formal complaint, as provided in subsection (3) of this section, in which event the complaint shall be referred to the attorney general for preparation and filing of a formal complaint;

(B) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(V) The investigation discloses an instance of conduct which, in the opinion of the board, does not warrant formal action but in which the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, in which case, a confidential letter of concern shall be sent to the podiatrist against whom a complaint was made. If the board learns of second or subsequent actions of the same or similar nature by the licensee, the board shall not issue a confidential letter of concern but shall take such other course of action as it deems appropriate.

(d) Repealed.

(3) (a) All formal complaints seeking disciplinary action against a podiatrist shall be filed with the Colorado podiatry board. A formal complaint shall set forth the charges with sufficient particularity as to inform the podiatrist clearly and specifically of the acts of unprofessional conduct with which he or she is charged.

(b) The board may include in any disciplinary order placing a podiatrist on probation such conditions as the board may deem appropriate to assure that the podiatrist is physically,

mentally, and otherwise qualified to practice podiatry in accordance with generally accepted professional standards of practice, including any or all of the following:

(I) Submission by the podiatrist to such examinations as the board may order to determine his or her physical or mental condition or his or her professional qualifications;

(II) The taking by him or her of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by such examinations;

(III) The review or supervision of his or her practice as may be necessary to determine the quality of his or her practice and to correct deficiencies therein; and

(IV) The imposition of restrictions upon the nature of his or her practice to assure that he or she does not practice beyond the limits of his or her capabilities.

(c) Upon the failure of a licensee to comply with any conditions imposed by the Colorado podiatry board pursuant to paragraph (b) of this subsection (3), unless compliance is beyond the control of the licensee, the board may suspend the license of the licensee until the licensee complies with the conditions of the board.

(4) The board, through the department of regulatory agencies, may employ administrative law judges, on a full-time or part-time basis, to conduct hearings as provided by this article or on any matter within the board's jurisdiction upon such conditions and terms as the board may determine.

(5) The attendance of witnesses and the production of books, patient records, papers, and other pertinent documents at the hearing may be summoned by subpoenas issued by the board, which shall be served in the manner provided by the Colorado rules of civil procedure for service of subpoenas.

(6) Disciplinary proceedings and hearings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to said article by the board or an administrative law judge at the board's discretion.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing such copies shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but shall identify the patient by a numbered code, to be retained by the custodian of the records from which the copies were made. Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian or his or her authorized employee for furnishing or using such copies in accordance with this subsection (7).

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in

question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) (Deleted by amendment, L. 2010, (HB 10-1224), ch. 420, p. 2154, § 13, effective July 1, 2010.)

(9) Upon the expiration of the term of suspension, the license shall be reinstated by the Colorado podiatry board if the holder of the license furnishes the board with evidence that he or she has complied with all terms of the suspension. If the evidence shows he or she has not complied with all terms of the suspension, the board shall continue the suspension or revoke the license at a hearing, notice of which and the procedure at which shall be as provided in this section.

(10) If a person holding a license to practice podiatry in this state is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the mental incompetency or insanity is of such a degree that the person holding a license is incapable of continuing to practice podiatry, his or her license shall automatically be suspended by the board, and, anything in this article to the contrary notwithstanding, the suspension shall continue until the licensee is found by such court to be competent to practice podiatry.

(11) (a) If the Colorado podiatry board has reasonable cause to believe that a person licensed to practice podiatry in this state is unable to practice podiatry with reasonable skill and safety to patients because of a condition described in section 12-32-107 (3)(f) or (3)(p), it may require the licensee to submit to mental or physical examinations by physicians designated by the board. Upon the failure of the licensee to submit to the mental or physical examinations, unless due to circumstances beyond his or her control, the board may suspend the licensee's license to practice podiatry in this state until such time as he or she submits to the required examinations and the board has made a determination on the ability of the licensee based on the results of the examinations. The board shall ensure that all examinations are conducted and evaluated in a timely manner.

(b) Every person licensed to practice podiatry in this state shall be deemed, by so practicing or by applying for registration of his or her license to practice podiatry in this state, to have given his or her consent to submit to mental or physical examinations when directed in writing by the board and, further, to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground of privileged communication.

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the Colorado podiatry board.

(12) Investigations and examinations of the Colorado podiatry board conducted pursuant to the provisions of this section shall be exempt from the provisions of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this subsection (12) be open to public inspection. Any proceedings with regard to a licensee who is in violation of section 12-32-107 (3)(f) and who is participating in good faith in a rehabilitation program designed to alleviate the conditions specified in section 12-32-107 (3)(f) which has been approved by the board are also exempt from any such requirements of law.

(13) A person licensed to practice podiatry or medicine who, at the request of the Colorado podiatry board, examines another person licensed to practice podiatry shall be immune from suit for damages by the person examined if the examining person conducted the examination and made his or her findings or diagnosis in good faith.

(14) Repealed.

(15) (a) If it appears to the Colorado podiatry board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (15), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(16) (a) If it appears to the Colorado podiatry board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) shall be promptly notified by the Colorado podiatry board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (16) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the Colorado podiatry board as provided in paragraph (b) of this subsection (16). The hearing may be continued by agreement of the parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) does not appear at the hearing, the Colorado podiatry board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (16) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the Colorado podiatry board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is

about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The Colorado podiatry board shall provide notice, in the manner set forth in paragraph (b) of this subsection (16), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(17) If it appears to the Colorado podiatry board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(18) If any person fails to comply with a final cease-and-desist order or a stipulation, the Colorado podiatry board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(19) A person aggrieved by the final cease-and-desist order may seek judicial review of the Colorado podiatry board's determination or of the board's final order as provided in section 12-32-108.7.

(20) The Colorado podiatry board may impose a fine, not to exceed five thousand dollars, for a violation of this article. All fines collected pursuant to this subsection (20) shall be transferred to the state treasurer, who shall credit the moneys to the general fund.

12-32-108.5. Reconsideration and review of action of board. (1) The Colorado podiatry board, on its own motion or upon application in accordance with subsection (3) of this section, at any time after the refusal to grant a license, the imposition of any discipline as

provided in section 12-32-108.3, or the ordering of probation, as provided in section 12-32-107 (2), may reconsider its prior action and grant, reinstate, or restore such license or terminate probation or reduce the severity of its prior disciplinary action. The taking of any such further action, or the holding of a hearing with respect thereto, shall rest in the sole discretion of the board.

(2) Upon the receipt of the application, it may be forwarded to the attorney general for such investigation as may be deemed necessary. A copy of the application and the report of investigation shall be forwarded to the board, which shall consider the same and report its findings and conclusions. The proceedings shall be governed by the applicable provisions governing formal hearings in disciplinary proceedings. The attorney general may present evidence bearing upon the matters in issue, and the burden shall be upon the applicant seeking reinstatement to establish the averments of his or her application as specified in section 24-4-105 (7), C.R.S. No application for reinstatement or for modification of a prior order shall be accepted unless the applicant deposits with the board all amounts unpaid under any prior order of the board.

(3) No licensee whose license is revoked shall be allowed to apply for reinstatement of such license earlier than two years after the effective date of the revocation.

12-32-109. Unauthorized practice - penalties. (1) Any person who practices or offers or attempts to practice podiatry within this state without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(1.5) Any person who presents as his or her own the diploma, license, certificate, or credentials of another, or who gives either false or forged evidence of any kind to the Colorado podiatry board, or any member thereof, in connection with an application for a license to practice podiatry, or who practices podiatry under a false or assumed name, or who falsely impersonates another licensee of a like or different name commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) No person shall advertise in any form or hold himself or herself out to the public as a podiatrist, or, in any sign or any advertisement, use the word "podiatrist", "foot specialist", "foot correctionist", "foot expert", "practipedist", "podologist", or any other terms or letters indicating or implying that he or she is a podiatrist or that he or she practices or holds himself or herself out as practicing podiatry or foot correction in any manner, without having, at the time of so doing, a valid, unsuspended, and unrevoked license as required by this article.

(3) No podiatrist shall willfully cause the public to believe that he or she has qualifications extending beyond the limits of this article, and no podiatrist shall willfully sign his or her name using the prefix "Doctor" or "Dr." without following his or her name with "podiatrist", "Doctor of Podiatric Medicine", or "D.P.M.". (4) The conduct of the practice of podiatry in a corporate capacity is hereby prohibited, but such prohibition shall not be construed to prevent the practice of podiatry by a professional service corporation whose stockholders are restricted solely to licensed podiatrists. Any such professional service corporation may exercise such powers and shall be subject to such limitations and requirements, insofar as applicable, as are provided in section 12-32-109.5, relating to professional service corporations for the practice of podiatry.

12-32-109.3. Use of physician assistants - rules. (1) A person licensed under the laws of this state to practice podiatry may delegate to a physician assistant licensed by the Colorado medical board pursuant to section 12-36-107.4 the authority to perform acts that constitute the practice of podiatry to the extent and in the manner authorized by rules promulgated by the Colorado podiatry board. Such acts shall be consistent with sound practices of podiatry. Each prescription for a controlled substance, as defined in section 18-18-102 (5), C.R.S., issued by a physician assistant must have the name of the physician assistant's supervising podiatrist printed on the prescription. For all other prescriptions issued by a physician assistant, the name and address of the health facility and, if the health facility is a multi-speciality organization, the name and address of the speciality clinic within the health facility where the physician assistant is practicing must be imprinted on the prescription. Nothing in this section limits the ability of otherwise licensed health personnel to perform delegated acts. The dispensing of prescription medication by a physician assistant is subject to section 12-42.5-118 (6).

(2) If the authority to perform an act is delegated pursuant to subsection (1) of this section, the act shall not be performed except under the personal and responsible direction and supervision of a person licensed under the laws of this state to practice podiatry, and said person shall not be responsible for the direction and supervision of more than four physician assistants at any one time without specific approval of the board. The board may define appropriate direction and supervision pursuant to rules.

(3) The provisions of sections 12-36-106 (5) and 12-36-107.4 governing physician assistants under the "Colorado Medical Practice Act" shall apply to physician assistants under this section.

12-32-109.5. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of podiatry - definitions. (1) Persons licensed to practice podiatry by the Colorado podiatry board may form professional service corporations for the practice of podiatry under the "Colorado Corporation Code", if such corporations are organized and operated in accordance with the provisions of this section. The articles of incorporation of such corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation shall be organized solely for the purposes of conducting the practice of podiatry only through persons licensed by the Colorado podiatry board to practice podiatry in the state of Colorado.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) All shareholders of the corporation shall be persons licensed by the Colorado podiatry board to practice podiatry in the state of Colorado, and who at all times own their shares in their own right. They shall be individuals who, except for illness, accident, time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of podiatry in the offices of the corporation.

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all his or her shares immediately, either to the corporation or to any person having the qualifications described in paragraph (d) of this subsection (1).

(f) The president shall be a shareholder and a director and, to the extent possible, all other directors and officers shall be persons having the qualifications described in paragraph (d) of this subsection (1). Lay directors and officers shall not exercise any authority whatsoever over professional matters. Notwithstanding sections 7-108-103 to 7-108-106, C.R.S., relating to the terms of office of directors, a professional service corporation for the practice of podiatry may provide in the articles of incorporation or the bylaws that the directors may have terms of office of up to six years and that the directors may be divided into either two or three classes, each class to be as nearly equal in number as possible, with the terms of each class staggered to provide for the periodic, but not annual, election of less than all the directors.

(g) The articles of incorporation shall provide and all shareholders of the corporation shall agree that all shareholders of the corporation shall be jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation shall be jointly and severally liable for all acts, errors, and omissions of the employees of the corporation except during periods of time when each person licensed by the Colorado podiatry board to practice podiatry in Colorado who is a shareholder or any employee of the corporation has a professional liability policy insuring himself or herself and all employees who are not licensed to practice podiatry who act at his or her direction in the amount of fifty thousand dollars for each claim and an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars or the corporation maintains in good standing professional liability insurance, which shall meet the following minimum standards:

(I) The insurance shall insure the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensed by the Colorado podiatry board to practice podiatry.

(II) Such policies shall insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance shall be in an amount for each claim of at least fifty thousand dollars multiplied by the number of persons licensed to practice podiatry employed by the corporation. The policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of persons licensed to practice podiatry employed by the corporation, but no firm shall be required to carry insurance in excess

of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof; the conduct of any business enterprise, as distinguished from the practice of podiatry, in which the insured corporation under this section is not permitted to engage but which nevertheless may be owned by the insured corporation or in which the insured corporation may be a partner or which may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith; when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and such policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) (a) The corporation shall do nothing which, if done by a person licensed to practice podiatry in the state of Colorado employed by it, would violate the standards of professional conduct as provided for in section 12-32-107 (3). Any violation by the corporation of this section shall be grounds for the Colorado podiatry board to terminate or suspend its right to practice podiatry.

(b) The provisions of paragraph (b) of subsection (5) of this section shall apply to the employment of a podiatrist by a professional service corporation, limited liability company, or registered limited liability partnership formed for the practice of podiatry in accordance with this section regardless of the date of formation of the entity.

(3) Nothing in this section shall be deemed to diminish or change the obligation of each person licensed to practice podiatry employed by the corporation to conduct his or her practice in accordance with the standards of professional conduct provided for in section 12-32-107 (3). Any person licensed by the Colorado podiatry board to practice podiatry who by act or omission causes the corporation to act or fail to act in a way that violates such standards of professional conduct, including any provision of this section, shall be deemed personally responsible for the act or omission and shall be subject to discipline for the act or omission.

(4) A professional service corporation may adopt a pension, profit-sharing (whether cash or deferred), health and accident, insurance, or welfare plan for all or part of its employees including lay employees if such plan does not require or result in the sharing of specific or identifiable fees with lay employees, and if any payments made to lay employees, or into any such plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(5) (a) Except as provided in this section, corporations shall not practice podiatry.

(b) Employment of a podiatrist by a certified or licensed hospital, licensed skilled nursing facility, certified home health agency, licensed hospice, certified comprehensive outpatient rehabilitation facility, certified rehabilitation agency, authorized health maintenance organization, accredited educational entity, or other entity wholly owned and operated by any governmental unit or agency shall not be considered the corporate practice of podiatry if:

(I) The relationship created by the employment does not affect the ability of the podiatrist to exercise his or her independent judgment in the practice of the profession;

(II) The podiatrist's independent judgment in the practice of the profession is in fact unaffected by the relationship;

(III) The policies of the entity employing the podiatrist contain a procedure by which complaints by a podiatrist alleging a violation of this paragraph (b) may be heard and resolved;

(IV) The podiatrist is not required to exclusively refer any patient to a particular provider or supplier; except that nothing in this subparagraph (IV) shall invalidate the policy provisions of a contract between a podiatrist and his or her intermediary or the managed care provisions of a health coverage plan; and

(V) The podiatrist is not required to take any other action he or she determines not to be in the patient's best interest.

(c) A podiatrist employed by an entity described in paragraph (b) of this subsection (5) shall be an employee of the entity for purposes of liability for all acts, errors, and omissions of the employee.

12-32-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any podiatric physician or podiatrist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that podiatric physicians or podiatrists utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado podiatry board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules and regulations authorized by this part 2, the Colorado podiatry board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-32-202. Board authorized to issue rules. (1) (a) The Colorado podiatry board shall adopt rules and regulations prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients for diagnostic podiatric use. No podiatric physician nor podiatrist shall allow any unlicensed person to operate a machine source of ionizing radiation or to administer such radiation to any patient unless such person has met the standards then in effect under rules and regulations adopted pursuant to this section. The board may adopt rules and regulations allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice podiatry under the provisions of this article.

(2) The Colorado podiatry board shall seek the assistance of licensed podiatrists in developing and formulating the rules and regulations promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule on or before July 1, 1992. This standard shall apply to all persons in podiatric settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

PART 1

GENERAL PROVISIONS

12-33-101. Legislative declaration - unlawful acts - license required. (1) It is hereby declared to be the policy of the general assembly of the state of Colorado that, in order to safeguard the life, health, and property and the public welfare of the people of this state and in order to protect the people of this state against unauthorized, unqualified, and improper practice of chiropractic, it is necessary that a proper regulatory authority be established and adequately provided for.

Anyone who holds himself out to the public as a doctor of chiropractic without qualifying for proper licensing under this article and without submitting to the regulations provided in this article endangers thereby the public life, health, property, and welfare.

(6) Repealed.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing such copies shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but he or she shall identify the patient by a numbered code, to be retained by the custodian of the records from which the copies were made.

(b) Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to subpoena the originals for the limited purpose of ascertaining the accuracy of the copies. The originals shall remain confidential and be returned to the custodian as soon as the accuracy of the copy is ascertained or as soon as the case is concluded if the original is needed as evidence of falsification. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie

against the board or the custodian for furnishing or using such copies in accordance with this subsection (7).

(c) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) If a licensee has committed an act which violates section 12-33-117, the board shall withhold, revoke, or suspend an existing license, issue a letter of admonition, or grant probation on terms and conditions set by the board, or otherwise discipline a licensee as provided for in this article. A revoked or suspended license may thereafter be reissued by the board. The board may dismiss or terminate probation prior to the completion of the probationary period.

(9) (a) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be sent by certified mail to the chiropractor against whom the complaint was made and a copy also sent to the person making the complaint. When a letter of admonition is sent by certified mail by the board to a chiropractor complained against, such chiropractor shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based. If such request is timely made, the letter of admonition shall be deemed vacated, and the matter shall be processed by means of formal disciplinary proceedings.

(b) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(10) Notwithstanding other laws to the contrary, investigations, examinations, meetings, and other proceedings of the board conducted pursuant to this section are not required to be conducted publically and minutes of the board need not be open to public inspection; except that final action of the board taken pursuant to this section shall be open to the public.

12-33-119.2. Cease-and-desist orders. (1) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (2). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (2) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-33-121.

12-33-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any licensed chiropractor to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that licensed chiropractors utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado state board of chiropractic examiners pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules and regulations authorized by this part 2, the board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-33-202. Board authorized to issue rules. (1) (a) The Colorado state board of chiropractic examiners shall adopt rules and regulations prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients for diagnostic chiropractic use. No licensed chiropractor shall allow any unlicensed person to operate any machine source of ionizing radiation or to administer such radiation to any patient unless such person has met the standards then in effect under rules and regulations adopted pursuant to this section. The board may adopt rules and regulations allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice chiropractic under the provisions of this article.

(2) The board shall seek the assistance of licensed chiropractors in developing and formulating the rules and regulations promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule on or before July 1, 1992. This standard shall apply to all persons in chiropractic settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such

training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

(IV) Impose an administrative fine.

(b) Hearings under this section must be conducted by the board or by an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S.

(2) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but should not be dismissed as being without merit, the board may issue and send to the licensee a letter of admonition.

(b) When the board sends a letter of admonition to a licensee pursuant to paragraph (a) of this subsection (2), the board shall also advise the licensee that he or she has the right to request in writing, within twenty days after receipt of the letter, that the board initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based. If the licensee makes the request for adjudication in a timely manner, the board shall vacate the letter of admonition and shall process the matter by means of formal disciplinary proceedings.

(3) If an investigation discloses an instance of conduct that, in the opinion of the board, does not warrant formal board action and should be dismissed, but in which the board has noticed indications of possible errant conduct that could lead to serious consequences if not corrected, the board shall send a confidential letter of concern to the licensee against whom the complaint was made. The board shall send the person making the complaint a notice that the board has issued a letter of concern to the licensee.

(4) The board may include, in any disciplinary order that allows a dentist or dental hygienist to continue to practice, conditions the board deems appropriate to assure that the dentist or dental hygienist is physically, mentally, and otherwise qualified to practice dentistry or

dental hygiene in accordance with generally accepted professional standards of practice. The order may include any or all of the following:

(a) A condition that the licensee submit to examinations to determine the licensee's physical or mental condition or professional qualifications;

(b) A condition that the licensee take therapy, courses of training, or education as needed to correct deficiencies found by the board or by examinations required pursuant to paragraph (a) of this subsection (4);

(c) Review or supervision of the licensee's practice as necessary to determine the quality of the practice and to correct any deficiencies;

(d) The imposition of restrictions on the licensee's practice to assure that the practice does not exceed the limits of the licensee's capabilities.

(5) The board may suspend the license of a dentist or dental hygienist who fails to comply with an order of the board issued in accordance with this section. The board may impose the license suspension until the licensee complies with the board's order.

(6) (a) In addition to any other penalty permitted under this article, when a licensed dentist or dental hygienist violates a provision of this article or of any rule promulgated pursuant to this article, the board may impose a fine on the licensee. If the licensee is a dentist, the fine must not exceed five thousand dollars. If the licensee is a dental hygienist, the fine must not exceed three thousand dollars.

(b) The board shall adopt rules establishing a uniform system and schedule of fines that set forth fine tiers based on the severity of the violation, the type of violation, and whether the licensee repeatedly violates this article, board rules, or board orders.

(7) If the board finds the charges proven and orders that discipline be imposed, the board may also order the licensee to take courses of training or education the board deems necessary to correct deficiencies found as a result of the hearing.

(8) Any person whose license to practice is revoked is ineligible to apply for any license under this article for at least two years after the date of revocation or surrender of the license. Any subsequent application for licensure is an application for a new license.

12-35-129.2. Disciplinary proceedings. (1) (a) Any person may submit a complaint relating to the conduct of a dentist or dental hygienist, which complaint must be in writing and signed by the person. The board, on its own motion, may initiate a complaint. The board shall notify the dentist or dental hygienist of the complaint against him or her.

(b) (I) For complaints related to the standard of care delivered to a patient that are submitted by a person other than the patient, the person submitting the complaint shall notify the patient of the complaint before filing the complaint with the board.

(II) The requirements of this paragraph (b) do not apply when a complaint is submitted to the board by a state department or agency.

(2) (a) Except as provided in paragraph (b) of this subsection (2), investigations, examinations, hearings, meetings, and other proceedings of the board conducted pursuant to this section or section 12-35-129.1, 12-35-129.3, 12-35-129.4, or 12-35-129.5 are exempt from the provisions of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to this section are open to public inspection.

(b) The final action of the board taken pursuant to this section is open to the public.

(3) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the board shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(4) Any member of the board or professional review committee authorized by the board, any member of the board's or professional review committee's staff, any person acting as a witness or consultant to the board or committee, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board or committee member, staff, consultant, or witness, respectively, if the individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that his or her action was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article is immune from any civil or criminal liability that may result from the participation.

(5) The discipline of a licensee by another state, territory, or country is deemed the equivalent of unprofessional conduct under this article; except that this subsection (5) applies only to discipline that is based upon an act or omission in the other state, territory, or country that is defined substantially the same as unprofessional conduct pursuant to this article.

(6) (a) Nothing in this section:

(I) Deprives a dental patient of the right to choose or replace any professionally recognized restorative material;

(II) Permits disciplinary action against a dentist solely for removing or placing any professionally recognized restorative material.

(b) Nothing in paragraph (a) of this subsection (6) prevents disciplinary action against a dentist for practicing dentistry in violation of this article.

(7) (a) If a professional review committee is established pursuant to this section to investigate complaints against a person licensed to practice dentistry under this article, the committee must include in its membership at least three persons licensed to practice dentistry under this article. The committee may be authorized to act only by:

(I) The board; or

(II) A society or an association of persons licensed to practice dentistry under this article whose membership includes not less than one-third of the persons licensed to practice dentistry under this article residing in this state, if the licensee whose services are the subject of review is a member of the society or association.

(b) Any member of the board or a professional review committee authorized by the board and any witness or consultant appearing before the board or professional review committee is immune from suit in any civil action brought by a licensee who is the subject of a

professional review proceeding if the member, witness, or consultant acts in good faith within the scope of the function of the board or committee, has made a reasonable effort to obtain the facts of the matter as to which the member, witness, or consultant acts, and acts in the reasonable belief that his or her action is warranted by the facts. The immunity provided by this paragraph (b) extends to the members of an authorized professional review committee of a society or an association of persons licensed pursuant to this article and witnesses or consultants appearing before the committee if the committee is authorized to act as provided in subparagraph (II) of paragraph (a) of this subsection (7).

(c) A professional review committee of a society or an association of persons licensed pursuant to this article shall:

(I) Notify the board within sixty days after the review committee analyzes care provided by a licensee and determines that the care may not meet generally accepted standards or that the licensee has otherwise violated any provision of this article. The licensee may be subject to disciplinary action by the board.

(II) Allow the board or its designee to conduct a periodic audit of records of the review committee. A person designated by the board to conduct the audit must be a licensed or retired dentist from any state. The board or its designee shall conduct the audit no more than twice annually. If any pattern of behavior of a licensee is identified that may constitute reasonable grounds to believe there has been a violation of this article, all relevant records of the review committee are subject to a subpoena issued by the board.

(d) (I) The proceedings and records of a review committee must be held in confidence and are not subject to discovery or introduction into evidence in any civil action against a dentist arising out of the matters that are the subject of evaluation and review by the committee. However, records of closed proceedings and investigations are available to the particular licensee under review and the complainant involved in the proceedings.

(II) A person who was in attendance at a meeting of the committee shall not be permitted or required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or any members of the committee. However, information, documents, or records otherwise available from original sources are not protected from discovery or use in a civil action merely because they were presented during proceedings of the committee, and any documents or records that have been presented to the review committee by any witness must be returned to the witness, if requested by the witness or if ordered to be produced by a court in any action, with copies to be retained by the committee at its discretion.

(III) Any person who testifies before the committee or who is a member of the committee is not prevented from testifying as to matters within the person's knowledge, but the person may not be asked about his or her testimony before the committee or opinions he or she formed as a result of the committee hearings.

12-35-129.3. Board panels. (1) The chairperson of the board shall divide the members of the board, other than the chairperson, into two panels of six members each.

(2) Each panel shall act as both an inquiry panel and a hearing panel. The chairperson may reassign members of the board from one panel to the other. The chairperson may be a member of both panels, but neither the chairperson nor any other member who has considered a complaint as a member of a panel acting as an inquiry panel shall take any part in the consideration of a formal complaint involving the same matter.

(3) If the inquiry panel refers a matter for formal hearing, the hearing panel or a committee of the hearing panel shall hear the matter. However, in its discretion, either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge in lieu of a hearing panel of the board for an initial decision pursuant to section 24-4-105, C.R.S.

(4) A licensee who is the subject of an initial decision by an administrative law judge, or by the hearing panel that would have heard the case upon its own motion, may seek review of the initial decision pursuant to section 24-4-105 (14) and (15), C.R.S., by filing an exception to the initial decision with the hearing panel that would have heard the case if it had not been referred to an administrative law judge. The respondent or the board's counsel may file the exception.

(5) The inquiry panel to whom an investigation is assigned shall supervise the investigation, and the person conducting the investigation shall report the results of the investigation to the panel for appropriate action.

12-35-129.4. Cease-and-desist orders. (1) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist the activity. The board shall set forth in the order the statutes and rules the person is alleged to have violated, the facts alleged to constitute the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. The board or an administrative law judge, as applicable, shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to the person an order to show cause as to why the board should not issue a final order directing the person to cease and desist from the unlawful act or unlicensed practice.

(b) The board shall promptly notify the person against whom it issues an order to show cause pursuant to paragraph (a) of this subsection (2) of the issuance of the order and shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. The board may serve the notice by personal service, by first-class United States mail, postage prepaid, or by other means as may be practicable. Personal service or mailing of an order or document pursuant to this subsection (2) constitutes notice to the person.

(c) (I) The board shall commence the hearing on an order to show cause no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification as provided in paragraph (b) of this subsection (2). The board may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the board commence the hearing later than sixty calendar days after the date of transmission or service of the notification.

(II) If the person against whom the board has issued the order to show cause pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The board or an administrative law judge, as applicable, shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, the board may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order is issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and is a final order for purposes of judicial review.

(3) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in an unlicensed act or practice; an act or practice constituting a violation of this part 1, a rule promulgated pursuant to this part 1, or an order issued pursuant to this part 1; or an act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with the person.

(4) If a person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-35-130.

12-35-129.5. Mental and physical examinations. (1) (a) If the board has reasonable cause to believe that a person licensed to practice dentistry or dental hygiene in this state is unable to practice dentistry or dental hygiene with reasonable skill and safety to patients because of a physical or mental disability or because of excessive use of alcohol, a habit-forming drug or substance, or a controlled substance, as defined in section 18-18-102 (5), C.R.S., the board may require the licensed dentist or dental hygienist to submit to a mental or physical examination by a qualified professional designated by the board.

(b) Upon the failure of the licensed dentist or dental hygienist to submit to a mental or physical examination required by the board, unless the failure is due to circumstances beyond the dentist's or dental hygienist's control, the board may suspend the dentist's or dental hygienist's license to practice dentistry or dental hygiene in this state until the dentist or dental hygienist submits to the examination.

(2) Every person licensed to practice dentistry or dental hygiene in this state is deemed, by so practicing or by applying for a renewal of the person's license to practice dentistry or dental hygiene in this state, to have:

(a) Given consent to submit to a mental or physical examination when directed in writing by the board; and

(b) Waived all objections to the admissibility of the examining qualified professional's testimony or examination reports on the ground of privileged communication.

(3) The results of any mental or physical examination ordered by the board cannot be used as evidence in any proceeding other than before the board.

12-35-129.6. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a licensed dentist or dental hygienist has a physical illness; a physical condition; or a behavioral or mental health disorder that renders him or her unable to practice dentistry or dental hygiene with reasonable skill and safety to clients, the dentist or dental hygienist shall notify the board of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period determined by the board. The board may require the dentist or dental hygienist to submit to an examination to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the dentist's or dental hygienist's ability to practice dentistry or dental hygiene with reasonable skill and safety to patients.

(2) (a) Upon determining that a dentist or dental hygienist with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited services

with reasonable skill and safety to patients, the board may enter into a confidential agreement with the dentist or dental hygienist in which the dentist or dental hygienist agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the board.

(b) As part of the agreement, the dentist or dental hygienist is subject to periodic reevaluations or monitoring as determined appropriate by the board.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the board pursuant to this section to limit his or her practice, a dentist or dental hygienist is not engaging in activities prohibited pursuant to section 12-35-129 (1). The agreement does not constitute a restriction or discipline by the board. However, if the dentist or dental hygienist fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-35-129 (1)(j), and the dentist or dental hygienist is subject to discipline in accordance with section 12-35-129.

(4) This section does not apply to a dentist or dental hygienist subject to discipline for prohibited activities as described in section 12-35-129 (1)(e).

Such fee shall not exceed one hundred dollars per year per licensee.

(b) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program shall:

(I) Provide for the education of dentists with respect to the recognition and prevention of physical, emotional, and psychological problems and provide for intervention when necessary or under circumstances that may be established by rules promulgated by the board;

(II) Offer assistance to a dentist in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the dentist for appropriate treatment;

(IV) Monitor the status of a dentist who has been referred for treatment;

(V) Provide counseling and support for the dentist and for the family of any dentist referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make its services available to all licensed Colorado dentists.

(c) The administering entity shall be a qualified, nonprofit private foundation that is qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to dentistry, dental education, dental research and science, and other dental charitable purposes.

(d) The responsibilities of the administering entity shall be to:

(I) Collect the required annual payments, directly or through the board;

(II) Verify to the board, in a manner acceptable to the board, the names of all dentist applicants who have paid the fee set by the board;

(III) Distribute the moneys collected, less expenses, to the designated provider, as directed by the board;

(IV) Provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) Post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e) The board, at its discretion, may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all such payments to the administering entity. All required annual payments collected or due to the board for each fiscal year shall be deemed custodial funds that are not subject to appropriation by the general assembly, and such funds shall not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(2) (a) Any dentist who is a referred participant in a peer health assistance program shall enter into a written agreement with the board prior to such dentist becoming a participant in such program. Such agreement shall contain specific requirements and goals to be met by the participant, including the conditions under which the program will be successfully completed or terminated, and a provision that a failure to comply with such requirements and goals shall be promptly reported to the board and that such failure shall result in disciplinary action by the board.

(b) Notwithstanding section 12-35-129 and section 24-4-104, C.R.S., the board may immediately suspend the license of any dentist who is referred to a peer health assistance program by the board and who fails to attend or to complete such program. If such dentist objects to such suspension, he or she may submit a written request to the board for a formal hearing on such suspension within ten days after receiving notice of such suspension, and the board shall grant such request. In such hearing the dentist shall bear the burden of proving that his or her license should not be suspended.

(c) Any dentist who is accepted into a peer health assistance program in lieu of disciplinary action by the board shall affirm that, to the best of his or her knowledge, information, and belief, he or she knows of no instance in which he or she has violated this

article or the rules of the board, except in those instances affected by the dentist's physical, emotional, or psychological problems.

(2.5) If a dentist is arrested for a drug- or alcohol-related offense, the dentist shall refer himself or herself to the peer health assistance program within thirty days after the arrest for an evaluation and referral for treatment as necessary. If the dentist self-refers, the evaluation by the program is confidential and cannot be used as evidence in any proceeding other than before the board. If a dentist fails to comply with this subsection (2.5), the failure, alone, is not grounds for discipline under sections 12-35-129 and 12-35-129.1 unless the dentist has also committed an act or omission specified in section 12-35-129, other than an act or omission specified in section 12-35-129 (1)(e) or (1)(f).

(3) Nothing in this section shall be construed to create any liability on behalf of the board or the state of Colorado for the actions of the board members in making grants to peer assistance programs, and no civil action may be brought or maintained against the board or the state for an injury alleged to have been the result of the activities of any state-funded peer assistance program or the result of an act or omission of a dentist participating in or referred by a state-funded peer assistance program. However, the state shall remain liable under the provisions of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S., if an injury alleged to have been the result of an act or omission of a dentist participating in or referred by a state-funded peer assistance program occurred while such dentist was performing duties as an employee of the state.

(4) The board is authorized to promulgate rules necessary to implement the provisions of this section.

(2) The board may adopt rules establishing the basic requirements for continuing education, including the types of programs that qualify, exemptions for persons holding an inactive or retired license, requirements for courses designed to enhance clinical skills for certain licenses, and the manner by which dentists and dental hygienists are to report compliance with the continuing education requirements.

As a condition of renewing an anesthesia or sedation permit, a licensed dentist shall attest, when applying to renew the permit, that he or she completed seventeen continuing education credits specific to anesthesia or sedation administration during the five-year permit period. Continuing education credits obtained as required by this section may be used to satisfy the continuing education requirements in section 12-35-139.

(3) (a) A licensed dental hygienist who obtains a local anesthesia permit pursuant to this section may administer local anesthesia.

(b) A local anesthesia permit issued to a dental hygienist is valid as long as the dental hygienist's license is active.

(b) In order to fulfill the training and experience requirements for an anesthesia or sedation permit, an applicant must be the primary provider and directly provide care for all required case work.

(c) The rules relating to anesthesia and sedation are not intended to:

(I) Permit administration of local anesthesia, analgesia, medication prescribed or administered for the relief of anxiety or apprehension, minimal sedation, moderate sedation, deep sedation, or general anesthesia by dental assistants; except that this section does not prohibit a dental assistant from monitoring and administering nitrous oxide/oxygen inhalation performed under the supervision of a licensed dentist pursuant to section 12-35-113 (1)(q) and board rules; or

(II) Reduce competition or restrain trade with respect to the dentistry needs of the public.

(d) A requirement for reinspection of an office prior to the renewal of a moderate sedation or deep sedation/general anesthesia permit.

PART 2

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

Cross references: For similar provisions in article 32 of this title regulating podiatrists, see part 2 of said article; for similar provisions in article 33 of this title regulating chiropractors, see part 2 of said article.

12-35-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any dentist or dental hygienist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that dentists and dental hygienists utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado dental board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules authorized by this part 2, the board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-35-202. Board authorized to issue rules. (1) (a) The Colorado dental board shall adopt rules prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients for diagnostic medical use. A licensed dentist or dental hygienist shall not allow an unlicensed person to operate a machine source of ionizing radiation or to administer radiation to any patient unless the person meets standards then in effect under rules adopted pursuant to this section. The board may adopt rules allowing a grace period in which newly hired operators of machine sources of ionizing radiation are to receive the training required by this section.

(b) For purposes of this part 2, "unlicensed person" means a person who does not hold a current and active license entitling the person to practice dentistry or dental hygiene under the provisions of this article.

(2) The board shall seek the assistance of licensed dentists or licensed dental hygienists in developing and formulating the rules promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule. This standard shall apply to all persons in dental settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience, including on-the-job training as determined by the board.

(b) On July 1, 2014, each active massage therapy registration becomes an active massage therapy license by operation of law. The conversion from registration to licensure does not affect any prior discipline, limitation, or condition imposed by the director on a massage therapist's registration; limit the director's authority over any registrant; or affect any pending investigation or administrative proceeding. The director shall treat any application for a massage therapist registration pending as of July 1, 2014, as an application for licensure, which application is subject to the requirements established by the director.

Third-party vendors shall not keep the applicant information for more than thirty days unless requested to do so by the applicant. The applicant shall submit payment by certified check or money order for the fingerprints and for the actual costs of the record check at the time the fingerprints are submitted to the Colorado bureau of investigation. (a) The practice of massage therapy that is a part of a program of study by students enrolled in a massage therapy program at an approved massage therapy school. Students enrolled in such programs are to be identified as "student massage therapists" and shall not hold themselves out as licensed massage therapists. (I) Practices using reflexology, auricular therapy, and meridian therapies that affect the reflexes of the body;

(II) Practices using touch, words, and directed movements to deepen a person's awareness of movement patterns in his or her body, such as the Feldenkrais method, the Trager approach, and body-mind centering;

(2) If there is a continued pattern of criminal behavior with arrests, complaints regarding sexual misconduct, or criminal intent that is related to human trafficking disguised as a legitimate exemption, the director may, at his or her discretion, determine that a practice is no longer exempt from licensing pursuant to paragraph (e) of subsection (1) of this section.

(3) Nothing in this article prohibits the practice of massage therapy by a person who is licensed or registered to practice medicine, nursing, osteopathy, physiology, chiropractic, podiatry, cosmetology, or any other health care profession, as long as the practice is within the limits of each respective practice act.

12-35.5-112. Disciplinary proceedings - injunctions - investigations - hearings - judicial review - fine. (1) The director may revoke, suspend, deny, or refuse to renew a license, issue a letter of admonition to a licensee, or place a licensee on probation in accordance with the disciplinary proceedings described in this section upon proof that the person committed a violation of section 12-35.5-111.

(2) The director may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin any person from engaging in or aiding and abetting an act or practice prohibited by this article. When seeking a temporary restraining order, preliminary injunction, or injunction under this subsection (2), the attorney general is not required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(3) (a) The director is authorized to investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the director pursuant to article 4 of title 24, C.R.S., and this article.

(b) The director or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any

hearing, investigation, accusation, or other matter coming before the director. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, and make findings and report them to the director.

(c) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. If a person or licensee fails to obey the order of the court, the court may hold the person or licensee in contempt of court.

(4) (a) The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person who in good faith makes a complaint or report or participates in an investigative or administrative proceeding pursuant to this article shall be immune from liability, civil or criminal, that otherwise might result from such participation.

(5) An employer of a massage therapist shall report to the director any disciplinary action taken against the massage therapist or the resignation of such massage therapist in lieu of disciplinary action for conduct that violates this article.

(6) On completion of an investigation, the director shall find one of the following:

(a) The complaint is without merit and no further action need be taken with reference thereto;

(b) There is no reasonable cause to warrant further action; or

(c) The complaint discloses misconduct by the licensee that warrants formal action.

When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution. Rather, the director shall initiate disciplinary proceedings pursuant to subsection (7) of this section.

(7) (a) The director shall commence a disciplinary proceeding when the director has reasonable grounds to believe that a licensee has committed any act that violates section 12-35.5-111.

(b) Disciplinary proceedings shall be conducted pursuant to article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to that article by the director or by an administrative law judge, at the director's discretion.

(c) If, after the hearing, the director finds the charges proven and orders that discipline be imposed, he or she shall also determine the extent of the discipline. The director may revoke, suspend, deny, or refuse to renew a license or place a licensee on probation.

(d) If the director finds the charges against the licensee proven and orders that discipline be imposed, the director may require, as a condition of reinstatement, that the licensee take therapy or courses of training or education as may be needed to correct any deficiency found.

(8) A final action of the director may be judicially reviewed by the court of appeals in accordance with section 24-4-106 (11), C.R.S., and judicial proceedings for the enforcement of an order of the director may be instituted in accordance with section 24-4-106, C.R.S.

(9) (a) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action but should not be dismissed as being without merit, the director may send a letter of admonition to the licensee.

(b) When the director sends a letter of admonition to a licensee, the director shall notify the licensee of his or her right to request in writing, within twenty days after receipt of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct described in the letter of admonition.

(c) If the licensee timely requests adjudication, the letter of admonition is vacated, and the director shall process the matter by means of formal disciplinary proceedings.

(10) When a complaint or an investigation discloses an instance of conduct that does not warrant formal action by the director and, in the director's opinion, should be dismissed, but the director has noticed conduct that could lead to serious consequences if not corrected, the director may send a confidential letter of concern to the licensee.

(11) If a person commits an act that violates this article, the director may impose a fine not to exceed five thousand dollars per violation. Each day of a continuing violation constitutes a separate violation.

12-35.5-113. Cease-and-desist orders. (1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required license, the director may issue an order to cease and desist the activity and shall set forth in the order the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other provision of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) shall be promptly notified by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (2). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (2) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license, or has engaged or is about to engage in acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this

article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order as provided in subsection (2) of this section.

12-35.5-114. Mental and physical examination of licensees. (1) (a) If the director has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety, the director may order the licensee to take a mental or physical examination administered by a physician or other licensed health care professional designated by the director.

(b) If a licensee refuses to submit to a mental or physical examination that has been properly ordered by the director pursuant to subsection (2) of this section, and the refusal is not due to circumstances beyond the licensee's control, the refusal constitutes grounds for discipline pursuant to section 12-35.5-111 (1)(h). When a licensee has refused to submit to an examination, the director may suspend the licensee's license in accordance with section 12-35.5-112 until:

(I) The results of the examination are known; and

(II) The director has made a determination of the licensee's fitness to practice.

(c) The director shall proceed with an order for examination and determination of a licensee's fitness to practice in a timely manner.

(2) In an order to a licensee pursuant to subsection (1) of this section to undergo a mental or physical examination, the director shall include the basis of the director's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For purposes of any disciplinary proceeding authorized under this article, the licensee is deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the director testimony or examination reports from a physician or other licensed health care professional chosen by the licensee and pertaining to any condition that the director has alleged may preclude the licensee from practicing with reasonable skill and safety. The director may consider the testimony or examination reports in conjunction with, but not in lieu of, testimony and examination reports of the physician or other licensed health care professional designated by the director.

(4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed public records nor made available to the public.

(1) A person who practices or offers or attempts to practice massage therapy without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and for the second or any subsequent offense, the person commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(2) A person who knowingly aids or abets the unlicensed practice of massage therapy commits a class 2 misdemeanor for the first offense and a class 1 misdemeanor for any subsequent offense, and shall be punished as provided in section 18-1.3-501, C.R.S.

12-35.5-116. Professional liability insurance required. It is unlawful for any person to practice massage therapy within this state unless the person purchases and maintains professional liability insurance in an amount not less than fifty thousand dollars per claim with an aggregate liability limit for all claims during the year of three hundred thousand dollars. Professional liability insurance required by this section shall cover all acts within the scope of massage therapy practice as defined by section 12-35.5-103.

12-35.5-116.5. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a massage therapist has a physical illness; a physical condition; or a behavioral or mental health disorder that renders him or her unable to practice massage therapy with reasonable skill and safety to clients, the massage therapist shall notify the director of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period determined by the director. The director may require the massage therapist to submit to an examination to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the massage therapist's ability to practice massage therapy with reasonable skill and safety to clients.

(2) (a) Upon determining that a massage therapist with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited services with reasonable skill and safety to clients, the director may enter into a confidential agreement with the massage therapist in which the massage therapist agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the director.

(b) As part of the agreement, the massage therapist is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the director pursuant to this section to limit his or her practice, a massage therapist is not engaging in activities prohibited pursuant to section 12-35.5-111. The agreement does not constitute a restriction or discipline by the director. However, if the massage therapist fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-35.5-111 (1)(g), and the massage therapist is subject to discipline in accordance with section 12-35.5-112.

(4) This section does not apply to a massage therapist subject to discipline for prohibited activities as described in section 12-35.5-111 (1)(f).

(2) Local government law enforcement agencies may inspect massage therapy licenses and the business premises where massage therapy is practiced for compliance with applicable laws. Nothing in this section precludes criminal prosecution for a violation of any criminal law. If an inspection reveals the practice of massage therapy by a person without a valid license, the local government law enforcement agency shall charge the person with a misdemeanor pursuant to section 12-35.5-115.

(3) A city, county, city and county, or other political subdivision may inspect massage businesses, except for a sole proprietorship with a person's residence, upon complaint of illegal activity and ensure that the people performing massage therapy are licensees. 12-36-118. Disciplinary action by board - immunity - rules. (1) (a) The president of the board shall divide those members of the board other than the president into two panels of six members each, four of whom shall be physician members.

(b) Each panel shall act as both an inquiry and a hearings panel. Members of the board may be assigned from one panel to the other by the president. The president may be a member of both panels, but in no event shall the president or any other member who has considered a complaint as a member of a panel acting as an inquiry panel take any part in the consideration of a formal complaint involving the same matter.

(c) All matters referred to one panel for investigation shall be heard, if referred for formal hearing, by the other panel or a committee of such panel. However, in its discretion, either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge in lieu of a hearings panel of the board, for an initial decision pursuant to section 24-4-105, C.R.S.

(d) The initial decision of an administrative law judge may be reviewed pursuant to section 24-4-105 (14) and (15), C.R.S., by the filing of exceptions to the initial decision with the hearings panel which would have heard the case if it had not been referred to an administrative law judge or by review upon the motion of such hearings panel. The respondent or the board's counsel shall file such exceptions.

(2) Investigations shall be under the supervision of the panel to which they are assigned. The persons making such investigation shall report the results thereof to the assigning panel for appropriate action.

(3) (a) In the discharge of its duties, the board may enlist the assistance of other licensees. Licensees have the duty to report to the board any licensee known, or upon information and belief, to have violated any of the provisions of section 12-36-117 (1); except that a licensee who is treating another licensee for a behavioral, mental health, or substance use disorder or the excessive use of any habit-forming drug, shall not have a duty to report his or her patient unless, in the opinion of the treating licensee, the impaired licensee presents a danger to himself, herself, or others.

(b) Any member of the board, any member of the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding authorized under this

part 1, and any person who lodges a complaint pursuant to this part 1 shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this section shall be immune from any liability, civil or criminal, that otherwise might result by reason of such participation.

(4) (a) (I) Written complaints relating to the conduct of a licensee licensed or authorized to practice medicine in this state may be made by any person or may be initiated by an inquiry panel of the board on its own motion. The licensee complained of shall be given notice by first-class mail of the nature of the complaint and shall be given thirty days to answer or explain in writing the matters described in such complaint. Upon receipt of the licensee's answer or at the conclusion of thirty days, whichever occurs first, the inquiry panel may take further action as set forth in subparagraph (II) of this paragraph (a).

(II) The inquiry panel may then conduct a further investigation, which may be made by one or more members of the inquiry panel, one or more licensees who are not members of the board, a member of the staff of the board, a professional investigator, or any other person or organization as the inquiry panel directs. Any such investigation shall be entirely informal.

(b) The board shall cause an investigation to be made when the board is informed of:

(I) Disciplinary actions taken by hospitals to suspend or revoke the privileges of a physician and reported to the board pursuant to section 25-3-107, C.R.S.;

(II) Disciplinary actions taken as a result of a professional review proceeding pursuant to part 1 of article 36.5 of this title against a physician. Such disciplinary actions shall be promptly reported to the board.

(III) An instance of a medical malpractice settlement or judgment against a licensee reported to the board pursuant to section 10-1-120, C.R.S.; or

(IV) Licensees who have been allowed to resign from hospitals for medical misconduct. Such hospitals shall report the same.

(c) On completion of an investigation, the inquiry panel shall make a finding that:

(I) The complaint is without merit and no further action need be taken with reference thereto;

(II) There is no reasonable cause to warrant further action with reference thereto;

(II.5) The investigation discloses an instance of conduct that does not warrant formal action by the board and should be dismissed but in which the inquiry panel has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected. In such a case, a confidential letter of concern shall be sent to the licensee against whom the complaint was made.

(III) (A) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(B) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty

days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(C) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(IV) (A) The investigation discloses facts that warrant further proceedings by formal complaint, as provided in subsection (5) of this section, in which event the complaint shall be referred to the attorney general for preparation and filing of a formal complaint.

(B) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(d) All proceedings pursuant to this subsection (4) shall be expeditiously and informally conducted so that no licensee is subjected to unfair and unjust charges and that no complainant is deprived of his or her right to a timely, fair, and proper investigation of his or her complaint.

(e) Repealed.

(5) (a) to (d) (Deleted by amendment, L. 95, p. 1062, § 13, effective July 1, 1995.)

(e) All formal complaints shall be heard and determined in accordance with paragraph (f) of this subsection (5) and section 24-4-105, C.R.S. Except as provided in subsection (1) of this section, all formal hearings shall be conducted by the hearings panel. The licensee may be present in person and by counsel, if so desired, to offer evidence and be heard in his or her own defense. At formal hearings, the witnesses shall be sworn and a complete record shall be made of all proceedings and testimony.

(f) Except as provided in subsection (1) of this section, an administrative law judge shall preside at the hearing and shall advise the hearings panel, as requested, on legal matters in connection with the hearing. The administrative law judge shall provide advice or assistance as requested by the hearings panel in connection with its preparations of its findings and recommendations or conclusions to be made. The administrative law judge may administer oaths and affirmations, sign and issue subpoenas, and perform other duties as authorized by the hearings panel.

(g) (I) To warrant a finding of unprofessional conduct, the charges shall be established as specified in section 24-4-105 (7), C.R.S. Except as provided in subsection (1) of this section, the hearings panel shall make a report of its findings and conclusions which, when approved and signed by a majority of those members of the hearings panel who have conducted the hearing pursuant to paragraphs (e) and (f) of this subsection (5), shall be and become the action of the board.

(II) If it is found that the charges are unproven, the hearings panel, or an administrative law judge sitting in lieu of the hearings panel pursuant to subsection (1) of this section, shall enter an order dismissing the complaint.

(III) If the hearings panel finds the charges proven and orders that discipline be imposed, it shall also determine the extent of such discipline, which must be in the form of a letter of admonition, suspension for a definite or indefinite period, or revocation of license to practice. The hearings panel also may impose a fine of up to five thousand dollars per violation. In determining appropriate disciplinary action, the hearings panel shall first consider sanctions that are necessary to protect the public. Only after the panel has considered such sanctions may it consider and order requirements designed to rehabilitate the licensee or applicant. If discipline other than revocation of a license to practice is imposed, the hearings panel may also order that

the licensee be granted probation and allowed to continue to practice during the period of such probation. The hearings panel may also include in any disciplinary order that allows the licensee to continue to practice such conditions as the panel may deem appropriate to assure that the licensee is physically, mentally, morally, and otherwise qualified to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in accordance with generally accepted professional standards of practice, including any or all of the following:

(A) Submission by the respondent to such examinations as the hearings panel may order to determine his physical or mental condition or his professional qualifications;

(B) The taking by him of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by such examinations;

(C) The review or supervision of his practice as may be necessary to determine the quality of his practice and to correct deficiencies therein; and

(D) The imposition of restrictions upon the nature of his practice to assure that he does not practice beyond the limits of his capabilities.

(III.5) Any moneys collected pursuant to subparagraph (III) of this paragraph (g) shall be transmitted to the state treasurer, who shall credit the same to the general fund.

(IV) Upon the failure of the licensee to comply with any conditions imposed by the hearings panel pursuant to subparagraph (III) of this paragraph (g), unless due to conditions beyond the licensee's control, the hearings panel may order suspension of the licensee's license to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in this state until such time as the licensee complies with such conditions.

(V) In making any of the orders provided in subparagraphs (III) and (IV) of this paragraph (g), the hearings panel may take into consideration the licensee's prior disciplinary record. If the hearings panel does take into consideration any prior discipline of the licensee, its findings and recommendations shall so indicate.

(VI) In all cases of revocation, suspension, or probation, the board shall enter in its records the facts of such revocation, suspension, or probation and of any subsequent action of the board with respect thereto.

(VII) to (IX) (Deleted by amendment, L. 79, p. 512, § 14, effective July 1, 1979.)

(X) In all cases involving alleged violations of section 12-36-117 (1)(mm), the board shall promptly notify the executive director of the department of public health and environment of its findings, including whether it found that the physician violated section 12-36-117 (1)(mm) and any restrictions it placed on the physician with respect to recommending the use of medical marijuana.

(h) The attorney general shall prosecute those charges which have been referred to him or her by the inquiry panel pursuant to subparagraph (IV) of paragraph (c) of subsection (4) of this section. The board may direct the attorney general to perfect an appeal.

(i) Any person whose license to practice medicine, to practice as a physician assistant, or to practice as an anesthesiologist assistant is revoked or who surrenders his or her license to avoid discipline is not eligible to apply for any license for two years after the date the license is revoked or surrendered. The two-year waiting period applies to any person whose license to practice medicine, to practice as a physician assistant, to practice as an anesthesiologist assistant, or to practice any other health care occupation is revoked by any other legally qualified board or regulatory entity.

(6) A majority of the members of the board, three members of the inquiry panel, or three members of the hearings panel shall constitute a quorum. The action of a majority of those present comprising such quorum shall be the action of the board, the inquiry panel, or the hearings panel.

(7) (Deleted by amendment, L. 2010, (HB 10-1260), ch. 403, p. 1951, § 17, effective July 1, 2010.)

(8) If any licensee is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or part 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the mental incompetency or insanity is of such a degree that the licensee is incapable of continuing to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, the board shall automatically suspend his or her license, and, anything in this article to the contrary notwithstanding, such suspension must continue until the licensee is found by such court to be competent to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant.

(9) (a) If the board has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety to patients because of a condition described in section 12-36-117 (1)(i) or (1)(o), it may require such licensee to submit to mental or physical examinations by physicians designated by the board. If a licensee fails to submit to such mental or physical examinations, the board may suspend the license until the required examinations are conducted.

(b) Every licensee shall be deemed, by so practicing or by applying for annual registration of such person's license, to have consented to submit to mental or physical examinations when directed in writing by the board. Further, such person shall be deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground of privileged communication. Subject to applicable federal law, such licensee shall be deemed to have waived all objections to the production of medical records to the board from health care providers that may be necessary for the evaluations described in paragraph (a) of this subsection (9).

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the board.

(10) (a) Investigations, examinations, hearings, meetings, or any other proceedings of the board conducted pursuant to this section shall be exempt from any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to this section be open to public inspection. This subsection (10) shall not apply to investigations, examinations, hearings, meetings, or any other proceedings or records of the licensing panel created pursuant to section 12-36-111.3 related to the unlicensed practice of medicine.

(b) For purposes of the records related to a complaint filed pursuant to this section against a licensee, the board is considered a professional review committee, the records related to the complaint include all records described in section 12-36.5-102 (7), and section 12-36.5-104 (11) applies to those records.

(11) A licensee who, at the request of the board, examines another licensee shall be immune from suit for damages by the person examined if the examining person conducted the examination and made his or her findings or diagnosis in good faith.

(12) (Deleted by amendment, L. 95, p. 1062, § 13, effective July 1, 1995.)

(13) Within thirty days after the board takes final action, which is of public record, to revoke or suspend a license or to place a licensee on probation based on competence or professional conduct, the board shall send notice of the final action to any hospital in which the licensee has clinical privileges, as indicated by the licensee.

(14) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person or in its own motion, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (14), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(15) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (15) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (15). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (15) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (15), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom such order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(16) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(17) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(18) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-36-119.

(19) If a physician has a restriction placed on his or her license, the restriction shall, if practicable, state whether the restriction prohibits the physician from making a medical marijuana recommendation.

12-36-118.5. Confidential agreements to limit practice - violation grounds for discipline. (1) If a physician, physician assistant, or anesthesiologist assistant suffers from a physical illness; a physical condition; or a behavioral or mental health disorder that renders the licensee unable to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant with reasonable skill and with safety to patients, the physician, physician assistant, or anesthesiologist assistant shall notify the board of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period determined by the board. The board may require the licensee to submit to an examination or refer the licensee to a peer health assistance program pursuant to section 12-36-123.5 to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the licensee's ability to practice with reasonable skill and with safety to patients.

(2) (a) Upon determining that a physician, physician assistant, or anesthesiologist assistant with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited medical services with reasonable skill and with safety to patients, the board may enter into a confidential agreement with the physician, physician assistant, or anesthesiologist assistant in which the physician, physician assistant, or anesthesiologist assistant agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the board.

(b) As part of the agreement, the licensee shall be subject to periodic reevaluations or monitoring as determined appropriate by the board. The board may refer the licensee to the peer assistance health program for reevaluation or monitoring.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the board pursuant to this section to limit his or her practice, the licensee shall not be deemed to be engaging in unprofessional conduct, and the agreement shall be considered an administrative action and shall not constitute a restriction or discipline by the board. However, if the licensee fails to comply with the terms of an agreement entered into pursuant to this section, such failure constitutes unprofessional conduct pursuant to

section 12-36-117 (1)(o), and the licensee shall be subject to discipline in accordance with section 12-36-118.

(4) This section shall not apply to a licensee subject to discipline for unprofessional conduct as described in section 12-36-117 (1)(i).

12-36-122. Physician training licenses. (1) Any person serving an approved internship, residency, or fellowship, as defined by this article, in a hospital in this state may do so for an aggregate period of up to six years under the authority of a physician training license issued pursuant to this subsection and without a license to practice medicine issued pursuant to section 12-36-107 or 12-36-107.6.

(2) No person shall be granted a physician training license unless such person meets the following criteria:

(a) The person has been accepted into and demonstrates the intention to participate in an approved internship, residency, or fellowship, as defined by this article; and

(b) The person is not otherwise licensed to practice medicine in this state.

(3) The board may refrain from issuing a physician training license, or may grant a physician training license subject to terms or probation, for any of the reasons listed in section 12-36-116 (1)(a), (1)(b), or (1)(c). An applicant whose physician training license is denied or is granted subject to terms of probation may seek review pursuant to section 24-4-104 (9), C.R.S.; except that, if an applicant accepts a physician training license that is subject to terms of probation, such acceptance shall be in lieu of and not in addition to the remedies set forth in section 24-4-104 (9), C.R.S.

(4) Except as provided in subsection (3) of this section, the board shall issue a physician training license upon receipt of a statement from the approved internship, residency, or fellowship program stating that the applicant meets the criteria set forth in subsection (2) of this section and that the approved internship, residency, or fellowship accepts responsibility for the applicant's training while in the program. The statement shall be signed by the program director, clinical director, or other physician responsible for the training of the applicant. The statement shall be submitted to the board no later than thirty days prior to the date on which the applicant begins the approved internship, residency, or fellowship in this state.

(5) Where feasible, the applicant shall submit a completed application, on a form approved by the board, on or before the date on which the applicant begins the approved internship, residency, or fellowship in this state. Any physician training license granted pursuant to this section shall expire if a completed application is not received by the board sixty days after the applicant begins the approved internship, residency, or fellowship in this state. The board may establish and charge an application and renewal fee not to exceed fifty dollars for such physician training licenses pursuant to section 24-34-105, C.R.S. Such applicants and renewal applicants shall not be required to pay any fee pursuant to section 12-36-123.5.

(6) Except as otherwise provided in this section, such physician training license shall be subject to renewal as set forth in section 12-36-123 (1)(a) and (1)(b). In no event shall any person hold a Colorado physician training license for more than an aggregate period of six years.

(7) A physician training licensee may practice medicine as defined by this article with the following restrictions:

(a) A physician training licensee shall be authorized to practice medicine only under the supervision of a physician licensed to practice medicine pursuant to section 12-36-107 or 12-36-107.6 and only as necessary for the physician training licensee's participation in the approved internship, residency, or fellowship designated on the licensee's application for a physician training license.

(b) (I) A physician training license shall expire:

(A) Within sixty days under the circumstances described in subsection (5) of this section;

(B) At the time the physician training licensee ceases to participate in the approved internship, residency, or fellowship program identified on the licensee's application form; or

(C) At the time the physician training licensee obtains any other license to practice medicine issued by the board.

(II) If a physician training licensee entered an approved internship, residency, or fellowship other than the approved internship, residency, or fellowship indicated on the licensee's application, the licensee shall file a new application with the board pursuant to subsections (4) and (5) of this section.

(c) A physician training licensee shall not have the authority to delegate the rendering of medical services to a person who is not licensed to practice medicine pursuant to section 12-36-106 (3)(l) and shall not have the authority to supervise physician assistants as provided by section 12-36-106 (5).

(d) The issuance of a physician training license shall not be construed to require the board to issue the physician training licensee a license to practice medicine pursuant to section 12-36-107 or 12-36-107.6.

(8) A physician training licensee may be disciplined for unprofessional conduct as defined in section 12-36-117, pursuant to the procedures outlined in section 12-36-118.

(9) Repealed.

(10) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall report to the board no later than thirty days after a physician training licensee has been terminated or has resigned from the approved internship, residency, or fellowship.

12-36-122.5. Intern, resident, or fellow reporting. (1) Notwithstanding any provision of 12-36-118 (10) to the contrary, the board shall inform the licensed physicians responsible for the supervision of an intern, resident, or fellow of any complaint received in writing relating to the intern, resident, or fellow. The board shall also inform the program sponsoring such intern, resident, or fellow of actions of the board regarding such complaint.

(2) The board in its discretion may release records that are not otherwise privileged or confidential by law to the licensed physicians responsible for the supervision of an intern, resident, or fellow, but only if such physician agrees in writing not to redisclose such records or the information contained therein for use outside of any proceeding within the program or practice site.

(3) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall promptly report to the board anything concerning a licensee in the graduate training program that would constitute a violation of this article. The physicians shall also report to the board any licensee who has not progressed satisfactorily in the program because the licensee has been dismissed, suspended, or placed on probation for reasons that constitute unprofessional conduct as defined in section 12-36-117, unless the conduct has been reported to the peer health assistance program pursuant to section 12-36-123.5.

12-36-123. Procedure - registration - fees. (1) (a) All licenses shall be renewed or reinstated pursuant to a schedule established by the director of the division of professions and occupations within the department of regulatory agencies and shall be renewed or reinstated pursuant to section 24-34-102 (8), C.R.S. The director of the division may establish renewal fees and delinquency fees for reinstatement pursuant to section 24-34-105, C.R.S., and shall increase renewal fees consistent with section 24-34-109 (4), C.R.S., to fund the division's costs in administering and staffing the nurse-physician advisory task force for Colorado health care created in section 24-34-109 (1), C.R.S. If a person fails to renew his or her license pursuant to the schedule established by the director of the division of professions and occupations, such license shall expire. A person whose license has expired shall be subject to the penalties provided in this article or section 24-34-102 (8), C.R.S.

(b) The board shall design a questionnaire to accompany the renewal form for the purpose of determining whether a licensee has acted in violation of this article or been disciplined for any action that might be considered a violation of this article or might make the licensee unfit to practice medicine with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, such failure shall constitute unprofessional conduct under section 12-36-117 (1)(aa).

(c) Applicants for relicensure shall not be required to attend and complete continuing medical education programs, except as directed by the board to correct deficiencies of training or education as directed under section 12-36-118 (5)(g)(III)(B).

(1) to (3) Repealed.

(3.5) (a) (Deleted by amendment, L. 95, p. 1068, § 17, effective July 1, 1995.)

(b) (I) As a condition of physician, physician assistant, and anesthesiologist assistant licensure and renewal in this state, every applicant shall pay, pursuant to paragraph (e) of this subsection (3.5), an amount set by the board, not to exceed sixty-one dollars per year, which maximum amount may be adjusted on January 1, 2011, and annually thereafter by the board to reflect:

(A) Changes in the United States bureau of labor statistics consumer price index for the Denver-Boulder consolidated metropolitan statistical area for all urban consumers, all goods, or its successor index;

(B) Overall utilization of the program; and

(C) Differences in program utilization by physicians, physician assistants, and anesthesiologist assistants.

(II) Based on differences in utilization rates between physicians, physician assistants, and anesthesiologist assistants, the board may establish different fee amounts for physicians, physician assistants, and anesthesiologist assistants.

(III) The fee imposed pursuant to this paragraph (b) is to support designated providers that have been selected by the board to provide assistance to physicians, physician assistants, and anesthesiologist assistants needing help in dealing with physical, emotional, or psychological problems that may be detrimental to their ability to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, as applicable.

(c) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program must:

(II) Offer assistance to a physician, physician assistant, or anesthesiologist assistant in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the physician, physician assistant, or anesthesiologist assistant for appropriate treatment;

(IV) Monitor the status of a physician, physician assistant, or anesthesiologist assistant who has been referred for treatment;

(V) Provide counseling and support for the physician, physician assistant, or anesthesiologist assistant and for the family of any physician, physician assistant, or anesthesiologist assistant referred for treatment;

(d) The administering entity shall be a qualified, nonprofit private foundation that is qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to medicine, medical education, medical research and science, and other medical charitable purposes.

(e) The responsibilities of the administering entity are:

(I) To collect the required annual payments, either directly or through the board pursuant to paragraph (e.5) of this subsection (3.5);

(II) To verify to the board, in a manner acceptable to the board, the names of all physician, physician assistant, and anesthesiologist assistant applicants who have paid the fee set by the board;

(III) To distribute the moneys collected, less expenses, to the approved designated provider, as directed by the board;

(IV) To provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) To post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e.5) The board may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all such payments to the administering entity. All required annual payments collected by or due to the board for each fiscal year are custodial funds that are not subject to appropriation by the general assembly, and the distribution of the payments to the administering entity or expenditure of the payments by the administering entity does not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

12-36-134. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of medicine - definitions. (1) Persons licensed to practice medicine by the board may form professional service corporations for such persons' practice of medicine under the "Colorado Business Corporation Act", articles 101 to 117 of title 7, C.R.S., if such corporations are organized and operated in accordance with the provisions of this section. The articles of incorporation of such corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation is organized solely for the purpose of permitting individuals to conduct the practice of medicine through a corporate entity, so long as all the individuals are actively licensed physicians or physician assistants in the state of Colorado.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) (I) Except as specified in subparagraph (II) of this paragraph (d), all shareholders of the corporation are persons licensed by the board to practice medicine in the state of Colorado who at all times own their shares in their own right; except that one or more persons licensed by the board as a physician assistant may be a shareholder of the corporation as long as the physician shareholders maintain majority ownership of the corporation. The shareholders shall be individuals who, except for illness, accident, time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of medicine or as a physician assistant in the offices of the corporation.

(II) If a person licensed to practice medicine who was a shareholder of the corporation dies, an heir to the deceased shareholder may become a shareholder of the corporation for up to two years, regardless of whether the heir is licensed to practice medicine. Unless the deceased shareholder was the only shareholder of the corporation, the heir who becomes a shareholder shall be a nonvoting shareholder in all matters concerning the corporation. If the heir of the deceased shareholder ceases to be a shareholder, the shares shall be disposed of pursuant to paragraph (e) of this subsection (1).

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all his shares forthwith, either to the corporation or to any person having the qualifications described in paragraph (d) of this subsection (1).

(f) The president shall be a shareholder and a director and, to the extent possible, all other directors and officers shall be persons having the qualifications described in paragraph (d) of this subsection (1). Lay directors, officers, and heirs of deceased shareholders shall not exercise any authority whatsoever over the independent medical judgment of persons licensed by the board to practice medicine in this state. Notwithstanding sections 7-108-103 to 7-108-106, C.R.S., relating to the terms of office and classification of directors, a professional service corporation for the practice of medicine may provide in the articles of incorporation or the bylaws that the directors may have terms of office of up to six years and that the directors may be divided into classes, with the terms of each class staggered to provide for the periodic election of less than all the directors. Nothing in this article shall be construed to cause a professional service corporation to be vicariously liable to a patient or third person for the professional negligence or other tortious conduct of a physician who is a shareholder or employee of a professional service corporation.

(f.5) An heir to a deceased shareholder who becomes a shareholder shall be liable only to the same extent as the deceased shareholder would have been in his or her capacity as a shareholder, had he or she lived and remained a shareholder, for all acts, errors, and omissions of the employees of the corporation.

(g) The articles of incorporation provide and all shareholders of the corporation agree that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation, except during periods of time when each licensee who is a shareholder or any employee of the corporation has a professional liability policy insuring himself or herself and all employees who are not licensed pursuant to this article who act at his or her direction, in the amount of fifty thousand dollars for each claim and an aggregate top limit of liability per year for all claims of

one hundred fifty thousand dollars, or the corporation maintains in good standing professional liability insurance that meets the following minimum standards:

(I) The insurance insures the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensees.

(II) The policies insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance is in an amount for each claim of at least fifty thousand dollars multiplied by the number of licensees employed by the corporation. The policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of licensees employed by the corporation, but no firm shall be required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof; the conduct of any business enterprise, as distinguished from the practice of medicine, in which the insured corporation under this section is not permitted to engage but which nevertheless may be owned by the insured corporation or in which the insured corporation may be a partner or which may be controlled, operated, or managed by the insured corporation in its own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith; when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and such policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) Repealed.

(3) The corporation shall do nothing that, if done by a licensee employed by the corporation, would violate the standards of professional conduct as provided for in section 12-36-117. Any violation of this section by the corporation is grounds for the board to revoke or suspend the license of the person or persons responsible for the violation.

(4) Nothing in this section diminishes or changes the obligation of each licensee employed by the corporation to conduct his or her practice in accordance with the standards of professional conduct provided for in section 12-36-117. Any licensee who, by act or omission, causes the corporation to act or fail to act in a way that violates the standards of professional conduct, including any provision of this section, is personally responsible for such act or omission and is subject to discipline for the act or omission.

(5) Nothing in this section modifies the physician-patient privilege specified in section 13-90-107 (1)(d), C.R.S.

(6) A professional service corporation may adopt a pension, profit-sharing (whether cash or deferred), health and accident, insurance, or welfare plan for all or part of its employees including lay employees if such plan does not require or result in the sharing of specific or identifiable fees with lay employees, and if any payments made to lay employees, or into any such plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(7) (a) Corporations shall not practice medicine. Nothing in this section shall be construed to abrogate a cause of action against a professional corporation for its independent acts of negligence.

(b) Employment of a physician in accordance with section 25-3-103.7, C.R.S., shall not be considered the corporate practice of medicine.

(8) As used in this section, unless the context otherwise requires:

(a) "Articles of incorporation" includes operating agreements of limited liability companies and partnership agreements of registered limited liability partnerships.

(b) "Corporation" includes a limited liability company organized under the "Colorado Limited Liability Company Act", article 80 of title 7, C.R.S., and a limited liability partnership registered under section 7-60-144 or 7-64-1002, C.R.S.; except that the name of an entity other than a corporation shall contain the word "professional" or the abbreviation "prof." in addition to any other words required by the statute under which such entity is organized.

(c) "Director" and "officer" of a corporation includes a member and a manager of a limited liability company and a partner in a registered limited liability partnership.

(A) A bullet wound, a gunshot wound, a powder burn, or any other injury arising from the discharge of a firearm, or an injury caused by a knife, an ice pick, or any other sharp or pointed instrument that the licensee believes to have been intentionally inflicted upon a person;

(B) An injury arising from a dog bite that the licensee believes was inflicted upon a person by a dangerous dog, as defined in section 18-9-204.5 (2)(b), C.R.S.; or

(C) Any other injury that the licensee has reason to believe involves a criminal act; except that a licensee is not required to report an injury that he or she has reason to believe resulted from domestic violence unless he or she is required to report the injury pursuant to subsection (1)(a)(I)(A) or (1)(a)(I)(B) of this section or the injury is a serious bodily injury, as defined in section 18-1-901 (3)(p).

(II) Any licensee who fails to make a report as required by this section commits a class 2 petty offense, as defined by section 18-1.3-503, C.R.S., and, upon conviction thereof, shall be punished by a fine of not more than three hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

(III) Except as described in subsection (1)(a)(I)(C) of this section, a licensee may, but is not required to, report an injury that he or she has reason to believe occurred as a result of domestic violence if:

(A) The victim of the injury is at least eighteen years of age and indicates his or her preference that the injury not be reported; and

(B) The injury is not an injury that the licensee is required to report pursuant to subsection (1)(a)(I)(A) or (1)(a)(I)(B) of this section.

(IV) If a licensee does not report an injury pursuant to a victim's request, as described in subsection (1)(a)(III) of this section, the licensee shall document the victim's request in the victim's medical record.

(V) Before a licensee reports an injury that he or she has reason to believe resulted from domestic violence, as described in subsection (1)(a)(III) of this section, the licensee shall make a good-faith effort, confidentially, to advise the victim of the licensee's intent to do so.

(VI) If a licensee has reason to believe that an injury resulted from domestic violence, then, regardless of whether the licensee reports the injury to law enforcement, the licensee shall either refer the victim to a victim's advocate, as defined in section 13-90-107 (1)(k)(II), or provide the victim with information concerning services available to victims of abuse.

(b) (I) When a licensee or nurse performs a medical forensic examination that includes the collection of evidence at the request of a victim of sexual assault, the licensee's or nurse's employing medical facility shall, with the consent of the victim of the sexual assault, make one of the following reports to law enforcement:

Additionally, the licensee or nurse shall provide the identifying number to the victim.

(II) Nothing in this section:

(III) If the licensee's employing medical facility knows where the alleged sexual assault occurred, the facility shall make the report with the law enforcement agency in whose jurisdiction the crime occurred regarding preservation of the evidence. If the medical facility does not know where the alleged sexual assault occurred, the facility shall make the report with its local law enforcement agency regarding preservation of the evidence.

(IV) In addition to the report required by subparagraph (I) of this paragraph (b) to be filed by the employing medical facility, a licensee who attends or treats any of the injuries described in sub-subparagraph (A) of subparagraph (I) of paragraph (a) of this subsection (1) of a victim of a sexual assault shall also report the injury to the police or sheriff as required by paragraph (a) of this subsection (1).

(b) A licensee who, in good faith, refers a victim to a victim's advocate or provides a victim with information concerning services available to victims of abuse, as described in subsection (1)(a)(VI) of this section, is not civilly liable for any act or omission of the victim's advocate or of any agency that provides such services to the victim.

(3) Any licensee who makes a report pursuant to subsection (1) of this section shall not be subject to the physician-patient relationship described in section 13-90-107 (1)(d), C.R.S., as to the medical examination and diagnosis. Such licensee may be examined as a witness, but not as to any statements made by the patient that are the subject matter of section 13-90-107 (1)(d), C.R.S.

ARTICLE 36.5

Professional Review of Health Care Providers

PART 1

PROFESSIONAL REVIEW PROCEEDINGS - PHYSICIANS

Law reviews: For article, "The Colorado Peer Review Act: The Fog Lifts", see 30 Colo. Law. 57 (Jan. 2001).

12-36.5-101. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that the Colorado medical board created in article 36 of this title and the state board of nursing created in article 38 of this title act for the state in their sovereign capacity to govern licensure, discipline, and professional review of persons licensed to practice medicine, licensed as physician assistants, and licensed to practice nursing and granted authority as advanced practice nurses, respectively, in this state. The general assembly further finds, determines, and declares that:

(a) The authority to provide health care in this state is a privilege granted by the legislative authority of the state; and

(b) It is necessary for the health, safety, and welfare of the people of this state that the appropriate regulatory boards exercise their authority to protect the people of this state from unauthorized practice and unprofessional conduct by persons licensed to provide health care under articles 36 and 38 of this title.

(2) The general assembly recognizes that:

(a) Many patients of persons licensed to provide health care in this state have restricted choices of health care providers under a variety of circumstances and conditions;

(b) Many patients lack the knowledge, experience, or education to properly evaluate the quality of medical or nursing practice or the professional conduct of those licensed to practice medicine, licensed to act as physician assistants, and licensed to practice nursing and granted authority as advanced practice nurses; and

(c) It is necessary and proper that the respective regulatory boards exercise their regulatory authority to protect the health, safety, and welfare of the people of this state.

(3) The general assembly recognizes that, in the proper exercise of their authority and responsibilities under this article, the Colorado medical board and the state board of nursing must, to some extent, replace competition with regulation, and that the replacement of competition by regulation, particularly with regard to persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses, is related to a legitimate state interest in the protection of the health, safety, and welfare of the people of this state.

12-36.5-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Authorized entity" means a corporation, organization, or entity that is authorized to establish a professional review committee under section 12-36.5-104 (4) or (5) or under rules of the medical board or nursing board adopted pursuant to section 12-36.5-104 (5).

(2) "CMS" means the federal centers for medicare and medicaid services.

(2.5) "Division" means the division of professions and occupations in the department of regulatory agencies.

(3) "Governing board" means a board, board of trustees, governing board, or other body, or duly authorized subcommittee thereof, of an authorized entity, which board or body has final authority pursuant to the entity's written bylaws, policies, or procedures to take final action regarding the recommendations of a professional review committee.

(4) "Joint commission" means the joint commission or its successor entity.

(5) "Medical board" means the Colorado medical board created in section 12-36-103 (1).

(6) "Professional review committee" means any committee authorized under this article to review and evaluate the competence, professional conduct of, or the quality and appropriateness of patient care provided by, any person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse. "Professional review committee" includes a governing board, a hearing panel appointed by a governing board to conduct a hearing under section 12-36.5-104 (7)(a), and an independent third party designated by a governing board under section 12-36.5-104 (8)(b).

(7) (a) "Records" means any and all written, electronic, or oral communications by any person arising from any activities of a professional review committee, including a governing board, established by an authorized entity under this article or by the agent or staff thereof, including any:

(II) Complaint, response, or correspondence related to the complaint or response;

Source: L. 89: Entire section added, p. 679, § 1, effective July 1. **L. 2010:** (1) amended, (HB 10-1260), ch. 403, p. 1982, § 63, effective July 1. **L. 2012:** Entire section amended, (HB 12-1300), ch. 245, p. 1161, § 4, effective July 1.

12-36.5-103. Use of professional review committees. (1) (a) The general assembly recognizes that:

(I) The medical board and the nursing board, while assuming and retaining ultimate authority for licensure and discipline in accordance with articles 36 and 38 of this title, respectively, and in accordance with this article, cannot practically and economically assume responsibility over every single allegation or instance of purported deviation from the standards of quality for the practice of medicine or nursing, from the standards of professional conduct, or from the standards of appropriate care; and

(II) An attempt to exercise such oversight would result in extraordinary delays in the determination of the legitimacy of the allegations and would result in the inappropriate and unequal exercise of their authority to license and discipline persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses.

(b) It is therefore the intent of the general assembly that the medical board and the nursing board utilize and allow professional review committees and governing boards to assist them in meeting their responsibilities under articles 36 and 38 of this title, respectively, and under this article.

(2) All persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses are encouraged to serve upon professional review committees when called to do so and to study and review in an objectively reasonable

manner the professional conduct of persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses, including the competence, professional conduct of, or the quality and appropriateness of patient care provided by, those persons.

(3) (a) The use of professional review committees is an extension of the authority of the medical board and nursing board. However, except as otherwise provided in this article, nothing in this article limits the authority of professional review committees properly constituted under this article.

(b) Professional review committees, the members who constitute the committees, governing boards, authorized entities, and persons who participate directly or indirectly in professional review activities are granted certain immunities from liability arising from actions that are within the scope of their activities as provided in section 12-36.5-105. These grants of immunity from liability are necessary to ensure that professional review committees and governing boards can exercise their professional knowledge and judgment.

(d.5) A society or association of advanced practice nurses licensed and registered pursuant to article 38 of this title and practicing in a specified nursing role and population focus, as defined by the nursing board, which society or association has been designated by the nursing board as the specific nursing society or association representative of those advanced practice nurses practicing in that nursing role and population focus, if the advanced practice nurse whose services are the subject of the review is a member of the designated nursing society or association.

(I) The qualifications and competence of any person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse who seeks to subject himself or herself to the authority of any authorized entity; or

(a) (I) Except as provided in subparagraph (II) of this paragraph (a), if the findings of any investigation indicate that a person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse, and who is the subject of the investigation, is lacking in qualifications or competency, has provided substandard or inappropriate patient care, or has exhibited inappropriate professional conduct and the professional review committee takes or recommends an action to adversely affect the person's membership, affiliation, or privileges with the authorized entity, the professional review committee shall hold a hearing to consider the findings and recommendations unless the person waives, in writing, the right to a hearing or is given notice of a hearing and fails to appear.

(II) If the professional review committee is submitting its findings and recommendations to another professional review committee for review, only one hearing is necessary prior to any appeal before the governing board.

(b) A person who has participated in the course of an investigation is disqualified as a member of the professional review committee that conducts a hearing pursuant to paragraph (a) of this subsection (7), but the person may participate as a witness in the hearing.

(c) The authorized entity shall give to the subject of any investigation under this subsection (7) reasonable notice of the hearing, and of any finding or recommendation that would adversely affect the person's membership, affiliation, or privileges with the authorized entity, and the subject of the investigation has a right to be present, to be represented by legal counsel at the hearing, and to offer evidence in his or her own behalf.

(d) After the hearing, the professional review committee that conducted the hearing shall make any recommendations it deems necessary to the governing board, unless otherwise provided by federal law or regulation.

(e) The professional review committee shall give a copy of the recommendations to the subject of the investigation, who then has the right to appeal to the governing board to which the recommendations are made with regard to any finding or recommendation that would adversely affect his or her membership, affiliation, or privileges with the authorized entity.

(f) The professional review committee shall forward a copy of any recommendations made pursuant to paragraph (d) of this subsection (7) promptly to the medical board if the

subject of the investigation is licensed under article 36 of this title, or to the nursing board if the subject of the investigation is licensed under article 38 of this title and granted authority as an advanced practice nurse.

(8) (a) All governing boards shall adopt written bylaws, policies, or procedures under which a person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse who is the subject of an adverse recommendation by a professional review committee may appeal to the governing board following a hearing in accordance with subsection (7) of this section. The bylaws, policies, or procedures must provide that the person be given reasonable notice of his or her right to appeal and, unless waived by the person, has the right to appear before the governing board, to be represented by legal counsel, and to offer the argument on the record as he or she deems appropriate.

(b) The bylaws may provide that a committee of not fewer than three members of the governing board may hear the appeal. Also, the bylaws may allow for an appeal to be heard by an independent third party designated by a governing board under this paragraph (b).

(9) All governing boards that are required to report their final actions to the medical board or the nursing board, as appropriate, are not otherwise relieved of their obligations by virtue of this article.

(10) (a) Except as specified in paragraph (b) of this subsection (10), the records of an authorized entity, its professional review committee, and its governing board are not subject to subpoena or discovery and are not admissible in any civil suit.

(b) Subject to subsection (13) of this section, the records are subject to subpoena and available for use:

(I) Repealed.

(II) By either party in an appeal or de novo proceeding brought pursuant to this part 1;

(12) The records of an authorized entity or its professional review committee or governing board may be shared by and among authorized entities and their professional review committees and governing boards concerning the competence, professional conduct of, or the quality and appropriateness of patient care provided by, a health care provider who seeks to subject himself or herself to, or is currently subject to, the authority of the authorized entity.

(13) Responding to a subpoena or disclosing or sharing of otherwise privileged records and information pursuant to subsection (10), (11), or (12) of this section does not constitute a waiver of the privilege specified in paragraph (a) of subsection (10) of this section or a violation of the confidentiality requirements of subsection (15) of this section. Records provided to any governmental agency, including the department of public health and environment, the committee on anticompetitive conduct, the medical board, and the nursing board pursuant to subsection (10) or (11) of this section are not public records subject to the "Colorado Open Records Act", part 2 of article 72 of title 24, C.R.S. A person providing the records to an authorized entity or its professional review committee or governing board, the department of public health and environment, the committee on anticompetitive conduct, the medical board, the nursing board, CMS, the joint commission, or other governmental agency is entitled to the same immunity from liability as provided under section 12-36.5-105 for the disclosure of the records.

(14) Investigations, examinations, hearings, meetings, and other proceedings of a professional review committee or governing board conducted pursuant to this part 1 are exempt from any law requiring that proceedings be conducted publicly or that the records, including any minutes, be open to public inspection.

(15) Except as otherwise provided in subsection (10), (11), or (12) of this section, all proceedings, recommendations, records, and reports involving professional review committees or governing boards are confidential.

(16) A professional review committee or governing board that is constituted and conducts its reviews and activities in accordance with this part 1 is not an unlawful conspiracy in violation of section 6-4-104 or 6-4-105, C.R.S.

(3) For the purposes of this section, unless the context otherwise requires:

(a) "Professional review action" means an action or recommendation of a professional review committee that is taken or made in the conduct of professional review activity and that is based on the quality and appropriateness of patient care provided by, or the competence or professional conduct of, an individual person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse, which action affects or may affect adversely the person's clinical privileges of or membership in an authorized entity. "Professional review action" includes a formal decision by the professional review committee not to take an action or make a recommendation as provided in this paragraph (a) and also includes professional review activities relating to a professional review action. An action is not based upon the competence or professional conduct of a person if the action is primarily based on:

(II) The person's fees or his or her advertising or engaging in other competitive acts intended to solicit or retain business;

(III) The person's association with, supervision of, delegation of authority to, support for, training of, or participation in a private group practice with a member or members of a particular class of health care practitioners or professionals;

(IV) The person's participation in prepaid group health plans, salaried employment, or any other manner of delivering health services whether on a fee-for-service basis or other basis;

(V) Any other matter that does not relate to the quality and appropriateness of patient care provided by, or the competence or professional conduct of, a person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse.

Editor's note: This article was numbered as article 4 of chapter 91, C.R.S. 1963. This article was repealed in 1976 and was subsequently recreated and reenacted in 1993, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1976, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

12-37-101. Scope of article - exemptions - legislative declaration. (1) (a) This article applies only to direct-entry midwives and does not apply to those persons who are otherwise licensed by the state of Colorado under this title if the practice of midwifery is within the scope of such licensure.

(b) (I) A person who is a certified nurse-midwife authorized pursuant to section 12-38-111.5 or a physician as provided in article 36 of this title shall not simultaneously be so licensed and also be registered under this article. A physician or certified nurse-midwife who holds a license in good standing may relinquish the license and subsequently be registered under this article.

(IV) The fact that a practical or professional nurse may be registered as a direct-entry midwife does not expand the scope of practice of the nurse.

(c) It is the intent of the general assembly that health care be provided pursuant to this article as an alternative to traditional licensed health care and not for the purpose of enabling providers of traditional licensed health care to circumvent the regulatory oversight to which they are otherwise subject under any other article of this title.

(2) Nothing in this article shall be construed to prohibit, or to require registration under this article, with regard to:

(a) The gratuitous rendering of services in an emergency;

(b) The rendering of services by a physician licensed pursuant to article 36 of this title or otherwise legally authorized to practice in this state;

(c) The rendering of services by certified nurse-midwives properly licensed and practicing in accordance with the provisions of article 38 of this title; or

(d) The practice by persons licensed or registered under any law of this state, in accordance with such law, to practice a limited field of the healing arts not specifically designated in this section.

(n) (I) Failing to notify the director, as required by section 12-37-108.5 (1), of a physical illness; a physical condition; or a behavioral, mental health, or substance use disorder that renders the registrant unable, or limits the registrant's ability, to practice direct-entry midwifery with reasonable skill and safety to the client;

(II) Failing to act within the limitations created by a physical illness; a physical condition; or a behavioral, mental health, or substance use disorder that renders the registrant unable to practice direct-entry midwifery with reasonable skill and safety or that may endanger the health or safety of persons under his or her care; or

(III) Failing to comply with the limitations agreed to under a confidential agreement entered pursuant to section 12-37-108.5.

(4) Any proceeding to deny, suspend, or revoke a registration or place a registrant on probation shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S. Such proceeding may be conducted by an administrative law judge designated pursuant to part 10 of article 30 of title 24, C.R.S. Any final decision of the director shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

(5) The director may accept as prima facie evidence of grounds for disciplinary action any disciplinary action taken against a registrant by another jurisdiction if the violation that prompted such disciplinary action would be grounds for disciplinary action under this article.

(6) (a) The director or an administrative law judge may administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the director, including copies of hospital and physician records. The provider of such copies shall prepare the copies from the original record and shall delete the name of the patient or client, to be retained by the custodian of the records from which the copies were made, but shall identify the patient or client by a numbered code. Upon certification by the custodian that the copies are true and complete except for the patient's or client's name, the copies shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality exists with respect to such copies and no liability lies against the director or the custodian or the director's or custodian's authorized employees for furnishing or using such copies in accordance with this section.

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or registrant resides or conducts business, upon application by the director with notice to the subpoenaed person or registrant, may issue to the person or registrant an order requiring that person or registrant to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered;

or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(7) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but that should not be dismissed as being without merit, the director may issue and send a letter of admonition to the registrant.

(b) When the director sends a letter of admonition to a registrant, the director shall inform the registrant that he or she has the right to request in writing, within twenty days after receipt of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(c) If the request for adjudication is timely made, the letter of admonition is vacated and the matter shall be processed by means of formal disciplinary proceedings.

(7.5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, the complaint should be dismissed, but the director has noticed indications of possible errant conduct by the registrant that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the registrant.

(8) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(9) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required registration, the director may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (9), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(10) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act or unregistered practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (10) shall be promptly notified by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (10) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (10). The hearing may

be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (10) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (10) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required registration or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unregistered practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (10), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(11) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unregistered act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(12) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(13) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

12-37-108.5. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a registered direct-entry midwife has a physical illness; a physical condition; or a behavioral or mental health disorder that renders him or her unable to practice direct-entry midwifery with reasonable skill and safety to clients, the registrant shall notify the director of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period determined by the director. The director may require the registrant to submit to an examination to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the registrant's ability to practice direct-entry midwifery with reasonable skill and safety to clients.

(2) (a) Upon determining that a registrant with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited services with reasonable skill and safety to clients, the director may enter into a confidential agreement with the registrant in which the registrant agrees to limit his or her practice based on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the director.

(b) As part of the agreement, the registrant is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or monitoring.

(3) By entering into an agreement with the director pursuant to this section to limit his or her practice, a registrant is not engaging in activities that are grounds for discipline under section 12-37-107 (3). The agreement does not constitute a restriction or discipline by the director. However, if the registrant fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a ground for discipline pursuant to section 12-37-107 (3)(n), and the registrant is subject to discipline in accordance with section 12-37-107.

(4) This section does not apply to a registrant who is subject to discipline for engaging in activities as described in section 12-37-107 (3)(f).

(1) (a) It is the policy of this state that registrants shall be liable for their acts or omissions in the performance of the services that they provide, and that no licensed physician, nurse, prehospital emergency medical personnel, or health care institution shall be liable for any act or omission resulting from the administration of services by any registrant. This subsection (1) does not relieve any physician, nurse, prehospital emergency personnel, or health care institution from liability for any willful and wanton act or omission or any act or omission constituting gross negligence, or under circumstances where a registrant has a business or supervised relationship with any such physician, nurse, prehospital emergency personnel, or health care institution. A physician, nurse, prehospital emergency personnel, or health care institution may provide consultation or education to the registrant without establishing a business or supervisory relationship, and is encouraged to accept referrals from registrants pursuant to this article.

The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order is final as to that person by operation of law. The director shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required registration or has or is about to engage in acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (11), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order is effective when issued and is a final order for purposes of judicial review.

(12) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

(14) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

12-37.3-115. Protection of medical records - registrant's obligations - verification of compliance - noncompliance grounds for discipline - rules. (1) Each naturopathic doctor shall develop a written plan to ensure the security of patient medical records. The plan must address at least the following:

- (a) The storage and proper disposal of patient medical records;
 - (b) The disposition of patient medical records in the event the naturopathic doctor dies, retires, or otherwise ceases to practice or provide naturopathic medical care to patients; and
 - (c) The method by which patients may access or obtain their medical records promptly if any of the events described in paragraph (b) of this subsection (1) occurs.
- (2) Upon initial registration under this article, the applicant or registrant shall attest to the director that he or she has developed a plan in compliance with this section.
- (3) A naturopathic doctor shall inform each patient in writing of the method by which the patient may access or obtain his or her medical records if an event described in paragraph (b) of subsection (1) of this section occurs.
- (4) The director may adopt rules reasonably necessary to implement this section.

12-37.3-116. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a naturopathic doctor has a physical illness; a physical condition; or a behavioral or mental health disorder that renders him or her unable to practice naturopathic medicine with reasonable skill and safety to patients, the naturopathic doctor shall notify the director of the physical illness; the physical condition; or the behavioral or mental health disorder in a manner and within a period determined by the director. The director may require the naturopathic doctor to submit to an examination to evaluate the extent of the physical illness; the physical condition; or the behavioral or mental health disorder and its impact on the naturopathic doctor's ability to practice naturopathic medicine with reasonable skill and safety to patients.

(2) (a) Upon determining that a naturopathic doctor with a physical illness; a physical condition; or a behavioral or mental health disorder is able to render limited services with reasonable skill and safety to patients, the director may enter into a confidential agreement with the naturopathic doctor in which the naturopathic doctor agrees to limit his or her practice based

on the restrictions imposed by the physical illness; the physical condition; or the behavioral or mental health disorder, as determined by the director.

(b) As part of the agreement, the naturopathic doctor is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or monitoring.

(3) By entering into an agreement with the director pursuant to this section to limit his or her practice, a naturopathic doctor is not engaging in activities that are prohibited pursuant to section 12-37.3-112. The agreement does not constitute a restriction or discipline by the director. However, if the naturopathic doctor fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-37.3-112 (1)(p), and the naturopathic doctor is subject to discipline in accordance with section 12-37.3-112.

(4) This section does not apply to a naturopathic doctor subject to discipline for prohibited activities as described in section 12-37.3-112 (1)(d).

12-37.3-117. Mental and physical examination of registrants. (1) If the director has reasonable cause to believe that a registrant is unable to practice with reasonable skill and safety, the director may require the registrant to take a mental or physical examination by a health care provider designated by the director. If the registrant refuses to undergo a mental or physical examination, unless due to circumstances beyond the registrant's control, the director may suspend the registrant's registration until the results of the examination are known and the director has made a determination of the registrant's fitness to practice. The director shall proceed with an order for examination and determination in a timely manner.

(2) The director shall include in an order issued under subsection (1) of this section the basis of the director's reasonable cause to believe that the registrant is unable to practice with reasonable skill and safety. For the purposes of a disciplinary proceeding authorized by this article, the registrant is deemed to waive all objections to the admissibility of the examining health care provider's testimony or examination reports on the ground that the testimony and reports are privileged communications.

(3) The registrant may submit to the director testimony or examination reports from a health care provider chosen by the registrant pertaining to the condition that the director alleges may preclude the registrant from practicing with reasonable skill and safety. The director may consider testimony and examination reports submitted by the registrant in conjunction with, but not in lieu of, testimony and examination reports of the health care provider designated by the director.

(4) A person shall not use the results of any mental or physical examination ordered by the director as evidence in any proceeding other than one before the director. The examination results are not public records and are not available to the public.

12-37.3-118. Inactive registration - rules. A naturopathic doctor may request that the director inactivate or activate the naturopathic doctor's registration. The director shall promulgate rules governing the activation and inactivation of registrations. Notwithstanding any law to the contrary, the director's rules may limit the applicability of statutory requirements for maintaining professional liability insurance and continuing professional competency for a registrant whose registration is currently inactive. The director need not reactivate an inactive registration if the naturopathic doctor has committed any act that would be grounds for disciplinary action under section 12-37.3-112. A naturopathic doctor whose registration is currently inactive shall not practice naturopathic medicine.

12-37.3-119. Repeal of article. (1) This article 37.3 is repealed, effective September 1, 2020. Before its repeal, the department of regulatory agencies shall review the registration of naturopathic doctors in accordance with section 24-34-104.

(2) (a) In conducting its review, the department shall gather and include in its report information from naturopathic doctors regarding the number of children under two years of age that naturopathic doctors treated, the conditions for which naturopathic doctors treated children under two years of age, and the number and description of any adverse events that occurred in connection with treating children under two years of age. Additionally, the department shall review written collaborative agreements kept on file by naturopathic doctors pursuant to section 12-37.3-105 (2)(e)(III) and include a summary of those agreements in its report.

(b) As used in this subsection (2), "adverse event" means any harm to a child under two years of age that the treating naturopathic doctor is aware of and that resulted or likely resulted from the naturopathic doctor's care of the child. Reporting an adverse event to the department pursuant to this section does not, alone, constitute grounds for discipline pursuant to section 12-37.3-112.

12-37.5-102. Legislative declaration. (1) The people of the state of Colorado, pursuant to the powers reserved to them in Article V of the Constitution of the state of Colorado, declare that family life and the preservation of the traditional family unit are of vital importance to the continuation of an orderly society; that the rights of parents to rear and nurture their children during their formative years and to be involved in all decisions of importance affecting such minor children should be protected and encouraged, especially as such parental involvement relates to the pregnancy of an unemancipated minor, recognizing that the decision by any such minor to submit to an abortion may have adverse long-term consequences for her.

(2) The people of the state of Colorado, being mindful of the limitations imposed upon them at the present time by the federal judiciary in the preservation of the parent-child relationship, hereby enact into law the following provisions.

12-37.5-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Minor" means a person under eighteen years of age.

(2) "Parent" means the natural or adoptive mother and father of the minor who is pregnant, if they are both living; one parent of the minor if only one is living, or if the other parent cannot be served with notice, as hereinafter provided; or the court-appointed guardian of such minor if she has one or any foster parent to whom the care and custody of such minor shall have been assigned by any agency of the state or county making such placement.

(3) "Abortion" for purposes of this article means the use of any means to terminate the pregnancy of a minor with knowledge that the termination by those means will, with reasonable likelihood, cause the death of the minor's unborn offspring.

(4) "Clergy member" means a priest; a rabbi; a duly ordained, commissioned, or licensed minister of a church; a member of a religious order; or a recognized leader of any religious body.

(5) "Medical emergency" means a condition that, on the basis of the physician's good-faith clinical judgment, so complicates the medical condition of a pregnant minor as to necessitate a medical procedure necessary to prevent the pregnant minor's death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

(6) "Relative of the minor" means a minor's grandparent, adult aunt, or adult uncle, if the minor is not residing with a parent and resides with the grandparent, adult aunt, or adult uncle.

12-37.5-104. Notification concerning abortion. (1) No abortion shall be performed upon an unemancipated minor until at least 48 hours after written notice of the pending abortion has been delivered in the following manner:

(a) The notice shall be addressed to the parent at the dwelling house or usual place of abode of the parent. Such notice shall be delivered to the parent by:

(I) The attending physician or member of the physician's immediate staff who is over the age of eighteen; or

(II) The sheriff of the county where the service of notice is made, or by his deputy; or

(III) Any other person over the age of eighteen years who is not related to the minor; or

(IV) A clergy member who is over the age of eighteen.

(b) Notice delivered by any person other than the attending physician shall be furnished to and delivered by such person in a sealed envelope marked "Personal and Confidential" and its content shall not in any manner be revealed to the person making such delivery.

(c) Whenever the parent of the minor includes two persons to be notified as provided in this article and such persons reside at the same dwelling house or place of abode, delivery to one such person shall constitute delivery to both, and the 48-hour period shall commence when delivery is made. Should such persons not reside together and delivery of notice can be made to each of them, notice shall be delivered to both parents, unless the minor shall request that only one parent be notified, which request shall be honored and shall be noted by the physician in the minor's medical record. Whenever the parties are separately served with notice, the 48-hour period shall commence upon delivery of the first notice.

(d) The person delivering such notice, if other than the physician, shall provide to the physician a written return of service at the earliest practical time, as follows:

(I) If served by the sheriff or his deputy, by his certificate with a statement as to date, place, and manner of service and the time such delivery was made.

(II) If by any other person, by his affidavit thereof with the same statement.

(III) Return of service shall be maintained by the physician.

(e) (I) In lieu of personal delivery of the notice, the same may be sent by postpaid certified mail, addressed to the parent at the usual place of abode of the parent, with return receipt requested and delivery restricted to the addressee. Delivery shall be conclusively presumed to occur and the 48-hour time period as provided in this article shall commence to run at 12:00 o'clock noon on the next day on which regular mail delivery takes place.

(II) Whenever the parent of the minor includes two persons to be notified as provided in this article and such persons reside at the same dwelling house or place of abode, notice addressed to one parent and mailed as provided in the foregoing subparagraph shall be deemed to be delivery of notice to both such persons. Should such persons not reside together and notice can be mailed to each of them, such notice shall be separately mailed to both parents unless the

minor shall request that only one parent shall be notified, which request shall be honored and shall be noted by the physician in the minor's medical record.

(III) Proof of mailing and the delivery or attempted delivery shall be maintained by the physician.

(2) (a) Notwithstanding the provisions of subsection (1) of this section, if the minor is residing with a relative of the minor and not a parent, the written notice of the pending abortion shall be provided to either the relative of the minor or a parent.

(b) If a minor elects to provide notice to a person specified in paragraph (a) of this subsection (2), the notice shall be provided in accordance with the provisions of subsection (1) of this section.

(3) At the time the physician, licensed health care professional, or staff of the physician or licensed health care professional informs the minor that notice must be provided to the minor's parents prior to performing an abortion, the physician, licensed health care professional, or the staff of the physician or licensed health care professional must inform the minor under what circumstances the minor has the right to have only one parent notified.

(a.5) The person whom the minor elects to notify pursuant to section 12-37.5-104 (2) certifies in writing that he or she has been notified; or

(b) The pregnant minor declares that she is a victim of child abuse or neglect by the acts or omissions of the person who would be entitled to notice, as such acts or omissions are defined in "The Child Protection Act of 1987", as set forth in title 19, article 3, of the Colorado Revised Statutes, and any amendments thereto, and the attending physician has reported such child abuse or neglect as required by the said act. When reporting such child abuse or neglect, the physician shall not reveal that he or she learned of the abuse or neglect as the result of the minor seeking an abortion.

(c) The attending physician certifies in the pregnant minor's medical record that a medical emergency exists and there is insufficient time to provide notice pursuant to section 12-37.5-104; or

(b) The abortion was performed to prevent the imminent death of the minor child and there was insufficient time to provide the required notice.

(3) Any person who counsels, advises, encourages or conspires to induce or persuade any pregnant minor to furnish any physician with false information, whether oral or written, concerning the minor's age, marital status, or any other fact or circumstance to induce or attempt to induce the physician to perform an abortion upon such minor without providing written notice as required by this article commits a class 5 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) (a) If any pregnant minor elects not to allow the notification required pursuant to section 12-37.5-104, any judge of a court of competent jurisdiction shall, upon petition filed by or on behalf of such minor, enter an order dispensing with the notice requirements of this article if the judge determines that the giving of such notice will not be in the best interest of the minor, or if the court finds, by clear and convincing evidence, that the minor is sufficiently mature to decide whether to have an abortion. Any such order shall include specific factual findings and legal conclusions in support thereof and a certified copy of such order shall be provided to the attending physician of said minor and the provisions of section 12-37.5-104 (1) and section 12-37.5-106 shall not apply to the physician with respect to such minor.

(b) The court, in its discretion, may appoint a guardian ad litem for the minor and also an attorney if said minor is not represented by counsel.

(c) Court proceedings under this subsection (2) shall be confidential and shall be given precedence over other pending matters so that the court may reach a decision promptly without

delay in order to serve the best interests of the minor. Court proceedings under this subsection (2) shall be heard and decided as soon as practicable but in no event later than four days after the petition is filed.

(d) Notwithstanding any other provision of law, an expedited confidential appeal to the court of appeals shall be available to a minor for whom the court denies an order dispensing with the notice requirements of this article. Any such appeal shall be heard and decided no later than five days after the appeal is filed. An order dispensing with the notice requirements of this article shall not be subject to appeal.

(g) The Colorado supreme court shall issue rules governing the judicial bypass procedure, including rules that ensure that the confidentiality of minors filing bypass petitions will be protected. The Colorado supreme court shall also promulgate a form petition that may be used to initiate a bypass proceeding. The Colorado supreme court shall promulgate the rules and form governing the judicial bypass procedure by August 1, 2003. Physicians shall not be required to comply with this article until forty-five days after the Colorado supreme court publishes final rules and a final form.

(3) (a) An advanced practice nurse may be granted authority to prescribe prescription drugs and controlled substances to provide treatment to clients within the role and population focus of the advanced practice nurse.

(b) and (c) (Deleted by amendment, L. 2009, (SB 09-239), ch. 401, p. 2174, § 20, effective July 1, 2009.)

(d) (I) An advanced practice nurse who has been granted authority to prescribe prescription drugs and controlled substances under this article may advise the nurse's patients of their option to have the symptom or purpose for which a prescription is being issued included on the prescription order.

(II) A nurse's failure to advise a patient under subparagraph (I) of this paragraph (d) shall not be grounds for any disciplinary action against the nurse's professional license issued under this article. Failure to advise a patient pursuant to subparagraph (I) of this paragraph (d) shall not be grounds for any civil action against a nurse in a negligence or tort action, nor shall such failure be evidence in any civil action against a nurse.

(4) Repealed.

(4.5) (a) An advanced practice nurse applying for prescriptive authority shall provide evidence to the board of the following:

(I) An appropriate graduate degree as determined by the board pursuant to section 12-38-111.5 (4)(c);

(II) Satisfactory completion of specific educational requirements in the use of controlled substances and prescription drugs, as established by the board, either as part of a degree program or in addition to a degree program;

(III) National certification from a nationally recognized accrediting agency, as defined by the board by rule pursuant to section 12-38-111.5 (4)(d), unless the board grants an exception;

(IV) Professional liability insurance as required by section 12-38-111.8;

(V) Repealed.

(VI) Inclusion on the advanced practice registry pursuant to section 12-38-111.5; and

(VII) A signed attestation that states he or she has completed at least three years of combined clinical work experience as a professional nurse or as an advanced practice nurse.

(b) Upon satisfaction of the requirements set forth in paragraph (a) of this subsection (4.5), the board may grant provisional prescriptive authority to an advanced practice nurse. The provisional prescriptive authority that is granted is limited to those patients and medications appropriate to the advanced practice nurse's role and population focus. In order to retain provisional prescriptive authority and obtain and retain full prescriptive authority pursuant to this subsection (4.5) for patients and medications appropriate for the advanced practice nurse's role and population focus, an advanced practice nurse shall satisfy the following requirements:

(I) (A) Once the provisional prescriptive authority is granted, the advanced practice nurse must obtain one thousand hours of documented experience in a mutually structured prescribing mentorship either with a physician or with an advanced practice nurse who has full

prescriptive authority and experience in prescribing medications. The mentor must be practicing in Colorado and have education, training, experience, and an active practice that corresponds with the role and population focus of the advanced practice nurse.

(A.5) Remote communication with the mentor is permissible within the mentorship as long as the communication is synchronous. Synchronous communication does not include communication by email.

(B) The physician or advanced practice nurse serving as a mentor shall not require payment or employment as a condition of entering into the mentorship relationship, but the mentor may request reimbursement of reasonable expenses and time spent as a result of the mentorship relationship.

(C) Upon successful completion of the mentorship period, the mentor shall provide his or her signature and attestation to verify that the advanced practice nurse has successfully completed the mentorship within the required period after the provisional prescriptive authority was granted.

(D) If an advanced practice nurse with provisional prescriptive authority fails to complete the mentorship required by this subparagraph (I) within three years or otherwise fails to demonstrate competence as determined by the board, the advanced practice nurse's provisional prescriptive authority expires for failure to comply with the statutory requirements.

(II) The advanced practice nurse with provisional prescriptive authority shall develop an articulated plan for safe prescribing that documents how the advanced practice nurse intends to maintain ongoing collaboration with physicians and other health care professionals in connection with the advanced practice nurse's practice of prescribing medication within his or her role and population focus. The articulated plan shall guide the advanced practice nurse's prescriptive practice. The physician or advanced practice nurse that serves as a mentor as described in subparagraph (I) of this paragraph (b) shall provide his or her signature and attestation on the articulated plan to verify that the advanced practice nurse has developed an articulated plan. The advanced practice nurse shall retain the articulated plan on file, shall review the plan annually, and shall update the plan as necessary. The articulated plan is subject to review by the board, and the advanced practice nurse shall provide the plan to the board upon request. If an advanced practice nurse with provisional prescriptive authority fails to develop the required articulated plan within three years or otherwise fails to demonstrate competence as determined by the board, the advanced practice nurse's provisional prescriptive authority expires for failure to comply with the statutory requirements. An articulated plan developed pursuant to this subparagraph (II) must include at least the following:

(A) A mechanism for consultation and referral for issues regarding prescriptive authority;

(B) A quality assurance plan;

(C) Decision support tools; and

(D) Documentation of ongoing continuing education in pharmacology and safe prescribing.

(III) The advanced practice nurse shall maintain professional liability insurance as required by section 12-38-111.8.

(IV) The advanced practice nurse shall maintain national certification, as specified in subparagraph (III) of paragraph (a) of this subsection (4.5), unless the board grants an exception.

(c) An advanced practice nurse who was granted prescriptive authority prior to July 1, 2010, shall satisfy the following requirements in order to retain prescriptive authority:

(I) The advanced practice nurse shall develop an articulated plan as specified in subparagraph (II) of paragraph (b) of this subsection (4.5); except that to verify development of an articulated plan, the advanced practice nurse shall obtain the signature of either a physician or an advanced practice nurse who has prescriptive authority and experience in prescribing medications, is practicing in Colorado, and has education, training, experience, and active practice that corresponds with the role and population focus of the advanced practice nurse developing the plan.

(II) The advanced practice nurse shall maintain professional liability insurance as required by section 12-38-111.8.

(III) The advanced practice nurse shall maintain national certification, as specified in subparagraph (III) of paragraph (a) of this subsection (4.5), unless:

(A) The advanced practice nurse was included on the advanced practice registry prior to July 1, 2010, and has not obtained national certification;

(B) The advanced practice nurse was included on the advanced practice registry prior to July 1, 2008, and has not completed a graduate degree as specified in section 12-38-111.5 (4)(c); or

(C) The board grants an exception.

(d) In order to obtain provisional prescriptive authority and obtain and retain full prescriptive authority in this state, an advanced practice nurse from another state must meet the requirements of this section or substantially equivalent requirements, as determined by the board.

(e) The board shall conduct random audits of articulated plans to ensure that the plans satisfy the requirements of this subsection (4.5) and rules adopted by the board.

(f) Repealed.

(5) and (6) Repealed.

(7) An advanced practice nurse who obtains prescriptive authority pursuant to this section shall be assigned a specific identifier by the board. This identifier shall be available to the Colorado medical board and the board of pharmacy. The board shall establish a mechanism to assure that the prescriptive authority of an advanced practice nurse may be readily verified.

(8) (a) The scope of practice for an advanced practice nurse may be determined by the board in accordance with this article.

(b) The board may consider information provided by nursing, medical, or other health professional organizations, associations, or regulatory boards.

(c) (I) Prescriptive authority by an advanced practice nurse shall be limited to those patients appropriate to such nurse's scope of practice. Prescriptive authority may be limited or withdrawn and the advanced practice nurse may be subject to further disciplinary action in accordance with this article if such nurse has prescribed outside such nurse's scope of practice or for other than a therapeutic purpose.

(II) Nothing in this section shall be construed to require a registered nurse to obtain prescriptive authority to deliver anesthesia care.

(9) All prescriptions must comply with applicable federal and state laws, including article 42.5 of this title and part 2 of article 18 of title 18, C.R.S.

(10) Nothing in this section shall be construed to permit dispensing or distribution, as defined in section 12-42.5-102 (11) and (12), by an advanced practice nurse, except for samples, under article 42.5 of this title and the federal "Prescription Drug Marketing Act of 1987".

(11) No advanced practice nurse registered pursuant to section 12-38-111.5 shall be required to apply for or obtain prescriptive authority.

(12) Nothing in this section shall limit the practice of nursing as defined in section 12-38-103 (9) or (10) by any nurse including, but not limited to, advanced practice nurses.

12-38-111.8. Professional liability insurance required - advanced practice nurses in independent practice - rules. (1) It is unlawful for any advanced practice nurse engaged in an independent practice of professional nursing to practice within the state of Colorado unless the advanced practice nurse purchases and maintains or is covered by professional liability insurance in an amount not less than five hundred thousand dollars per claim with an aggregate liability for all claims during the year of one million five hundred thousand dollars.

(2) Professional liability insurance required by this section shall cover all acts within the scope of practice of an advanced practice nurse as defined in this part 1.

(3) Notwithstanding the requirements of subsection (1) of this section, the board, by rule, may exempt or establish lesser liability insurance requirements for advanced practice nurses.

(4) Nothing in this section shall be construed to confer liability on an employer for the acts of an advanced practice nurse that are outside the scope of employment or to negate the applicability of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S.

12-38-112. Requirements for practical nurse licensure. (1) The board shall issue a license to engage in the practice of practical nursing to any applicant who:

- (a) Submits an application containing such information as the board may prescribe;
- (b) Submits proof satisfactory to the board in such manner and upon such forms as the board may require to show that the applicant has completed a practical nursing educational program which meets the standards of the board for approval of educational programs or which is approved by the board and to show that the applicant holds a certificate of graduation from or a certificate of completion of such approved program;
- (c) Repealed.
- (d) Passes an examination as provided in section 12-38-110 or is eligible for and is granted licensure by endorsement as provided in subsection (2) of this section;
- (e) Pays the required fee.

(2) The board may issue a license by endorsement to engage in the practice of practical nursing in this state to any applicant who has been duly licensed or registered as a practical nurse or who is entitled to perform similar services under laws of another state or a territory of the United States or a foreign country if the applicant presents proof satisfactory to the board that, at the time of application for a Colorado license by endorsement, the applicant possesses credentials and qualifications which are substantially equivalent to requirements in Colorado for licensure by examination. The board may specify by rule and regulation what shall constitute substantially equivalent credentials and qualifications.

(3) The board shall design a questionnaire to be sent to all licensed practical nurses who apply for license renewal. Each applicant for license renewal shall complete the board-designed questionnaire. The purpose of the questionnaire is to determine whether a licensee has acted in violation of this article or been disciplined for any action that might be considered a violation of this article or might make the licensee unfit to practice nursing with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, such failure shall constitute grounds for discipline under section 12-38-117 (1)(v). The board may include the cost of developing and reviewing the questionnaire in the fee paid under paragraph (e) of subsection (1) of this section. The board may refuse an application for license renewal that does not accompany an accurately completed questionnaire.

12-38-112.5. Retired volunteer nurse licensure. (1) The board may issue a license to a retired volunteer nurse who meets the requirements set forth in this section.

(2) A retired volunteer nursing license shall only be issued to an applicant who is at least fifty-five years of age and:

(a) Currently holds a license to practice nursing, either as a practical nurse or as a professional nurse and such license is due to expire unless renewed; or

(b) Has retired from the practice of nursing and is not currently engaged in the practice of nursing either full-time or part-time and has, prior to retirement, maintained full licensure in good standing in any state or territory of the United States.

(3) A nurse who holds a retired volunteer nursing license shall not accept compensation for nursing tasks that are performed while in possession of the license. A retired volunteer nursing license shall permit the retired nurse to engage in volunteer nursing tasks within the scope of the nurse's license.

(4) An applicant for a retired volunteer nursing license shall submit to the board an application containing such information as the board may prescribe, a copy of the applicant's most recent nursing license, and a statement signed under penalty of perjury in which the applicant agrees not to receive compensation for any nursing tasks that are performed while in possession of the license.

(5) (Deleted by amendment, L. 2011, (SB 11-242), ch. 244, p. 1068, § 1, effective May 27, 2011.)

(6) A person who possesses a retired volunteer nursing license shall be immune from civil liability for actions performed within the scope of the nursing license unless it is established that injury or death was caused by gross negligence or the willful and wanton misconduct of the licensee. The immunity provided in this subsection (6) shall apply only to the licensee and shall not affect the liability of any other individual or entity. Nothing in this subsection (6) shall be construed to limit the ability of the board to take disciplinary action against a licensee.

(7) The fee for a retired volunteer nursing license, including assessments for legal defense, peer assistance, and other programs for which licenses are assessed, shall be no more than fifty percent of the license renewal fee, including all such assessments, established by the board for an active nursing license.

(8) The board shall design a questionnaire to be sent to all retired volunteer nurses who apply for license renewal. Each applicant for license renewal shall complete the board-designed questionnaire. The purpose of the questionnaire is to determine whether a licensee has acted in violation of this article or been disciplined for any action that might be considered a violation of this article or might make the licensee unfit to practice nursing with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, such failure shall constitute grounds for discipline under section 12-38-117 (1)(v). The board may include the cost of developing and reviewing the questionnaire in the fee paid under subsection (7) of this section. The board may refuse an application for license renewal that does not accompany an accurately completed questionnaire.

(9) The board shall deny an application for the reactivation of a practical or professional nurse license for a retired volunteer nurse if the board determines that the nurse requesting reactivation has not actively volunteered as a nurse for the two-year period immediately preceding the filing of the application for license reactivation or has not otherwise demonstrated continued competency to return to the active practice of nursing in a manner approved by the board.

The nursing practice permitted by such permit shall be limited to that practice performed as part of the special training or nursing educational program.

(3.5) The board may, as it deems appropriate, issue a permit to a person who is under the supervision of a professional nurse licensed pursuant to this article.

(4) A person holding a permit may engage in the practice of practical or professional nursing only under the personal and responsible supervision and direction of a person licensed by the board to engage in the practice of professional nursing.

(2) For the practice of practical nursing, such educational program shall include:

12-38-116.5. Disciplinary procedures of the board - inquiry and hearings panels. (1)

(a) The president of the board shall divide the other ten members of the board into two panels of five members each. Members representing the three different categories of membership (licensed practical nurses, professional nurses, and persons not licensed, employed, or in any way connected with, or with any financial interest in, any health care facility, agency, or insurer) shall be divided between the two panels as equally as possible.

(b) Each panel shall act as both an inquiry and a hearings panel. Members of the board may be assigned from one panel to the other by the president. The president may be a member of both panels, but in no event shall the president or any other member who has considered a complaint as a member of a panel acting as an inquiry panel take any part in the consideration of a formal complaint involving the same matter.

(c) All matters referred to one panel for investigation shall be heard, if referred for formal hearing, by the other panel or a committee of such panel. However, in its discretion,

either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge, in lieu of a hearings panel of the board, for an initial decision pursuant to section 24-4-105, C.R.S.

(d) The initial decision of an administrative law judge may be reviewed pursuant to section 24-4-105 (14) and (15), C.R.S., by the filing of exceptions to the initial decision with the hearings panel that would have heard the case if it had not been referred to an administrative law judge or by review upon the motion of such hearings panel. The respondent or the board's counsel shall file such exceptions.

(2) Investigations shall be under the supervision of the panel to which they are assigned. The persons making such investigation shall report the results thereof to the assigning panel for appropriate action.

(3) (a) (I) For the purposes of this section:

(A) "Grounds for discipline" includes grounds under sections 12-38-117 and 12-42-113.

(B) "License" includes licensure for a practical nurse or professional nurse and licensure for a psychiatric technician.

(C) "Nurse", "licensee", or "respondent" includes a practical nurse, a professional nurse, and a psychiatric technician as described in section 12-42-102 (4).

(D) "Practice of nursing" includes the practice of practical nursing, the practice of professional nursing, and the practice as a psychiatric technician.

(II) Written complaints relating to the conduct of a nurse licensed or authorized to practice nursing in this state may be made by any person or may be initiated by an inquiry panel of the board on its own motion. The nurse complained of shall be given notice, unless the board determines the complaint to be without merit of investigation, by first-class mail, and the notice shall state the nature of the complaint and shall state that the failure to respond in a materially factual and timely manner constitutes grounds for discipline. The nurse complained of shall be given thirty days to answer or explain in writing the matters described in such complaint. Upon receipt of the nurse's answer or at the conclusion of thirty days, whichever occurs first, the inquiry panel may take further action as set forth in subparagraph (III) of this paragraph (a).

(III) Upon receipt of the nurse's answer or the conclusion of thirty days, the inquiry panel may conduct a further investigation that may be made by one or more members of the inquiry panel, one or more nurses who are not members of the board, a member of the staff of the board, a professional investigator, or any other person or organization as the inquiry panel directs. Any such investigation shall be entirely informal.

(b) The board shall cause an investigation to be made when the board is informed of:

(I) Disciplinary action taken by an employer of a nurse against the nurse or resignation in lieu of a disciplinary action for conduct that constitutes grounds for discipline under section 12-38-117 or 12-42-113. Such employer shall report such disciplinary action or resignation to the board.

(II) An instance of a malpractice settlement or judgment against a nurse;

(III) A nurse who has not timely renewed his or her license and the nurse is actively engaged in the practice of nursing.

(c) On completion of an investigation, the inquiry panel shall make a finding that:

(I) The complaint is without merit and no further action need be taken;

(II) There is no reasonable cause to warrant further action on the complaint;

(III) An instance of conduct occurred that does not warrant formal action by the board and that should be dismissed, but that indications of possible conduct by the nurse were noted that could lead to serious consequences if not corrected. In such a case, a confidential letter of concern shall be sent to the nurse against whom the complaint was made.

(IV) (A) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(B) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(C) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(V) (A) Facts were disclosed that warrant further proceedings by formal complaint, as provided in subsection (4) of this section, and that the complaint should be referred to the attorney general for preparation and filing of a formal complaint.

(B) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(4) (a) All formal complaints shall be heard and determined in accordance with paragraph (b) of this subsection (4) and section 24-4-105, C.R.S. Except as provided in subsection (1) of this section, all formal hearings shall be conducted by the hearings panel. The nurse may be present in person or represented by counsel, or both, if so desired, to offer evidence and be heard in the nurse's own defense. At formal hearings, the witnesses shall be sworn and a complete record shall be made of all proceedings and testimony.

(b) Except as provided in subsection (1) of this section, an administrative law judge shall preside at the hearing and shall advise the hearings panel on all such legal matters in connection with the hearing as the panel may request. The administrative law judge shall provide such advice or assistance as the hearings panel may request in connection with the preparation of its findings and recommendations or conclusions. Such administrative law judge shall have the authority to administer oaths and affirmations, sign and issue subpoenas, and perform such other duties as the hearings panel may authorize the administrative law judge to perform. Such administrative law judge shall have the qualifications provided in section 24-30-1003 (2), C.R.S.

(c) (I) To warrant a finding of grounds for discipline, the charges shall be established as specified in section 24-4-105 (7), C.R.S. Except as provided in subsection (1) of this section, the hearings panel shall make a report of its findings and conclusions that, when approved by a majority of those members of the hearings panel who have conducted the hearing pursuant to paragraphs (a) and (b) of this subsection (4), shall be the action of the board.

(II) If it is found that the charges are unproven, the hearings panel, or an administrative law judge sitting in lieu of the hearings panel pursuant to subsection (1) of this section, shall enter an order dismissing the complaint.

(III) If the hearings panel finds the charges proven and orders that discipline be imposed, it shall also determine the extent of such discipline, which may be in the form of a letter of admonition regarding a license or suspension for a definite or indefinite period, revocation, or

nonrenewal of a license to practice. In addition to any other discipline that may be imposed pursuant to this section, the hearings panel may impose a fine of no less than two hundred fifty dollars but no more than one thousand dollars per violation on any nurse who violates this article or any rule adopted pursuant to this article. The board shall adopt rules establishing a fine structure and the circumstances under which fines may be imposed. All fines collected pursuant to this subparagraph (III) shall be transmitted to the state treasurer who shall credit the same to the general fund. In determining appropriate disciplinary action, the hearings panel shall first consider sanctions that are necessary to protect the public. Only after the panel has considered such sanctions shall it consider and order requirements designed to rehabilitate the nurse. If discipline other than revocation of a license to practice is imposed, the hearings panel may also order that the nurse be granted probation and allowed to continue to practice during the period of such probation. The hearings panel may also include in any disciplinary order that allows the nurse to continue to practice such conditions as the panel may deem appropriate to assure that the nurse is physically, mentally, and otherwise qualified to practice nursing in accordance with generally accepted standards of practice, including any of the following:

(A) Submission by the respondent to such examinations as the hearings panel may order to determine the respondent's physical or mental condition or the respondent's professional qualifications;

(B) The taking by the respondent of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by such examinations;

(C) The review or supervision of the respondent's practice of nursing as may be necessary to determine the quality of the respondent's practice of nursing and to correct deficiencies therein; or

(D) The imposition of restrictions upon the nature of the respondent's practice to assure that the respondent does not practice beyond the limits of the respondent's capabilities.

(IV) Upon the failure of the respondent to comply with any conditions imposed by the hearings panel pursuant to subparagraph (III) of this paragraph (c), the hearings panel may order revocation or suspension of the respondent's license to practice in this state until such time as the respondent complies with such conditions.

(V) In making any of the orders provided in subparagraphs (III) and (IV) of this paragraph (c), the hearings panel may take into consideration the respondent's prior disciplinary record. If the hearings panel does take into consideration any prior discipline of the respondent, its findings and recommendations shall so indicate.

(VI) In all cases of revocation, suspension, probation, or nonrenewal, the board shall enter in its records the facts of such revocation, suspension, probation, or nonrenewal and of any subsequent action of the board with respect thereto.

(d) The attorney general shall prosecute those charges that have been referred to the office of the attorney general by the inquiry panel pursuant to subparagraph (V) of paragraph (c) of subsection (3) of this section. The board may direct the attorney general to perfect an appeal.

(e) Any person whose license to practice nursing is revoked or who surrenders his or her license to avoid discipline shall not be eligible to apply for any license for two years after the date the license is revoked or surrendered. The two-year waiting period applies to any person whose license to practice nursing or any other health care occupation is revoked by any other legally qualified board.

(5) A majority of the members of the board, three members of the inquiry panel, or three members of the hearings panel shall constitute a quorum. The action of a majority of those present comprising such quorum shall be the action of the board, the inquiry panel, or the hearings panel.

(6) Upon the expiration of any term of suspension, the license shall be reinstated by the board if the board is furnished with evidence that the nurse has complied with all terms of the suspension. If such evidence shows the nurse has not complied with all terms of the suspension, the board may revoke or continue the suspension of the license at a hearing, notice of which and the procedure at which shall be as provided in this section.

(7) In case any nurse is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or part 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the mental incompetency or insanity is of such a degree that the nurse is incapable of continuing the practice of nursing, the nurse's license shall automatically be suspended by the board, and, notwithstanding any provision of this article to the contrary, such suspension shall continue until the nurse is found by such court to be competent to continue the practice of nursing.

(8) (a) If the board has reasonable cause to believe that a nurse is unable to practice nursing with reasonable skill and safety to patients because of a condition described in section 12-38-117 (1)(i) or (1)(j) or section 12-42-113 (1)(i) or (1)(j), it may require such nurse to submit to mental or physical examinations by a physician or other licensed health care professional designated by the board. If a nurse fails to submit to such mental or physical examinations, the board may suspend the nurse's license until the required examinations are conducted.

(b) Every nurse shall be deemed, by so practicing or by applying for renewal registration of such nurse's license, to have consented to submit to mental or physical examinations when directed in writing by the board. Further, such nurse shall be deemed to have waived all objections to the admissibility of the examining physician's or other licensed health care professional's testimony or examination reports on the ground of privileged communication. Subject to applicable federal law, such nurse shall be deemed to have waived all objections to the production of medical records to the board from health care providers that may be necessary for the evaluations described in paragraph (a) of this subsection (8). Nothing in this section shall prevent the nurse from submitting to the board testimony or examination reports of a physician or other licensed health care professional designated by the nurse to a condition described in paragraph (a) of this subsection (8) that may be considered by the board in conjunction with, but not in lieu of, testimony and examination reports of the physician or licensed health care professional designated by the board.

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the board and shall not be deemed a public record nor made available to the public.

(d) The board may require that a nurse submit medical records for review in conjunction with an investigation made pursuant to paragraph (a) of this subsection (8); except that such records shall remain confidential and shall be reviewed by the board only to the extent necessary to conduct an investigation.

(9) (a) Investigations, examinations, hearings, meetings, or any other proceedings of the board conducted pursuant to the provisions of this section shall be exempt from the open

meetings provisions of the "Colorado Sunshine Act of 1972" contained in part 4 of article 6 of title 24, C.R.S., requiring that proceedings of the board be conducted publicly, and the open records provisions of article 72 of title 24, C.R.S., requiring that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this section be open to public inspection.

(b) Notwithstanding the exemptions in paragraph (a) of this subsection (9), records of disciplinary action taken by the board pursuant to this section shall be open to public inspection pursuant to the open records provisions of article 72 of title 24, C.R.S.

(10) A physician or other licensed health care professional who, at the request of the board, examines a nurse shall be immune from suit for damages by the nurse examined if the examining physician or examining licensed health care professional conducted the examination and made findings or a diagnosis in good faith.

(11) All investigations completed or in progress pursuant to section 12-38-117 or 12-42-113, as said sections existed on June 30, 1999, including those cases that have been referred to hearing, are before an administrative law judge, or are awaiting final disposition by the board, shall be referred to a panel of the board by the director of the division of professions and occupations for final adjudication. All actions taken and decisions rendered by the board prior to July 1, 1999, are hereby ratified.

(12) Final board action may be judicially reviewed in the court of appeals, and judicial proceedings for the enforcement of a board order may be instituted in accordance with section 24-4-106, C.R.S.

(13) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board including, but not limited to, hospital and physician records. Upon certification of the custodian that the copies are true and complete except for the patient's name, the copies shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian or the custodian's authorized employee for furnishing or using such copies in accordance with this subsection (13).

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(14) Any member of the board or the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as

board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any liability, civil or criminal, that otherwise might result by reason of such participation.

(15) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee or registrant is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required license or registration, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (15), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(16) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed or unregistered practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (16) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (16). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (16) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or registration, or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued, directing such person to cease and desist from further unlawful acts or unlicensed or unregistered practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (16), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom such order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(17) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed or unregistered act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(18) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(19) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in subsection (12) of this section.

12-38-118. Withholding or denial of license - hearing. (1) (a) The board is empowered to determine summarily whether an applicant for a license or a temporary license to practice as a nurse possesses the qualifications required by this article, whether there is probable cause to believe that an applicant has done any of the acts set forth in section 12-38-117 as grounds for discipline, or whether the applicant has had a license to practice nursing or any other health care occupation revoked by any legally authorized board.

(b) As used in this section:

(I) "Applicant" includes a nurse seeking reinstatement or reactivation of a license pursuant to section 12-38-118.5, but does not include a renewal applicant.

(II) "Legally authorized board" means a board created pursuant to the laws of this state or of another state for the purpose of licensing or otherwise authorizing a person to engage in a health care occupation. The term includes any governmental entity charged with licensing or other oversight of persons engaged in a health care occupation.

(2) (a) (I) If the board determines that an applicant does not possess the qualifications required by this article, that probable cause exists to believe that an applicant has done any of the acts set forth in section 12-38-117, or that the applicant has had a nursing or other health care occupation license revoked by another legally authorized board, the board may withhold or deny the applicant a license.

(II) The board may refuse to issue a license or temporary license to practice as a nurse to any applicant during the time the applicant's license is under suspension in another state.

(III) The board may refuse to issue a license or may grant a license subject to terms of probation if the board determines that an applicant for a license has not actively practiced practical or professional nursing, or has not otherwise maintained continued competency, as

determined by the board, during the two years immediately preceding the application for licensure under this article.

(b) If the board refuses to issue a license to an applicant pursuant to paragraph (a) of this subsection (2), the provisions of section 24-4-104 (9), C.R.S., shall apply. Upon such refusal, the board shall provide the applicant with a statement in writing setting forth the following:

(I) The basis of the board's determination that the applicant:

(A) Does not possess the qualifications required by this article;

(B) Has had a nursing or other health care occupation license revoked or suspended by another legally authorized board; or

(C) Has not actively practiced practical or professional nursing, or has not maintained continued competency, during the previous two years; or

(II) The factual basis for probable cause that the applicant has done any of the acts set forth in section 12-38-117.

(c) If the board refuses to issue a license to an applicant on the grounds that the applicant's nursing or other health care occupation license was revoked by another legally authorized board, the board may require the applicant to pass a written examination as provided in section 12-38-110, as a prerequisite to licensure. The applicant shall not be allowed to take the written examination until at least two years after the revocation of the nursing or other health care occupation license.

(3) If the applicant requests a hearing pursuant to the provisions of section 24-4-104 (9), C.R.S., and fails to appear without good cause at such hearing, the board may affirm its prior action of withholding or denial without conducting a hearing.

(4) Following a hearing, the board shall affirm, modify, or reverse its prior action in accordance with its findings at such hearing.

(5) No action shall lie against the board for the withholding or denial of a license or temporary license without a hearing in accordance with the provisions of this section if the board acted reasonably and in good faith.

(6) (a) At the hearing, the applicant shall have the burden of proof to show that:

(I) The applicant possesses the qualifications required for licensure under this article;

(II) The applicant's nursing or other health care occupation license was not revoked by another legally authorized board; or

(III) The applicant has actively practiced practical or professional nursing, or has maintained continued competency, during the two years prior to application for a license under this article.

(b) The board shall have the burden of proof to show commission of acts set forth in section 12-38-117.

12-38-118.5. Inactive license status - reactivation. (1) A nurse licensed pursuant to section 12-38-111 or 12-38-112 may request that the board place his or her license on inactive status. Such request shall be made in the form and manner designated by the board.

(2) A nurse requesting inactive license status shall provide an affidavit or other document required by the board certifying that, immediately upon the conferral of inactive status, the nurse shall not practice nursing in the state unless and until the nurse's license is reactivated pursuant to subsection (6) of this section.

(3) Upon receiving the documentation pursuant to subsection (2) of this section, the board shall approve a request for inactive license status. However, the board may deny such a request if the board has probable cause to believe that the requesting nurse has committed any of the acts set forth in section 12-38-117.

(4) A license on inactive status shall constitute a single state license issued by Colorado and without multistate licensure privilege pursuant to part 32 of article 60 of title 24, C.R.S.

(5) A nurse with a license on inactive status is not authorized to practice nursing in Colorado. Any nurse practicing nursing while his or her license is inactive shall be subject to disciplinary action pursuant to section 12-38-116.5 and criminal penalties pursuant to section 12-38-123.

(6) (a) A nurse with a license on inactive status who wishes to resume the practice of nursing shall file an application in the form and manner designated by the board and pay the license reactivation fees established pursuant to section 12-38-108. The board shall reactivate such license unless paragraph (b) of this subsection (6) applies.

(b) The board shall deny an application for reactivation of an inactive license:

It is declared to be the policy of the state of Colorado that, in order to safeguard life, health, property, and the public welfare of the people of the state of Colorado, and in order to protect the people of the state of Colorado against unauthorized, unqualified, and improper application of services by nurse aides in a medical facility, it is necessary that a proper regulatory authority be established. 12-38.1-112. Withholding or denial of certification. (1) If the board determines that an applicant for an initial certificate to practice as a nurse aide does not possess the qualifications specified in section 12-38.1-105 or 12-38.1-106, that section 12-38.1-111 (1)(n) is applicable, or that there is reasonable cause to believe that the applicant has committed any of the acts set forth in section 12-38.1-111 as grounds for discipline, it may deny the applicant a certificate. When the board denies a certificate, it shall comply with the following procedures:

(a) The provisions of section 24-4-104, C.R.S., shall apply, and the board shall provide the applicant with a written statement that sets forth the basis for the board's determination.

(b) If the applicant requests a hearing pursuant to section 24-4-104 (9), C.R.S., the following shall apply:

(I) An applicant whose certification has been denied on the basis of a lack of qualifications has the burden of proof to show that he possesses the qualifications required under this article.

(II) For an applicant whose certification has been denied on the basis of reasonable cause to believe that grounds for discipline exist, the board has the burden of proof to show the commission of acts constituting grounds for discipline under this article.

(c) If a hearing is conducted, the board shall affirm, modify, or reverse its prior determination and action in accordance with the findings resulting from such hearing.

(d) If an applicant who has requested a hearing pursuant to section 24-4-104 (9), C.R.S., fails to appear at such hearing, absent a determination by the board that there was good cause for such failure to appear, the board may affirm its prior action of withholding certification without conducting a hearing on the matter.

(e) If the board withholds certification without a hearing in accordance with the provisions of this section, it shall be immune from suit concerning such withholding unless it has acted unreasonably or has failed to act in good faith.

12-38.1-113. Mental and physical competency of nurse aides. (1) If a certified nurse aide is determined by a court of competent jurisdiction to have a mental health disorder, the board shall automatically suspend his or her certification, and the suspension must continue until the certified nurse aide is determined by the court to be restored to competency; duly discharged as restored to competency; or otherwise determined to be competent in any other manner provided by law.

(2) (a) If the board has reasonable cause to believe that a certified nurse aide's physical or mental health has resulted in the nurse aide being unable to practice with reasonable skill or that the practice of the nurse aide is a threat to the safety of his or her patients, the board may require the nurse aide to submit to a mental or physical examination by a physician or other licensed health care provider designated by the board.

(b) If a nurse aide fails to submit to a mental or physical examination, the board may suspend the nurse aide's certification until the required examination or examinations are conducted.

(3) Every person who applies to the board for certification as a nurse aide shall be deemed by virtue of such application to have given his consent to undergo a physical or mental examination at any time if the board so requests. Any request by the board to a nurse aide to submit to such an examination shall be in writing and shall contain the basis upon which the board determined that reasonable cause to believe the condition specified in paragraph (a) of subsection (2) of this section exists.

(4) A certified nurse aide who has been requested to submit to a physical or mental examination may provide the board with information concerning his or her physical or mental health from a physician of the nurse aide's own choice. The board may consider such information in conjunction with, but not in lieu of, testimony and information provided by the physician designated by the board to examine the nurse aide.

(5) The results of any mental or physical examination requested by the board pursuant to this section shall not be used as evidence in any proceeding except a proceeding conducted pursuant to this article. The results of such examination shall not be deemed to be public records and shall not be made available to the public.

12-38.1-114. Disciplinary proceedings - hearing officers. (1) The board, through the department of regulatory agencies, may employ hearing officers to conduct hearings as provided by this article or to conduct hearings on any matter within the board's jurisdiction, upon such conditions and terms as the board determines to be appropriate.

(2) A proceeding for discipline of a certified nurse aide may be commenced when the board has reasonable grounds to believe that a nurse aide certified by the board has committed acts which may violate the provisions of this article.

(3) The license of a person certified by the board as a nurse aide may be revoked or such person may otherwise be disciplined upon written findings by the board that the licensee has committed acts that violate the provisions of this article.

(4) Any certified nurse aide disciplined under subsection (3) of this section shall be notified by the board, by a certified letter to the most recent address provided to the board by the certified nurse aide, no later than thirty days following the date of the board's action, of the action taken, the specific charges giving rise to the action, and the certified nurse aide's right to request a hearing on the action taken.

(5) (a) Within thirty days after notification is sent by the board, the certified nurse aide may file a written request with the board for a hearing on the action taken. Upon receipt of the request the board shall grant a hearing to the certified nurse aide. If the certified nurse aide fails

to file a written request for a hearing within thirty days, the action of the board shall be final on that date.

(b) (Deleted by amendment, L. 93, p. 1747, § 7, effective July 1, 1993.)

(6) The attendance of witnesses and the production of books, patient records, papers, and other pertinent documents at the hearing may be summoned by subpoenas issued by the board, which shall be served in the manner provided by the Colorado rules of civil procedure for service of subpoenas.

(7) Disciplinary proceedings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to said article by the board or a hearing officer at the board's discretion.

(8) Failure of the certified aide to appear at the hearing without good cause shall be deemed a withdrawal of his or her request for a hearing, and the board's action shall be final on that date. Failure, without good cause, of the board to appear at the hearing shall be deemed cause to dismiss the proceeding.

(9) (a) No previously issued certificate to engage in practice as a nurse aide shall be revoked or suspended except under the procedure set forth in this section, except in emergency situations as provided by section 24-4-104, C.R.S.

(b) The denial of an application to renew an existing certificate shall be treated in all respects as a revocation.

(10) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing documents shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but the patient shall be identified by a numbered code to be retained by the custodian of the records from which the copies were made. Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian or the custodian's authorized employee for furnishing or using such copies in accordance with this subsection (10).

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(10.5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the certificate

holder that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the certificate holder.

(11) Any member of the board, any member of the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any criminal or civil liability that otherwise might result by reason of such participation.

(12) An employer of a nurse aide shall report to the board any disciplinary action taken against the nurse aide or any resignation in lieu of a disciplinary action for conduct which constitutes a violation of this article.

(13) Except when a decision to proceed with a disciplinary action has been agreed upon by a majority of the board or its designee and notice of formal complaint is drafted and served on the licensee by first-class mail, any investigations, examinations, hearings, meetings, or any other proceedings of the board related to discipline that are conducted pursuant to the provisions of this section shall be exempt from the open records provisions of article 72 of title 24, C.R.S., requiring that the proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this section be open to public inspection.

(14) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a certificate holder is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required certificate, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or uncertified practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (14), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(15) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or uncertified practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against

whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (15) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (15). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (15) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required certificate, or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued, directing such person to cease and desist from further unlawful acts or uncertified practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (15), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(16) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any uncertified act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(17) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(18) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-38.1-116.

(2) Following the initiation of an investigation or hearing and upon a finding that to conduct such an investigation or hearing would not be in the public interest, the board may allow a certified nurse aide to surrender his certificate to practice.

(3) The board shall not issue a certificate to a former holder of a certificate whose certificate has been denied, revoked, or surrendered unless a two-year waiting period has passed since the date of the surrender and the applicant has met the requirements of this article, has successfully repeated an approved education program, and has repeated and passed a competency evaluation.

All the members of the board shall be residents of this state.

(2) (a) The governor shall make appointments to the board. In making an appointment to fill a vacancy on the board in the position of, or to fill the remainder of an unexpired term for, a nursing home administrator who is from nonprofit facility administration, as required by subparagraph (I) of paragraph (a) of subsection (1) of this section, if the governor, after a good-faith attempt, is unable to find a nursing home administrator candidate who comes from nonprofit facility administration to fill the vacancy or complete the unexpired term, the governor may appoint any qualified nursing home administrator to complete the unexpired term or fill the vacancy in that board position. If the appointment is to fill a vacancy, the board member may serve the full term and is eligible for appointment for a second term.

(b) The governor may remove any board member for negligence, incompetency, unprofessional conduct, or willful misconduct. Actions constituting neglect of duty include but are not limited to three unexcused absences from scheduled meetings in any one calendar year. The governor shall fill a vacancy in the membership of the board for the remainder of the unexpired term. A member who is a practicing nursing home administrator or long-term care professional shall serve for a full term only if, during such term, such member is actively employed as a practicing member of his or her profession without a lapse of employment greater than one hundred twenty days.

(3) The board shall elect annually from its membership a chair and vice-chair. The board shall hold two or more meetings each year. At any meeting a majority shall constitute a quorum.

(4) The board shall exercise its powers and perform its duties and functions specified by this article under the department of regulatory agencies and the executive director thereof and the division of professions and occupations as if the same were transferred to the department by a **type 1** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of title 24, C.R.S.

(5) The director of the division of professions and occupations in the department of regulatory agencies may appoint, subject to section 13 of article XII of the state constitution, a program director to the board. The program director shall not be a member of the board, but shall have such powers and shall perform such duties as are prescribed by law and the rules of the board. Additional staff may be appointed by the director of the division of professions and occupations to adequately assist the board and the program director in keeping records and in the performance of their duties. These employees, if any, shall be appointed and serve in accordance with section 13 of article XII of the state constitution.

12-39-105. Powers and duties of the board - rules. (1) (a) The board has the following powers and duties:

(I) (A) To adopt rules defining standards of nursing home administration, including the responsibilities and duties of nursing home administrators, consistent with this article. The standards established in the rules shall be met by individuals in order to receive and retain a license and shall be designed to ensure that nursing home administrators are qualified by education and training in the appropriate field to serve as nursing home administrators.

(B) To develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards;

(II) To issue licenses to individuals determined, after application of such techniques, to meet such standards specified in subparagraph (I) of this paragraph (a);

(III) To revoke, suspend, withhold, or refuse to renew any license previously issued by the board, to place a licensee or temporary license holder on probation, or to issue a letter of admonition to a licensee in accordance with section 12-39-111 (3) in any case where the individual holding any such license is determined to have failed to conform to the standards developed pursuant to subparagraph (I) of this paragraph (a) or to have committed an act that constitutes grounds for discipline as set forth in section 12-39-111;

(IV) To establish and carry out procedures designed to ensure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards specified in subparagraph (I) of this paragraph (a);

(V) To conduct investigations, hold hearings, and take evidence in all matters relating to the exercise and performance of the powers and duties vested in the board and, in connection with any investigation following the filing of a signed complaint, an investigation initiated by the board, or any hearing, to administer oaths and issue subpoenas compelling the attendance and testimony of witnesses and the production of books, papers, or records relevant to an investigation or hearing;

(VI) (Deleted by amendment, L. 2009, (SB 09-169), ch. 225, p. 1023, § 6, effective May 4, 2009.)

(b) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing documents shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the resident, but shall identify the resident by a numbered code, to be retained by the custodian of the records from which the copies were made. Upon certification of the custodian that the copies are true and complete except for the resident's name, they shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to the copies, and no liability shall lie against the board, the custodian, or the custodian's authorized employee for furnishing or using the copies in accordance with this subsection (1).

(c) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(2) Repealed.

(3) (a) The board shall develop rules, with input from long-term care facility provider associations, the department of public health and environment, the office of the state attorney general, and consumer representatives, concerning factors to be considered in determining performance that fails to meet generally accepted standards for nursing home administrators and whether or not remedial or disciplinary actions are warranted. The board may create an advisory committee to assist the board in developing standards that describe the responsibilities and duties of nursing home administrators.

(b) If after an investigation the board determines that there are reasonable grounds to believe that the performance of a licensed administrator is inconsistent with the health or safety of residents in the care of the facility in which the administrator works and is contrary to standards adopted by the board, the board may initiate disciplinary action as may be warranted.

(4) The board shall have the authority to make rules consistent with law as may be necessary for the proper performance of its duties and to take such other actions as may be necessary to enable the state to meet the requirements set forth in section 1908 of the federal

"Social Security Act", the federal rules promulgated thereunder, and other pertinent federal requirements.

12-39-111. Grounds for discipline. (1) The board has the power to revoke, suspend, withhold, or refuse to renew any license, to place on probation a licensee or temporary license

holder, or to issue a letter of admonition to a licensee in accordance with the procedures set forth in subsection (3) of this section, upon proof that the person:

(a) Has procured or attempted to procure a license by fraud, deceit, misrepresentation, misleading omission, or material misstatement of fact;

(b) Has been convicted of a felony or pled guilty or nolo contendere to a felony. A certified copy of the judgment of conviction by a court of competent jurisdiction shall be prima facie evidence of such conviction. In considering a possible revocation, suspension, or nonrenewal of a license or temporary license the board shall be governed by the provisions of section 24-5-101, C.R.S.

(c) Has had a license to practice nursing home administration or any other health care occupation suspended or revoked in any jurisdiction. A certified copy of the order of suspension or revocation shall be prima facie evidence of such suspension or revocation.

(d) Has violated or aided or abetted a violation of any provision of this article, any rule or regulation adopted under this article, or any lawful order of the board;

(e) Has committed or engaged in any act or omission which fails to meet generally accepted standards for such nursing home administration practice or licensure;

(f) Has falsified or made incorrect entries or failed to make essential entries on resident records;

(g) Has an alcohol use disorder, as defined in section 27-81-102, or a substance use disorder, as defined in section 27-82-102, abuses or engages in the habitual or excessive use of any such habit-forming drug or any controlled substance as defined in section 18-18-102 (5), or participates in the unlawful use of controlled substances as specified in section 18-18-404; except that the board has the discretion not to discipline the licensee if such person is participating, in good faith, in a substance use disorder treatment program approved by the board;

(h) Has a physical disability or an intellectual and developmental disability that renders the licensee unable to practice nursing home administration with reasonable skill and safety to the residents and that may endanger the health or safety of persons under the licensee's care;

(j) Has violated section 18-13-119, C.R.S., concerning the abuse of health insurance;

(o) Has sold, fraudulently obtained, or furnished a license to practice as a nursing home administrator, or has aided or abetted therein.

(3) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(b) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(c) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(4) If the board finds the charges proven and orders that discipline be imposed, it may also require the licensee to participate in a treatment program or course of training or education as a requirement for reinstatement as may be needed to correct any deficiency found in the hearing.

(5) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

12-39-112. Withholding or denial of license - hearing. The board has the authority, pursuant to article 4 of title 24, C.R.S., to determine whether an applicant for a license or a temporary license to practice as a nursing home administrator possesses the qualifications required by this article, or whether there are reasonable grounds to believe that such applicant has done any of the acts set forth in section 12-39-111 as grounds for discipline. As used in this section, "applicant" does not include a person seeking the renewal of a license.

12-39-113. Mental and physical examination of licensees. (1) (a) If the board has reasonable grounds to believe that a licensee or temporary license holder is unable to practice with reasonable skill and safety to residents because of a condition described in section 12-39-111 (1)(g) or (1)(h), it may require the person to submit to a mental or physical examination by a physician or other licensed health care professional it designates. Upon the failure of the person to submit to the mental or physical examination, unless due to circumstances beyond the person's control, the board may suspend the person's license until the person submits to the required examinations.

(b) Every licensee or temporary license holder by engaging in the practice of nursing home administration in this state or by applying for the renewal of a license or temporary license shall be deemed to have given consent to submit to a mental or physical examination when so directed in writing by the board. The direction to submit to such an examination shall contain the basis of the board's reasonable grounds to believe that the licensee is unable to practice with reasonable skill and safety to residents because of a condition described in section 12-39-111 (1)(g) or (1)(h). The licensee shall be deemed to have waived all objections to the admissibility of the examining physician's or other licensed health care professional's testimony or examination reports on the ground of privileged communication.

(2) Nothing in this section shall prevent the licensee from submitting testimony or examination reports of a physician or other licensed health care professional designated by the licensee that pertains to a condition described in section 12-39-111 (1)(g) or (1)(h) that may be considered by the board in conjunction with, but not in lieu of, testimony and examination reports of the physician or other licensed health care professional designated by the board.

(3) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than one before the board and shall not be deemed public records nor made available to the public.

12-39-114. Disciplinary proceedings - administrative law judge - judicial review. (1) The board, through the department of regulatory agencies, has the authority to designate an administrative law judge to conduct hearings on any matter within the board's jurisdiction. Any designated administrative law judge shall have the powers and duties set forth in article 4 of title 24, C.R.S., and shall be appointed pursuant to part 10 of article 30 of title 24, C.R.S.

(2) Disciplinary proceedings may be commenced when the board has reasonable grounds to believe that a licensee under the board's jurisdiction has committed acts in violation of section 12-39-111.

(3) Disciplinary proceedings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to said article by the board or an administrative law judge, at the board's discretion.

(4) No previously issued license to engage in the practice of nursing home administration shall be revoked or suspended until a hearing has been conducted pursuant to section 24-4-105, C.R.S., or, for emergency situations, pursuant to section 24-4-104 (4), C.R.S. The denial of an application to renew an existing license shall be treated in all respects as a revocation.

(5) Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any liability, civil or criminal, that otherwise might result by reason of such action.

(6) Complaints, investigations, hearings, meetings, or any other proceedings of the board conducted pursuant to the provisions of this article 39 and relating to disciplinary proceedings are exempt from the provision of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this article 39 be open to public inspection; except that this exemption applies only when the board, or an administrative law judge acting on behalf of the board, specifically determines that it is in the best interest of a complainant or other recipient of services to keep such proceedings or documents relating thereto closed to the public, or if the licensee is violating section 12-39-111 (1)(g), participating in good faith in a substance use disorder treatment program approved by the board or designed by the board to end any addiction or dependency specified in said section, and the licensee has not violated any provisions of the board order regarding participation in such a treatment program. If the board determines that it is in the best interest of a complainant or other recipient of services to keep such proceedings or documents relating thereto closed to the public, then the final action of the board is open to the public without disclosing the name of the client or other recipient. Final board actions and orders appropriate for judicial review may be judicially reviewed in the court of appeals in accordance with section 24-4-106 (11).

(7) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(2) If a professional review committee is established pursuant to subsection (1) of this section to investigate the quality of care being given by a person licensed pursuant to this article, such committee shall include in its membership at least three persons licensed in the same

The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (2). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license, or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued, directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom such order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-39-114 (6).

12-40-118.5. Mental and physical examination of licensees. (1) If the board has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety, the board may require the licensee to submit to a mental or physical examination by a physician or qualified health care provider designated by the board. If the licensee refuses to undergo a mental or physical examination, unless due to circumstances beyond the licensee's control, the board may suspend the licensee's license until an examination has occurred, the results of the examination are known, and the board has made a determination of the licensee's fitness to practice. The board shall proceed with the order for examination and the determination in a timely manner.

(2) An order to a licensee pursuant to subsection (1) of this section to undergo a mental or physical examination shall contain the basis of the board's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For the purposes of any

disciplinary proceeding authorized under this article, the licensee shall be deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the board testimony or examination reports from a physician chosen by such licensee and pertaining to any condition which the board has alleged may preclude the licensee from practicing with reasonable skill and safety. These may be considered by the board in conjunction with, but not in lieu of, testimony and examination reports of the physician designated by the board.

(4) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than one before the board and shall not be deemed public records nor made available to the public.

(5) (a) The board may enter into an agreement with an optometrist whose practice is or may be affected by a physical illness, a physical condition, or a behavioral or mental health disorder that renders the optometrist unable to treat with reasonable skill and safety or that may endanger the health and safety of persons under the care of any optometrist if:

(I) The board believes that one or more limitations of the optometrist's practice would both enable the optometrist to treat with reasonable skill and safety and would protect the health and safety of persons under the care of the optometrist; and

(II) The optometrist enters into an enforceable agreement with the board to so limit the optometrist's practice.

(b) An agreement entered into pursuant to this subsection (5):

(I) Is confidential and not subject to disclosure pursuant to the "Colorado Open Records Act", part 2 of article 72 of title 24, C.R.S.; and

(II) May include provisions for monitoring and reevaluation of the optometrist. The parties may modify or dissolve the agreement as necessary based on the results of the monitoring or reevaluation.

(c) The board may require the licensee to submit to an examination pursuant to this section to evaluate the extent of the physical illness, the physical condition, or the behavioral or mental health disorder and its impact on the licensee's ability to practice with reasonable skill and with safety to patients.

(d) By entering into an agreement with the board pursuant to this section to limit his or her practice, the licensee is not engaging in unprofessional conduct. The agreement is an administrative action and does not constitute a restriction or discipline by the board. However, if the licensee fails to comply with an agreement entered into pursuant to this section, the failure constitutes unprofessional conduct pursuant to section 12-40-118 and the licensee becomes subject to discipline in accordance with section 12-40-119.

(e) For purposes of this subsection (5), "physical illness, physical condition, or behavioral or mental health disorder" does not include the habitual or excessive use or abuse of alcohol, a habit-forming drug, or any controlled substance as defined in section 18-18-102 (5).

12-40-119. Revocation, suspension, supervision, probation procedure - professional review - reconsideration and review of action by board - rules. (1) (a) With respect to licenses issued pursuant to this article, the board may:

(I) Impose probation, with or without supervision, on a licensee, issue a letter of admonition to a licensee, or suspend, revoke, or refuse to renew any license provided for by this article for any reason stated in section 12-40-118 or for violating any term of probation of the board;

(II) Summarily suspend a license upon the failure of the licensee to comply with any condition of a stipulation or order imposed by the board until the licensee complies with the condition, unless compliance is beyond the control of the licensee; and

(III) Impose a fine not to exceed five thousand dollars on a licensee for a violation of this article or a rule promulgated pursuant to this article other than a violation related to a standard of practice. The board shall, by rule, promulgate a fining schedule with lesser amounts for first violations and increasing amounts for subsequent violations of this subparagraph (III).

(b) Upon its own motion or upon a signed complaint, an investigation may be made if there is reasonable cause to believe that an optometrist licensed by the board has committed an act of unprofessional conduct pursuant to section 12-40-118 or, while under probation, has violated the terms of the probation.

(c) If a licensee requests a hearing to dispute formal board action or if the board finds such probability great and a hearing is conducted, such hearing shall be conducted in accordance with the provisions of section 24-4-105, C.R.S.

(d) The board may revoke, suspend, deny, issue, reissue, or reinstate licenses granted pursuant to this article or under the previous laws of this state, and the board may take such other intermediate action as may be deemed necessary under the circumstances of each case pursuant to this section.

(2) (a) to (c) Repealed.

(d) The hearing shall be conducted in accordance with the provisions of section 24-4-105, C.R.S.; except that the board may use an administrative law judge, who shall perform all of those functions indicated in section 24-4-105 (4), C.R.S.

(e) The action of the board in refusing to grant or renew, revoking, or suspending a license, issuing a letter of admonition, or placing a licensee on probation or under supervision pursuant to subsection (1) of this section may be reviewed by the court of appeals by appropriate proceedings under section 24-4-106 (11), C.R.S.

(f) (I) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(II) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(III) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(2.1) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be dismissed, but the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(2.3) No person whose license is revoked by the board may reapply for a new license under the provisions of this article for at least two years after any such revocation.

(2.5) Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this section shall be immune from any liability, civil or criminal, that otherwise might result by reason of such action.

(3) (a) Repealed.

(b) Any member of the board or of a professional review committee authorized by the board, any member of the board's or committee's staff, any person acting as a witness or consultant to the board or committee, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board or committee member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any civil or criminal liability that may result from such participation.

(4) (a) The board, on its own motion or upon application, at any time after the refusal to grant a license, the imposition of any discipline, or the ordering of probation, as provided in this section, may reconsider its prior action and grant, reinstate, or restore such license, terminate probation, or reduce the severity of its prior disciplinary action. The taking of any such further action, or the holding of a hearing with respect thereto, rests in the sole discretion of the board.

(b) Upon the receipt of such application, it may be forwarded to the attorney general for such investigation as may be deemed necessary. The proceedings shall be governed by the applicable provisions governing formal hearings in disciplinary proceedings. The attorney general may present evidence bearing upon the matters in issue, and the burden shall be upon the applicant seeking reinstatement to establish the averments of the application as specified in section 24-4-105 (7), C.R.S. No application for reinstatement or for modification of a prior order shall be accepted unless the applicant deposits with the board all amounts unpaid under any prior order of the board.

(5) Upon dismissal of a complaint, which has gone to hearing, the board shall notify the complainant that he or she may receive a copy of the investigation report and the response of the optometrist or other person alleged to have violated the act upon payment of costs of copying and mailing such information.

(6) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(7) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (7), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(8) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (8) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (8). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (8) and such other evidence related to the matter as the board deems appropriate. The board shall issue such order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued, directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (8), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been

issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued, and shall be a final order for purposes of judicial review.

(9) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(10) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(11) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order in a court of competent jurisdiction.

(4) Nothing in this section shall be deemed to diminish or change the obligation of each person employed by the corporation and licensed to practice optometry in this state to conduct his practice in accordance with the standards of professional conduct provided for in this article; any person licensed by the board to practice optometry who by act or omission causes the corporation to act or fail to act in a way which violates such standards of professional conduct, including any provision of this section, shall be deemed personally responsible for such act or omission and shall be subject to discipline therefor.

(5) A professional service corporation may adopt a pension, profit-sharing (whether cash or deferred), health and accident insurance, or welfare plan for all or part of its employees including lay employees, if such plan does not require or result in the sharing of specific or identifiable fees with lay employees and if any payments made to lay employees, or into any such plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(b) Nothing in this section precludes or otherwise prohibits a licensed optometrist from rendering appropriate patient care on an occasional basis when the circumstances surrounding the need for such care so warrant.

(3) Each optometrist, as a condition of receiving and maintaining an active license to provide optometry services in this state, shall furnish the board evidence of compliance with subsection (1) of this section.
