Dear Mr. Ceccarelli:

The Review Committee of the North Carolina Board of Examiners for Engineers and Surveyors recently met, at which time your complaint in the above-referenced matters was considered.

After a thorough review of all matters relating to the cases, the Review Committee recommended and the Board closed the cases. The Board's decision was based upon a lack of evidence of a violation of G.S. 89C. Therefore, the charges were deemed unfounded.

Accordingly, these cases are closed and all parties are being so informed. The Board appreciates your interest in these matters.

For the Board,

Andrew L. Ritter  
Executive Director
