Subject: NYCDOT-RLC/Speed Plans-- [OpenRecords] Request FOIL-2018-841-02430 Closed

Dave,

The following e-mail was from NYCDOT to Joshua Hotto. Josh is a colleague of mine who lives in NYC. It was Josh who submitted the FOIL. (In the past I have discovered that not being a resident of the State closes me off from receiving public information from that State. So when I want info from a State, I seek a friend living in that State and have him submit the FOIL. In was in this manner that I also received the California RLC plans with fugazi seal.)
