Keith:

In response to your July 13, 2017, email requesting additional public records, attached are the submitted plans for the Red Light Monitoring Facilities. This is the initial submission by ATS. The plans have not yet been finalized. I can forward to you the final plans once they have been finalized.

Dave

Subject: additional public records request

Dave -

Thank you for your help with the earlier public records request. I write to make an additional request. I am seeking the following:

1. Any documents that show the signed and sealed traffic signal plans of record (that are sufficiently legible) for each of the following intersections dating from 2000 to today:
 - a. Charles Boulevard and 14th Street
 - b. Charles Boulevard and Fire Tower Road
 - c. Arlington Boulevard and Fire Tower Road

- d. Arlington Boulevard and Greenville Boulevard
- e. Arlington Boulevard and South Memorial Drive

2. Any documents that show the signed and sealed red light camera installation plans for each of the following intersections:

- a. Charles Boulevard and 14th Street
- b. Charles Boulevard and Fire Tower Road
- c. Arlington Boulevard and Fire Tower Road
- d. Arlington Boulevard and Greenville Boulevard
- e. Arlington Boulevard and South Memorial Drive

As before, it is not my intention to create an undue burden on city staff. I am willing to discuss logistics with you if needed.

Keith
